Mayor and Members of the City Council:

This is the report for the week ending April 21, 2017.

1. **Meeting Notes**

   The next City Council meeting is scheduled for Tuesday, April 25th beginning with Closed Session at 6:00 PM followed by the regular meeting at 6:30 PM. The agenda may be found by clicking this link: Richmond City Council Agenda Packet.

2. **These Ospreys are Egg-shausting to Watch**

   When a couple makes an investment in a home, especially one in which they expect to start a family, remodeling and basic upkeep of the structure become a constant effort. Such is certainly the case with Rosie and Richmond, the Port of Richmond’s favorite ospreys, as they stay busy finding various pieces of flotsam with which to adorn their nest, all while incubating their eggs and getting “take out” meals from the water. This week’s decorating addition is a small length of rope that no osprey nest should be without.

   As previously reported in this weekly report, and thanks to the Golden Gate Audubon Society, the San Francisco Bay area – and the world – can get an astonishing view into the life of an intrepid pair of ospreys that are nesting in Richmond, thanks to the launch of the region’s first live streaming osprey nest camera. The live video stream, viewable at http://SFBayOspreys.org, allows the world to enjoy close and personal views of an osprey pair – named Rosie and Richmond – as they raise young over the next several months. The video stream also captures the magnificent views of San Francisco Bay.

   Check it out!

15. Community Services Highlights

Shields-Reid Community Center Beautification Day

The Shields-Reid Achieve Afterschool Program is proud to announce a “Love Your Block” Open House Park and Community Center beautification day, and you’re invited! Youth participants, neighborhood volunteers, along with community groups (North Richmond Municipal Advisory Committee, the North Richmond Green Team, and the Richmond Art Center) are teaming up to clean the park, work on planter boxes for the new children’s garden, and paint a mural on the park side of the Shields-Reid Community Center. Children in the SRCC Achieve Program are taught to “Respects Themselves and Others” and to “Respect Their Center and
Community.” They demonstrate these values by participation in weekly clean-up events throughout the community with the North Richmond Green Team.

Shields-Reid participants will have the opportunity to support the “Love Your Block” grant award by cleaning and beautifying their own park and community center with the help of volunteers. Additionally, Fred Alvarado, a muralist with the Richmond Art Center, has garnered input from the community and worked weekly with the children at SRCC to design a “Sustainable Practices” mural that will be painted during the Open House. All community members are welcome to join in to paint and lend a hand!

We invite the community to come out and support the children of Shields-Reid. Again, all are welcome to the Open House, clean-up, and mural painting. Volunteers are encouraged to register at the Shields-Reid Community Center (1410 Kelsey St) by April 27th. For more information call 510-620-6822. We look forward to seeing you there!
