NOTICE TO PUBLIC

Function of a Public Hearing: A public hearing enables the public to present relevant information, opinions and arguments on proposed Commission actions. A public hearing also informs the interested public about specific details of a proposal.

Speaker Registration: Persons wishing to speak on a particular item on the agenda shall file a speaker form with Planning staff PRIOR to the Planning Commission’s consideration of the item on the agenda. Once the discussion of the agenda item begins, no person shall be permitted to speak on the item other than those persons who have submitted their names to Planning staff. Your name will be called when the item is announced for discussion.

Consent Calendar: Items designated "CC" on the agenda will be considered immediately following the approval of minutes. No item that is being recommended by staff for denial will be placed on the Consent Calendar. CC items are considered routine and may be acted upon collectively by one motion adopting the Planning Department’s recommendation to approve, conditionally approve, or recommend approval to the City Council, unless a member of the public, the Commission, or its staff asks to remove an item to discuss it. Such action on CC items shall be deemed to satisfy any public hearing requirement so long as no one wishes to speak on the item before the consent calendar is adopted by the Commission. Before the Commission votes on the consent calendar, the Chair will ask if any members of the public wish to remove any item from the consent calendar. If you wish to speak on an item marked “CC”, you should rise at this time and ask that the item be removed. The item will then be discussed later in the meeting in its numerical order on the agenda and you will have an opportunity to address the Commission on the item at that time.

Public Hearing Procedure: (1) Chair opens the hearing; (2) City staff explains the application and presents a preliminary analysis; (3) Applicant speaks; (4) Proponents speak; (5) Opponents speak; (6) Applicant and proponents may rebut; (7) Opponents may also rebut; (8) City staff presents its summary and recommendations; (9) Commission discussion; (10) Hearing is closed; (11) Commission votes to approve, deny, approve in a modified form, postpone, or take the application under advisement; (12) Chair informs the audience of the Commission's action, outlines the appeal procedure, and indicates when this action becomes final. In the normal application, the initial speakers pro and con are limited to 10 minutes and all additional speakers have 3 minutes. Rebuttal is limited to one 2-minute speaker, pro and con. If there are 10 or more speakers who have signed speaker forms prior to the announcement of a normal application agenda item, each speaker, after the initial speaker, shall be limited to two (2) minutes. In non-application items, all speakers after the initial staff presentation have 5 minutes. If the Commission finds that it will not have sufficient time in which to complete the agenda, the Commission may continue a portion of the agenda to a subsequent Commission meeting and will attempt for the benefit of the public in attendance to do this at an early hour. If all items are not completed by 11:00 p.m., the Commission will continue the remaining items to another meeting, unless time is extended by a two-thirds majority vote of the Commission. In any event, it is the intention of the Planning Commission to conclude all public meetings by midnight.

Zoning Legislative Hearings: Notice of hearings on proposed zoning ordinances or proposed amendments to zoning ordinances shall be given pursuant to California Government Code Section 65090 and, if the proposed ordinance or amendment affects the permitted uses of real property, notice shall also be given pursuant to California Government Code Section 65091.

Exhaustion of Remedies Requirement: If you challenge a decision on any of the items listed on this agenda in court, you may be limited to raising only those issues you or someone else raised at any public hearing(s) on the item challenged or in written correspondence delivered to the public entity conducting the hearing at, or prior to, the public hearing.

Notice of Agenda Review Session: A regular Planning Commission Agenda Review session is held at 6:30 p.m. on the Monday preceding the first-Thursday-of-the-month Planning Commission meeting in Planning Conference Room, 1401 Marina Way South, Richmond. Its purpose is to provide Commissioners with the opportunity to preview upcoming regular meeting agenda items with Commission staff. No public testimony on the items reviewed will be taken until the formal public hearing 3 days later.

The Planning Commission’s decision may be appealed by notifying the City Clerk, in writing, within 10 days of the Commission’s decision, stating wherein the Planning Commission decision is in error.

Function of a Public Hearing: A public hearing enables the public to present relevant information, opinions and arguments on proposed Commission actions. A public hearing also informs the interested public about specific details of a proposal.

Speaker Registration: Persons wishing to speak on a particular item on the agenda shall file a speaker form with Planning staff PRIOR to the Planning Commission’s consideration of the item on the agenda. Once the discussion of the agenda item begins, no person shall be permitted to speak on the item other than those persons who have submitted their names to Planning staff. Your name will be called when the item is announced for discussion.

