As used in this chapter, the following words shall have the following meanings:

(a) “Driver” means any person in charge of or operating any taxicab, either as agent, employee, or otherwise, under the direction of the owner, or as the owner. If driver also owns the taxicab, for purposes of this Chapter, driver is synonymous with Owner/Operator.

(b) “Owner” means the person, firm, partnership, or corporation that is the registered owner of a taxicab.

(c) “Permit” means a permit to operate a taxicab.

(d) “Taxicab” means an automobile or other motor-vehicle which is used in the transportation of passengers at rates per mile or for wait-time, or both over the public streets of the City and which is equipped with a taximeter by which the fare is mechanically tabulated. The word “taxicab” does not mean or include vehicles which are used to transport passengers for hire over a defined route or upon a fixed schedule.
(e) “Taximeter” means any instrument, appliance, device, or machine by which
the charge for hire of a passenger-carrying vehicle is mechanically calculated,
either for distance traveled or time consumed, or both, and which is regulated
by the Contra Costa County Sealer of Weights and Measures.

7.68.020 Owner’s Permit.

(a) It is unlawful to operate a taxicab in the City of Richmond unless the owner
applies for and obtains a permit to do so. The taxicab owner must apply for
and obtain a permit to operate the taxicab. The application for such owner’s
permit shall be filed with the Richmond Police Department and shall include
the following:

(1) The name and address of the owner/applicant;
(2) If the owner is a partnership, the names and addresses of all the
partners;
(3) If the Owner is a corporation, the names and addresses of all directors
and officers of the corporation and the names and addresses of all
shareholders owning more than twenty percent (20%) of the voting
stock of the corporation;
(4) The number of vehicles proposed to be operated and a complete
description of each vehicle including: Vehicle Identification Number
(VIN), manufacturer, model, year of manufacture, license number, and
passenger seating capacity;
(5) The date of birth, California Driver’s License Number, and home or
cell phone number of the owner;
(6) Color scheme and insignia and/or any other distinguishing
characteristics of the proposed vehicle(s);
(7) Payment of any required fees for operating a taxicab or taxicab
company;
(8) Such other information as the Richmond Police Department may
require, at its discretion.

(b) If an owner/applicant desires to be associated with another owner and use the
other owner’s colors, the applicant must also file a copy of the agreement in
which permission is granted to use said owner’s colors.

(c) The owner shall submit with the application a mechanical inspection certificate
for each taxicab’s signaling and lighting systems, steering, brakes, and tires. The
certificate shall indicate that the inspection had been conducted within fifteen
days of the filing date of such application at a State of California Approved
Inspection Station. Upon approval of the application and before operating any
public motor vehicle, the Owner shall submit proof of liability insurance as
specified in Section 7.68.040.

(d) The owner shall also submit a copy of the California Department of Motor
Vehicles (DMV) registration for each taxicab proposed to be operated. If the
owner is a corporation, the registration must indicate that the vehicles are
registered in the company name.

(e) Whenever there is a change of twenty percent (20%) or more of the ownership of
the business, or additional partners are added in a partnership agreement, the
owner must apply for a new owner’s permit. Violation of this section
automatically revokes the owner’s permit.

(f) The fictitious business name of the company under which the owner operates
shall be painted or decaled on the sides of the taxicab.

(g) An identification card, no less than four inches by six inches in size, shall be
conspicuously displayed in full passenger view in the taxicab and include: the
name of the owner or fictitious company name under which the owner operates,
the address and telephone number of the business, the owner’s identifying number
for such taxicab, and the rates of fare to be charged for the use of said taxicab.
Any addition to the number of taxicabs, or any substitution for a taxicab operated under the permit, shall require the submission of a new permit application outlining such changes and the following of the proceedings that may be required to obtain the original permit.

Any owner who sells or transfers a taxicab operating under a valid permit, shall notify the Police Chief of such action within ten (10) days of the sale or transfer. Failure to comply with this requirement shall be grounds for the revocation of the owner’s permit.

7.68.030 Police Chief’s Investigation.

(a) The Police Chief shall, within thirty days of the receipt of an application, report his findings to the owner with a recommendation of denial or temporary approval. After full review of the application materials, the report shall contain, but is not limited to, the following information: certification that all fees have been paid; certification that fingerprinting has been completed; a listing of any false statements on the application; a listing of pertinent prior criminal convictions; taximeter certification; brake and lighting certification; certification of vehicle inspection; certification of the color scheme and vehicle identification number(s) of the vehicle(s); proof of insurance; etc.

The insurance policy shall remain in full force and effect for the duration that the owner operates a taxicab in the City, and the City, its officers, employees, and agents shall be listed as additional named insureds.

(b) Each owner shall provide workers compensation insurance that satisfies state and federal requirements for all of the owner’s drivers, employees, or lessees.

(c) Certificates of insurance coverage satisfying the insurance requirements set forth in this section shall be provided to the Chief of Police.

