**JOINT RICHMOND REDEVELOPMENT AGENCY/RICHMOND CITY COUNCIL PUBLIC HEARING**

*(See RCRA7Dec2010)*

**CITY COUNCIL PUBLIC HEARINGS**

Deputy City Clerk, Ursula De Loa, announced that this was the time set, pursuant to published notice, to conduct a public hearing to receive public comment regarding the matter to conduct a public hearing to review, comment, and provide direction to staff regarding whether or not to include any of the alternative land uses identified in Design Community & Environment's land use alternatives report as project alternatives in the Point Molate Environmental Impact Report (EIR) prior to the City Council’s consideration of the Final EIR and provide direction to staff regarding the schedule for the City Council’s consideration of the Final EIR for February 2011. David Early, Design, Community, and Environment, presented a PowerPoint. The following individuals gave comments: Mary Sundance, Andres Soto, Kerry Benthall, Tamisha Walker, Kenneth Porter, Artis Swazya, Rokisha West,
Ivory Mitchell, Antwon Cloird, Tim Laidman, Rosemary Corbin, John Lapp, Joseph Puleo, Kathleen Wimer, Michael Beer, Corky Booze, Jen Dahme, Joan Garrett, Eduardo Martinez, and Margaret Morkowski. Discussion ensued. Councilmember Ritterman stated that he does not want to include any of the suggested alternatives in the report and that the process move forward without them. A motion made by Councilmember Butt, seconded by Vice Mayor Ritterman, that the City not considers additional land use alternatives; and directed staff to prepare the final EIR for Council consideration, passed by the unanimous vote of the City Council.