Consent Calendar: Items designated "CC" on the agenda will be considered immediately following the approval of minutes. No item that is being recommended by staff for denial will be placed on the Consent Calendar. CC items are considered routine and may be acted upon collectively by one motion adopting the Planning Department’s recommendation to approve, conditionally approve, or recommend approval to the City Council, unless a member of the public, the Commission, or its staff asks to remove an item to discuss it. Such action on CC items shall be deemed to satisfy any public hearing requirement so long as no one wishes to speak on the item before the consent calendar is adopted by the Commission. Before the Commission votes on the consent calendar, the Chair will ask if any members of the public wish to remove any item from the consent calendar. If you wish to speak on an item marked “CC”, you should rise at this time and ask that the item be removed. The item will then be discussed later in the meeting in its numerical order on the agenda and you will have an opportunity to address the Commission on the item at that time.

Public Hearing Procedure: (1) Chair opens the hearing; (2) City staff explains the application and presents a preliminary analysis; (3) Applicant speaks; (4) Proponents speak; (5) Opponents speak; (6) Applicant and proponents may rebut; (7) Opponents may also rebut; (8) City staff presents its summary and recommendations; (9) Commission discussion; (10) Hearing is closed; (11) Commission votes to approve, deny, approve in a modified form, postpone, or take the application under advisement; (12) Chair informs the audience of the Commission's action, outlines the appeal procedure, and indicates when this action becomes final. In the normal application, the initial speakers pro and con are limited to 10 minutes and all additional speakers have 3 minutes. Rebuttal is limited to one 2-minute speaker, pro and con. If there are 10 or more speakers who have signed speaker forms prior to the announcement of a normal application agenda item, each speaker, after the initial speaker, shall be limited to two (2) minutes. In non-application items, all speakers after the initial staff presentation have 5 minutes. If the Commission finds that it will not have sufficient time in which to complete the agenda, the Commission may continue a portion of the agenda to a subsequent Commission meeting and will attempt for the benefit of the public in attendance to do this at an early hour. If all items are not completed by 11:00 p.m., the Commission will continue the remaining items to another meeting, unless time is extended by a two-thirds majority vote of the Commission. In any event, it is the intention of the Planning Commission to conclude all public meetings by midnight.

Zoning Legislative Hearings: Notice of hearings on proposed zoning ordinances or proposed amendments to zoning ordinances shall be given pursuant to California Government Code Section 65090 and, if the proposed ordinance or amendment affects the permitted uses of real property, notice shall also be given pursuant to California Government Code Section 65091.

Exhaustion of Remedies Requirement: If you challenge a decision on any of the items listed on this agenda in court, you may be limited to raising only those issues you or someone else raised at any public hearing(s) on the item challenged or in written correspondence delivered to the public entity conducting the hearing at, or prior to, the public hearing.

Notice of Agenda Review Session: A regular Planning Commission Agenda Review session is held at 6:30 p.m. on the Monday preceding the first-Thursday-of-the-month Planning Commission meeting in Planning Conference Room, 1401 Marina Way South, Richmond. Its purpose is to provide Commissioners with the opportunity to preview upcoming regular meeting agenda items with Commission staff. Meeting Date: 10/14/2004
Place: Council Chambers
Time: 7:00 p.m.

BROWN ACT: This Agenda was posted in conformance with the Brown Act because there may be a quorum of Planning Commissioners present (see Public Forum note at the end of this Agenda).

AGENDA ITEM

Scoping Meeting for the proposed Point Richmond Shores project in conformance with the California Environmental Quality Act (CEQA).

Project Number: EID 1101112

The purpose of this scoping meeting is to allow the City’s staff, with the possible participation of the Planning Commission, to solicit comments from the public and responsible and trustee agencies regarding the information that is recommended to be studied and included in the EIR. The City of Richmond will prepare an Environmental Impact Report (EIR) for the redevelopment of an approximately 13.8-acre bay front site located on Dornan Drive and Brickyard Cove Road in Point Richmond. Toll Brothers, project sponsor, proposes to redevelop the project site with: a) approximately 300 residential condominium units contained within 4-5 story buildings on 11.8 acres; b) an approximately 1.9-acre public park, which would remain under City ownership and would be developed with an open green and other active recreation facilities; and c) possible surface improvements to an existing pier. The project also includes a proposal to abandon the portion of the Dornan Drive public right-of-way that is located bay ward of the Brickyard Cove Road intersection. The project site is bordered by the Richmond Yacht Club Marina, San Francisco Bay and undeveloped park/open space (Miller Knox Regional Park). The property is identified as Assessor’s Parcel Numbers: 560-420-006, 560-420-007 and 560-420-010.