The renewal application shall contain the same information required in the original application. (b) Upon permit application denial or revocation, the owner may not reapply for another owner’s permit for a period of 180 days following the date of the denial or revocation.

7.68.080 Quarterly Report.

It shall be the responsibility of each owner to compile and submit reports to the Police Chief on a quarterly basis. Failure to comply with this reporting requirement may result in the revocation of the owner’s permit. These reports shall contain the following information:

(a) The taxicab's year, make, model, license number, and vehicle identification number;

(b) The number assigned to the taxicab by the owner;

(c) The taxicab inspection sticker number;

(1) False statements in the application;
(2) Prior pertinent criminal convictions by the applicant;
(3) Poor driving record as evidenced by the applicant being convicted of three or more moving violations during the preceding twelve months; the applicant being found at fault in three or more accidents in the preceding twelve months; or the applicant being involved in any combination of moving violations or accidents which numbers three or more during the preceding twelve months.

7.68.120 Duration of Permit.

(a) Every driver’s permit shall expire on the anniversary date of its issuance each year, unless suspended, revoked or made void at an earlier time. An application for renewal of the driver’s permit shall be filed not less than thirty (30) days prior to expiration. The renewal application shall contain the same information, and be processed in the same manner, as a new application pursuant to Section 7.68.110 above.

(b) The driver’s permit shall become null and void when the driver leaves the employ of one company. The owner shall become responsible for retrieving the identification card as outlined in Section 7.68.140. Should a driver become employed by another company, said driver shall apply for a new permit under the new company.
7.68.130 Denial, Modification, Suspension or Revocation of Permit.

(a) The Police Chief may deny a driver's permit application pursuant to Section 7.68.110 or may, at any time, suspend or revoke any driver's permit for any violation of this chapter or of any provision of the California Vehicle Code that is punishable by suspension or revocation of a driver's license or for making false statements to City officials or for any other reason which would render the driver unfit to operate a taxicab.

(b) Prior to the denial, suspension or revocation of the driver's permit, the Police Chief shall give the driver at least ten days written notice of the impending denial, suspension or revocation of the permit and the reasons therefore. Within the ten day period, the driver may request a hearing before the City Manager. Such requests must be in writing, setting forth the reasons why the permit should not be denied, suspended or revoked. The City Manager or the City Manager's designee shall conduct a hearing on the proposed denial, suspension or revocation. The decision of the City Manager shall be final and conclusive.

(c) Notwithstanding the procedure set forth above, the City Manager may suspend a driver's permit for a period not to exceed ten days without a prior hearing if the City Manager determines that the public safety and welfare are endangered by the driver's continued operation.

(b) Every taximeter shall be subject to inspection by the Police Chief and the County Sealer of Weights and Measures or their authorized deputies at any time. In the event that any taximeter is found to be inaccurate or if it is found in any respect not to meet the requirements of this section or the applicable laws and regulations of the State, the taxicab in which such taximeter is mounted shall be placed out of operation. The taxicab shall remain out of operation until such time as the taximeter is repaired and is found to be in proper operating condition, or is found to meet the requirements of this section or the applicable laws and regulations of the State by the Police Chief or the County Sealer of Weights and Measures.

c) Any owner or operator of a taxicab who has made repairs or adjustments to the taximeter installed therein, or who has installed a new or repaired taximeter in the vehicle, or who has made any adjustments to the vehicle which may affect or alter the accuracy of the taximeter shall, within twenty-four hours after such repair, adjustment or installation, notify the County Sealer of Weights and Measures and request a test of the taximeter for accuracy.

Any charge made or fare collected in excess of the rate set by resolution of the City Council shall be cause for suspension or revocation of the owner’s and/or driver’s permit.

(b) Exclusive Use - When a taxicab is engaged, the occupants shall have the exclusive right to the full and free use of the passenger compartment, and it is unlawful for the owner or driver of such vehicle to solicit or carry passengers contrary to such right except for when there is a public transportation strike or when the Police Chief finds that public necessity temporarily requires the grouping of passengers in taxicabs.

(c) Window Blinds – It is unlawful for any shade or blind to be drawn over any window in the vehicle while the vehicle is occupied.

(d) Driver to Use Direct Route – The taxicab driver shall take the most direct route possible that will carry the passengers safely, lawfully, and expeditiously to their destination.

In the case of a disagreement between the driver and the passenger regarding the legal fare to be paid, the driver shall convey the passenger to the nearest police station, where a police officer shall immediately decide the case. If the decision is in favor of the passenger, the driver shall convey the passenger from the police station to the original destination without additional charge. If the passenger is found to be in error, there is no requirement for the driver to convey the passenger to the destination without additional charge.

(m) **Vehicle Inspection** – The Police Chief, or any member of the Richmond Police Department, shall have the right, after displaying proper identification, to enter into or upon any taxicab for the purpose of ascertaining whether or not the provisions of this chapter are being violated. Any taxicab which is found after such inspection to be unsafe or unsuitable for service shall be immediately removed from service. The taxicab shall be placed in a safe and operative condition before being placed back into service.
