NOTICE TO PUBLIC

Function of a Public Hearing: A public hearing enables the public to present relevant information, opinions and arguments on proposed Commission and Design Review Board actions. A public hearing also informs the interested public about specific details of a proposal.

Speaker Registration: Persons wishing to speak on a particular item on the agenda shall file a speaker form with the Planning staff PRIOR to the Planning Commission’s and Design Review Board’s consideration of the item on the agenda. Once the discussion of the agenda item begins, no person shall be permitted to speak on the item other than those persons who have submitted their names to Planning staff. Your name will be called when the item is announced for discussion.

Consent Calendar: Items designated "CC" on the agenda will be considered immediately following the approval of minutes. No item that is being recommended by staff for denial will be placed on the Consent Calendar. CC items are considered routine and may be acted upon collectively by one motion adopting the Planning Department’s recommendation to approve, conditionally approve, or recommend approval to the City Council, unless a member of the public, the Commission, the Design Review Board or its staff asks to remove an item to discuss it. Such action on CC items shall be deemed to satisfy any public hearing requirement so long as no one wishes to speak on the item before the consent calendar is adopted by the Commission and Design Review Board. Before the Commission and Design Review Board votes on the consent calendar, the Chair will ask if any members of the public wish to remove any item from the consent calendar. If you wish to speak on an item marked “CC”, you should rise at this time and ask that the item be removed. The item will then be discussed later in the meeting in its numerical order on the agenda and you will have an opportunity to address the Commission and Design Review Board on the item at that time.
Public Hearing Procedure: (1) Chair opens the hearing; (2) City staff explains the application and presents a preliminary analysis; (3) Applicant speaks; (4) Proponents speak; (5) Opponents speak; (6) Applicant and proponents may rebut; (7) Opponents may also rebut; (8) City staff presents its summary and recommendations; (9) Commission and Design Review Board discussion; (10) Hearing is closed; (11) Commission and Design Review Board votes to approve, deny, approve in a modified form, postpone, or take the application under advisement; (12) Chair informs the audience of the Commission's and Design Review Board's action, outlines the appeal procedure, and indicates when this action becomes final. In the normal application, the initial speakers pro and con are limited to 10 minutes and all additional speakers have 3 minutes. Rebuttal is limited to one 2-minute speaker, pro and con. If there are 10 or more speakers who have signed speaker forms prior to the announcement of a normal application agenda item, each speaker, after the initial speaker, shall be limited to two (2) minutes. In non-application items, all speakers after the initial staff presentation have 5 minutes. If the Commission and Design Review Board find that it will not have sufficient time in which to complete the agenda, the Commission and Design Review Board may continue a portion of the agenda to a subsequent Commission and/or Design Review Board meeting and will attempt for the benefit of the public in attendance to do this at an early hour. If all items are not completed by 11:00 p.m., the Commission and Design Review Board will continue the remaining items to another meeting, unless time is extended by a two-thirds majority vote of the Commission and Design Review Board. In any event, it is the intention of the Planning Commission and Design Review Board to conclude all public meetings by midnight.

Zoning Legislative Hearings: Notice of hearings on proposed zoning ordinances or proposed amendments to zoning ordinances shall be given pursuant to California Government Code Section 65090 and, if the proposed ordinance or amendment affects the permitted uses of real property, notice shall also be given pursuant to California Government Code Section 65091.

Exhaustion of Remedies Requirement: If you challenge a decision on any of the items listed on this agenda in court, you may be limited to raising only those issues you or someone else raised at any public hearing(s) on the item challenged or in written correspondence delivered to the public entity conducting the hearing at, or prior to, the public hearing.

Notice of Agenda Review Session: A regular Planning Commission Agenda Review session is held at 6:30 p.m. on the Monday preceding the first-Thursday-of-the-month Planning Commission meeting in Planning Conference Room, 1401 Marina Way South, Richmond. NOTICE TO PUBLIC

Function of a Public Hearing: A public hearing enables the public to present relevant information, opinions and arguments on proposed Commission and Design Review Board actions. A public hearing also informs the interested public about specific details of a proposal.

Speaker Registration: Persons wishing to speak on a particular item on the agenda shall file a speaker form with the Planning staff PRIOR to the Planning Commission’s and Design Review Board’s consideration of the item on the agenda. Once the discussion of the agenda item begins, no person shall be permitted to speak on the item other than those persons who have submitted their names to Planning staff. Your name will be called when the item is announced for discussion.

