6. OPEN FORUM
Cordell Hindler spoke about future presentation of music of the 1940s and 1950s as it relates to Pt Molate and also invited the Committee to 39 Steps production that starts September 25 for a four week run.

7. PRESENTATIONS, DISCUSSION & ACTION ITEMS

1. Presentation: Richmond Youth Council

No presentation. Item will be rescheduled.

2. Presentation: Update on Pt Molate Remediation Budget and Schedule

Mike Leacock of Nichols Consulting Engineers reported and provided presentation materials to each of the Committee Members. Presentation included a summary status of each of the Installation Restoration (IR) Sites. Garrett inquired on the Operations and Maintenance Schedule for IR Site 3. Leacock explained that monitoring wells will be installed at close of the current clean up project and shall remain for five years. Discussion on the annual cost of running a packaged ground water treatment plant system and the site clean up has removed this system. Leacock discussed the final five foot application of clean fill. Leacock discussed that a Risk
Assessment is next for Drum Lot 2 and the TCE is the primary concern. Garrett asked Leacoxx to summarize the status of the insurance and how it can be applied. Discussion that Navy fund is $28.5 M and to get into the insurance the City would need to expend an additional $5M and that is unlikely. Carson noted that policy also expires in 2020. Howe inquired on Polar Compounds and how the Water Board is treating this site as well as the industry. Carson explained the ecotoxicity testing and special protocols. Carson explained amount of cubic yards in dirt brought into the site and contract allowed for 180 days to work and project is in period where Liquidated Damages can be applied and periods from July 9-30, 2015 and from August 24, 2015. 8:06pm Bob McNeil left the conference call. Carson explained that City gave Pacific States Environmental Contractors three weeks to find additional dirt before Liquidated Damages would be reinstated.

3. Report on IR Site 3, Environmental Remediation

Carson reported on the status of dirt import and last trucks came in on July 29. Carson explained that the Packaged Ground Water Treatment Plant has been shut down. Carson noted that Underground Storage Tanks (UST) inspections were still required. Reporting is now semi-annual for sites such as IR Site 4.
