Function of a Public Hearing: A public hearing is intended to inform the public of proposals and to enable members of the public to present relevant information and viewpoints before Design Review Board action.

Agenda Order: At the discretion of the Board, items on the agenda may not be heard in the order they appear on the agenda.

Consent Calendar Items: In order to allow the Design Review Board to complete their reviews within the time they have offered to serve, applications that are considered routine will be placed on the consent calendar with a staff recommendation to approve, conditionally approve or to continue the item to the next meeting. The Board may act in one motion to adopt the staff recommendations on those items. Before voting on the consent calendar, the Chair will ask if any members of the public wish to speak on any of the items on the consent calendar. PUBLIC HEARING INFORMATION

Function of a Public Hearing: A public hearing is intended to inform the public of proposals and to enable members of the public to present relevant information and viewpoints before Design Review Board action.

Agenda Order: At the discretion of the Board, items on the agenda may not be heard in the order they appear on the agenda.

(9) The Board discusses the application and votes to approve, approve in modified form, continue or deny the application or to make such a recommendation to the Planning Commission when the action of the Planning Commission is also required;
(10) The Chair informs the audience of the Board’s action.

If all items are not completed by 9:00 pm, the items remaining will be continued to the next meeting unless the Board votes to extend the meeting.