Consent Calendar: Items designated "CC" on the agenda will be considered immediately following the approval of minutes. No item that is being recommended by staff for denial will be placed on the Consent Calendar. CC items are considered routine and may be acted upon collectively by one motion adopting the Planning Department’s recommendation to approve, conditionally approve, or recommend approval to the City Council, unless a member of the public, the Commission, the Design Review Board or its staff asks to remove an item to discuss it. Such action on CC items shall be deemed to satisfy any public hearing requirement so long as no one wishes to speak on the item before the consent calendar is adopted by the Commission and Design Review Board. Before the Commission and Design Review Board votes on the consent calendar, the Chair will ask if any members of the public wish to remove any item from the consent calendar. If you wish to speak on an item marked “CC”, you should rise at this time and ask that the item be removed. The item will then be discussed later in the meeting in its numerical order on the agenda and you will have an opportunity to address the Commission and Design Review Board on the item at that time.
Public Hearing Procedure: (1) Chair opens the hearing; (2) City staff explains the application and presents a preliminary analysis; (3) Applicant speaks; (4) Proponents speak; (5) Opponents speak; (6) Applicant and proponents may rebut; (7) Opponents may also rebut; (8) City staff presents its summary and recommendations; (9) Commission and Design Review Board discussion; (10) Hearing is closed; (11) Commission and Design Review Board votes to approve, deny, approve in a modified form, postpone, or take the application under advisement; (12) Chair informs the audience of the Commission's and Design Review Board's action, outlines the appeal procedure, and indicates when this action becomes final. In the normal application, the initial speakers pro and con are limited to 10 minutes and all additional speakers have 3 minutes. Rebuttal is limited to one 2-minute speaker, pro and con. If there are 10 or more speakers who have signed speaker forms prior to the announcement of a normal application agenda item, each speaker, after the initial speaker, shall be limited to two (2) minutes. In non-application items, all speakers after the initial staff presentation have 5 minutes. If the Commission and Design Review Board find that it will not have sufficient time in which to complete the agenda, the Commission and Design Review Board may continue a portion of the agenda to a subsequent Commission and/or Design Review Board meeting and will attempt for the benefit of the public in attendance to do this at an early hour. If all items are not completed by 11:00 p.m., the Commission and Design Review Board will continue the remaining items to another meeting, unless time is extended by a two-thirds majority vote of the Commission and Design Review Board. In any event, it is the intention of the Planning Commission and Design Review Board to conclude all public meetings by midnight.

Zoning Legislative Hearings: Notice of hearings on proposed zoning ordinances or proposed amendments to zoning ordinances shall be given pursuant to California Government Code Section 65090 and, if the proposed ordinance or amendment affects the permitted uses of real property, notice shall also be given pursuant to California Government Code Section 65091.

Exhaustion of Remedies Requirement: If you challenge a decision on any of the items listed on this agenda in court, you may be limited to raising only those issues you or someone else raised at any public hearing(s) on the item challenged or in written correspondence delivered to the public entity conducting the hearing at, or prior to, the public hearing.

Notice of Agenda Review Session: A regular Planning Commission Agenda Review session is held at 6:30 p.m. on the Monday preceding the first-Thursday-of-the-month Planning Commission meeting in Planning Conference Room, 1401 Marina Way South, Richmond. Its purpose is to provide Commissioners with the opportunity to preview upcoming regular meeting agenda items with Commission staff. No public testimony on the items reviewed will be taken until the formal public hearing 3 days later.

The Planning Commission's and Design Review Board's decision may be appealed by notifying the City Clerk, in writing, within 10 days of the Commission's and Design Review Board's decision, stating wherein the Planning Commission and Design Review board decision is in error.

PUBLIC HEARING INFORMATION

Function of a Public Hearing: A public hearing is intended to inform the public of proposals and to enable
members of the public to present relevant information and viewpoints before Design Review Board action.

Consent Calendar Items: In order to allow the Design Review Board to complete their reviews within the
time they have offered to serve, applications that are considered routine will be placed on the consent calendar
with a staff recommendation to approve, conditionally approve or to continue the item to the next meeting.
The Board may act in one motion to adopt the staff recommendations on those items. Before voting on the
consent calendar, the Chair will ask if any members of the public wish to speak on any of the items on the
consent calendar. If you wish to speak on an item on the consent calendar, you need to rise and request that it

(3) Applicant explains proposal for up to five minutes;
(4) Members of the Public wishing to speak have up to two minutes to express their viewpoint;
(5) Applicant may respond to specific allegations made for up to two minutes;

(7) Hearing is closed;
(8) City staff presents its summary and recommendations;
(9) The Board discusses the application and votes to approve, approve in modified form, continue or
deny the application or to make such a recommendation to the Planning Commission when the action
of the Planning Commission is also required;
(10) The Chair informs the audience of the Board’s action.

If all items are not completed by 9:00 pm, the items remaining will be continued to the next meeting unless
the Board votes to extend the meeting.

Appeals: Decisions of the Design Review Board may be appealed to the City Council within ten days.
Appeals are submitted to the City Clerk in writing and must state the reasons the action is considered to be in
error. An appeal fee of $150 must accompany the appeal. If action is required by the Planning Commission
on the proposal, the decision will be made by the Planning Commission in consideration of the Design
Review Board recommendation. Planning Commission decisions are also appealable to the City Council.

Exhaustion of Remedies Requirement: If you challenge a decision on any of the items listed on this agenda