Deputy City Clerk, Ursula De Loa, announced that this was the time set, pursuant to published notice, to conduct a public hearing to receive public comment regarding the matter to conduct a public hearing to hear an appeal by Richard Lompa of the Planning Commission's direction to staff to issue citations for noncompliance with the Design Review Permit condition regarding the eagle ornament on the exterior of 2 West Richmond Avenue in the Point Richmond National Register Historic District. Assistant City Attorney, Mary Renfro, gave an overview of the matter. (Councilmember Butt left the meeting due to conflict of interest). On October 28, 2009, the Design Review Board approved the exterior modifications to 2 West Richmond Avenue, a contributing structure in the Point Richmond National Register Historic District, on the condition that the eagle ornament on the top of the building is removed. The Board also stated that it had no objection to the eagle being displayed in the window above the front entryway. The eagle was temporarily removed from the building, repainted, and placed back on the edge of the roof. At its meeting of November 4, 2010, the Planning Commission considered modification and enforcement options and directed staff to issue citations to the property owner for placing the eagle statue on the roof in violation of the design permit condition. Mr. Lompa has appealed the Planning Commission’s decision, asserting that the eagle is not an architectural element of the building, merely an ornament, and therefore the Design Review Board had no authority to impose the condition regarding the eagle. Mayor McLaughlin opened the public hearing. The following individuals gave comments: Richard Lompa, Ernest Lompa, Margaret Morkowski, and Puleo. A motion by Councilmember Viramontes, seconded by Councilmember Lopez, closed the public hearing by the following vote: Ayes: Councilmembers Lopez, Rogers, Viramontes, Vice Mayor Ritterman, and Mayor McLaughlin. Noes: None. Absent: Councilmember Bates and Butt. Abstentions: None. A motion made by Vice Mayor Ritterman, seconded by Councilmember Viramontes, upheld the appeal and allowed the eagle to remain on the building. No further citations will be issued to Mr. Lompa, and adopted Resolution No. 138-10, by the unanimous vote of the Council.
Deputy City Clerk, Ursula De Loa, announced that this was the time set, pursuant to published notice, to conduct a public hearing to receive public comment regarding the matter to conduct a public hearing to hear an appeal by Atchison Village of Design Review Board approval to install a new window at 356 West Macdonald Avenue in Atchison Village. Senior Planner, Lina Velasco, gave an overview of the matter. The proposed new window is compatible with the architectural style of the original house and relates properly to the dwellings in Atchison Village. A Mini-Historic Structures Report (HSR) and Preservation Plan were prepared by Page & Turnbull in 2009. According to the report, the windows are character defining features. The new window will be constructed in a similar style as the existing windows through use of similar recess, trim and sill. Due to the fact that the subject site is within a National Register District, the Richmond Municipal Code Chapter 6.06.050, states that the Design Review Board and Planning Commission, when acting under the provisions of this chapter, shall consider the evaluation of the Historic Preservation Advisory Committee Design Review Subcommittee (HPDRS). The HPDRS met on October 7, 2010 and voted unanimously to recommend approval of the project with modifications. The recommended modifications were incorporated in the project by the Design Review Board as conditions of approval. The Atchison Village Mutual Homes Corporation reviewed the applicant’s original proposal to remove and replace the window and voted unanimously to approve the project. Subsequently, the Atchison Village Mutual Homes Corporation voted to revoke and withdraw its approval of the proposed project. A representative of the Atchison Village Mutual Homes Corporation presented their decision to withdraw support of the proposed project at the October 13, 2010 Design Review Board meeting. The Design Review Board considered their comments and voted unanimously to approve the project. Mayor McLaughlin declared the public hearing open. Karen Wargo, Vice President of Atchison Village Neighborhood Council, appellant, stated that the proposed window would permanently alter the historical appearance and integrity of the Atchison Village Historic District and the placement of a “picture window” next to the original “Character Defining” corner windows is an “incompatible Change”, which could jeopardize the Village’s ability to obtain grant funds and the placement of this picture window could threaten the structural and seismic integrity of the unit. Opponents, Phyllis and Dave Mandel, stated that as with all approved projects in the City, they will be required to obtain a building permit and the window will be located on a side elevation which is not the primary façade. While the wall is visible from the street, it will not create significant visual impact to persons living, working, or traveling through the neighborhood. The proposed window will use glass, trim, and siding that is commonly found in Atchison Village. (A motion made by Mayor McLaughlin, seconded by Vice Mayor Ritterman, extended the meeting to 11:30 p.m.) Discussion ensued. A motion
made by Councilmember Viramontes, seconded by Councilmember Lopez, closed the public hearing by the unanimous vote of the Council. (A motion made by Councilmember Viramontes, seconded by Councilmember Rogers, extended the meeting to 12:00 a.m. – Councilmember Butt objected). A motion made by Councilmember Viramontes, seconded by Vice Mayor Ritterman, to deny the appeal and encouraged the Atchison Village Homeowner’s Association to address any possible liability issues pertaining to the window replacement. A substitute motion was made by Councilmember Butt by to deny the appeal and change the previous Design Review Board approval to a condition that the new window has to match the design of some existing original window in the complex, the most obvious being the pair of double-hung windows. There was no second to the motion. Mr. Mandel objected to the substitute motion. The original motion passed by the following vote: Ayes: Councilmembers Lopez, Rogers, Viramontes, Vice Mayor Ritterman, and Mayor McLaughlin. Noes: None. Absent: Councilmember Bates. Abstentions: Councilmember Butt.

A motion was made by Vice Mayor Ritterman, seconded by Councilmember Lopez, that the language for Item 3 in the proposed resolution be amended to read as follows per language from Linda Blair, Attorney at Law: “The Management Members, officers, operators, and owners of the proposed Collective and of the proposed Collective site do not have a history of non-compliance with the City of Richmond Municipal Code, including but not limited to zoning, building, fire and business license requirements or have shown a demonstrated willingness to cooperate with the City of Richmond and its staff”; and that item 6 pertaining to the requirement that the Collective be located near other health-related services, be stricken from the resolution. Councilmember Rogers made a friendly amendment directing the City Attorney’s office to draft appropriate language pertaining to Item 3; and add the following language as stated by Randy Riddle, City Attorney: “The fact that a Collective or one or more Management Members of a Collective continued to operate a medical marijuana facility after the City issued a demand to close but before a court determined that the facility could not continue to operate shall not be a factor in rating any complete applications to establish a medical marijuana collective in the City.”
Vice Mayor Ritterman accepted the friendly amendment.