A Notice of Preparation and Initial Study (NOP/IS) have been prepared and it has been determined that the project has the potential to result in a number of significant environmental impacts. The preparation of an Environmental Impact Report (EIR) is therefore required. The Notice of Preparation and accompanying Initial Study are available for public review at the City of Richmond Planning Department at 1401 Marina Way South, between the hours of 8:30a.m. and 5:00p.m., Monday through Friday. The public is hereby invited to review these documents and provide comments on the recommended scope of issues to be studied in the EIR. Written comments on the NOP/IS must be submitted to the City no later than 5:00 p.m. on Thursday, October 21, 2004. Written comments should be addressed to Lamont Thompson, Senior Planner, City of Richmond Planning Department, 1401 Marina Way South, Richmond, CA 94804.

Please note that this is not a public hearing to consider project merits or to take action on the proposed development project. Future public hearings will be held to consider the adequacy of the EIR and merits of the project.
MEETING FORMAT FOR SCOPING SESSION

II. Explanation and Overview of EIR Process (10 minutes):

NOTICE TO PUBLIC

Function of a Public Hearing: A public hearing enables the public to present relevant information, opinions and arguments on proposed Commission actions. A public hearing also informs the interested public about specific details of a proposal.

Speaker Registration: Persons wishing to speak on a particular item on the agenda shall file a speaker form with Planning staff PRIOR to the Planning Commission’s consideration of the item on the agenda. Once the discussion of the agenda item begins, no person shall be permitted to speak on the item other than those persons who have submitted their names to Planning staff. Your name will be called when the item is announced for discussion.

Consent Calendar: Items designated "CC" on the agenda will be considered immediately following the approval of minutes. No item that is being recommended by staff for denial will be placed on the Consent Calendar. CC items are considered routine and may be acted upon collectively by one motion adopting the Planning Department’s recommendation to approve, conditionally approve, or recommend approval to the City Council, unless a member of the public, the Commission, or its staff asks to remove an item to discuss it. Such action on CC items shall be deemed to satisfy any public hearing requirement so long as no one wishes to speak on the item before the consent calendar is adopted by the Commission. Before the Commission votes on the consent calendar, the Chair will ask if any members of the public wish to remove any item from the consent calendar. If you wish to speak on an item marked “CC”, you should rise at this time and ask that the item be removed. The item will then be discussed later in the meeting in its numerical order on the agenda and you will have an opportunity to address the Commission on the item at that time.

Public Hearing Procedure: (1) Chair opens the hearing; (2) City staff explains the application and presents a preliminary analysis; (3) Applicant speaks; (4) Proponents speak; (5) Opponents speak; (6) Applicant and proponents may rebut; (7) Opponents may also rebut; (8) City staff presents its summary and recommendations; (9) Commission discussion; (10) Hearing is closed; (11) Commission votes to approve, deny, approve in a modified form, postpone, or take the application under advisement; (12) Chair informs the audience of the Commission's action, outlines the appeal procedure, and indicates when this action becomes final. In the normal application, the initial speakers pro and con are limited to 10 minutes and all additional speakers have 3 minutes. Rebuttal is limited to one 2-minute speaker, pro and con. If there are 10 or more speakers who have signed speaker forms prior to the announcement of a normal application agenda item, each speaker, after the initial speaker, shall be limited to two (2) minutes. In non-application items, all speakers after the initial staff presentation have 5 minutes. If the Commission finds that it will not have sufficient time in which to complete the agenda, the Commission may continue a portion of the agenda to a subsequent Commission meeting and will attempt for the benefit of the public in attendance to do this at an early hour. If all items are not completed by 11:00 p.m., the Commission will continue the remaining items to another meeting, unless time is extended by a two-thirds majority vote of the Commission. In any event, it is the intention of the Planning Commission to conclude all public meetings by midnight.

Zoning Legislative Hearings: Notice of hearings on proposed zoning ordinances or proposed amendments to zoning ordinances shall be given pursuant to California Government Code Section 65090 and, if the proposed ordinance or amendment affects the permitted uses of real property, notice shall also be given pursuant to California Government Code Section 65091.

Exhaustion of Remedies Requirement: If you challenge a decision on any of the items listed on this agenda in court, you may be limited to raising only those issues you or someone else raised at any public hearing(s) on the item challenged or in written correspondence delivered to the public entity conducting the hearing at, or prior to, the public hearing.

Notice of Agenda Review Session: A regular Planning Commission Agenda Review session is held at 6:30 p.m. on the Monday preceding the first-Thursday-of-the-month Planning Commission meeting in Planning Conference Room, 1401 Marina Way South, Richmond. Its purpose is to provide Commissioners with the opportunity to preview upcoming regular meeting agenda items with Commission staff.
