*CI C.12 Ratification and Approval of Engineering Services Contracts

Comment:
Contracts have been initiated by staff using previously qualified consulting, engineering, architectural, or landscape architectural firms to assist in completion of the referenced projects. Many of the firms are already under contract and the staff-initiated work may be an extension of the firm’s existing contract with the District. Public contracting laws have been followed in initially qualifying and selecting these professionals.

Recommendation:
Ratify and approve contracts as noted

Fiscal Impact:
Total for this action: $130,955. Funding sources as noted.

*CI C.13 Ratification and Approval of Negotiated Change Orders

Comment:
Staff is seeking ratification of Change Orders on the following current District construction projects: Portola MS Demolition of Existing Campus; Peres ES Dental Clinic; Kennedy HS Quad Landscape Upgrades; King ES Site Drainage; Pinole MS Security Raceway Infrastructure; and Ohlone ES Part 1/Phase 1. Change Orders are fully executed by the District upon signature by the Superintendent’s
designee. Board ratification is the final step required under state law in order to complete payment and contract adjustment.

In addition to normal ratification, approval of the noted Change Order for the Kennedy HS Quad Landscape Upgrades and Pinole MS Security Raceway Infrastructure projects is required by the Board, with special findings as noted, because this project is in excess of the Public Contract Code limit of 10% of the original contract value. In accordance with Public Contract Code 20118.4, the Board, by ratifying these Change Orders, finds that it would have been futile to publicly bid the work in question because of the tight time frames to complete this work without affecting the operations of the District, and that the public is best served by having this work completed by the contractor on the project.

Recommendation:
Ratify negotiated Change Orders as noted

Fiscal Impact:
Total ratification and approval by this action: $271,554.25

*CI C.14 Ratification of Staff Awarded Contract: Vista High School Portable Tech Lab 1 and 2 – Civil Work

Comment:
Hamilton Aitken Architects has prepared plans and specifications for the project. Scope of work includes site work for circulation and car parking.

The District received five bids for the project: American Asphalt $84,490, McKim Company $118,950 (Non-Responsive), Applied Water Resources $129,931, W.R. Forde Associates $131,000, ERA Construction, Inc. $139,000.

In consideration of the need to complete the work expeditiously, the Superintendent’s designee authorized award of a contract for the project to the lowest responsive, responsible bidder: American Asphalt $84,490.

The Education Code requires the Board to ratify this award action by the Superintendent’s designee.

Recommendation:
Ratify staff awarded contract as noted

Fiscal Impact:
$84,490. Project will be funded from the General Fund.

*CI C.15 Ratification of Staff Awarded Contract: Kennedy High School Temporary Science Classroom Project

Comment:
As part of the planned Science Building modernization project at John F. Kennedy High School a transitional education classroom is required. An existing vacant classroom has been designated for this purpose. Powell & Partners Architects has prepared plans and specifications for the project.
The District received six bids for the project: Hung Construction $54,000; GECO, Inc. $75,600; US Matrix Construction $78,969; AM Woo Construction $86,000; Arthulia, Inc. $100,000; ERA Construction, Inc. $102,173 (non-responsive).

In consideration of the need to complete the work expeditiously, the Superintendent’s designee authorized award of contract to the lowest responsive, responsible bidder: Hung Construction, $54,000.

The Education Code requires the Board to ratify this award action by the Superintendent’s designee.

**Recommendation:**
Ratify staff awarded contract as noted

**Fiscal Impact:**
$54,000. Funded from the Measure J Bond.

**Recommendation:**

*CI  C.18 Approval of Board Members Travel

Comment:
Board Bylaw 9250 stipulates members of the board shall be reimbursed for allowable expenses incurred in attending any meetings or in making any trips on official business of the school district when so authorized in advance by the Board of Education. (Education Code 35044). Board members have expressed interest in attending the following:

Comment:
In 2009 the Board approved the relocation of Portola Middle School to the Castro Elementary school site after a new and renovated school is completed at the Castro site. With construction beginning in late spring of 2013, the City Council of El Cerrito has expressed interest in informal meetings with appointed members of the Board of Education to explore possible uses for the current Portola site. These discussions would be preliminary and exploratory only. In any disposal of property the Board will adhere to Board Policy 3280 which references statutory processes and steps.

Recommendation:
That the Board appoint Todd Groves and Charles Ramsey to meet with two members of the El Cerrito City Council in exploring possible uses for the current Portola site.

* D.3  Report on Health Advisory- Student Bill of Rights

**Comment:**
Founded in 2011, the WCCUSD Student Coalition is comprised of student representatives from each of the six school-based health centers (SBHCs) in the District. Student representatives meet monthly at one of the six SBHCs to discuss youth-led SBHC programs; to share lessons learned and best practices; and to advocate on behalf of SBHCs in the West Contra Costa County. Student Coalition members gain valuable presentation, public speaking, and advocacy skills, while developing their understanding of school and community health. Previous projects of the Student Coalition include the establishment of the "Our Voice, Our Rights: Youth Bill of Rights in the Health Center," the first youth-generated bill of rights for teens and young adults in the SBHC setting. Representatives are invited to statewide conferences, local meetings, and legislative visits, which expose them to the macro-level coordination of school health among other enrichment opportunities.

Former members of the Student Coalition have gone on to pursue health-related higher education and careers. Some have even continued as members of the California School Health Centers Association Youth Board, the statewide body for emerging school health leaders.

D.2 Sample Survey
Mr. Bryan Godbe provided a report of the recent telephone survey of the community for a potential parcel tax ballot measure. Mr. Godbe explained the criteria and the sample size of the survey. He spoke about the voters passing several measures with the November 2012 election with great success. He reported that the survey revealed a too-narrow base of voter support for a parcel tax measure with the required two-thirds majority vote for an election in either June or November of 2013. He suggested that, based on the polling results, placing the measure on a June or November 2014 election ballot would fair more successfully with a higher voter turnout.

Public Comment:
None

Board Comment:
Mr. Groves asked how likely the data predicted the actual voter turnout for a 2014 ballot measure’s success. Mr. Godbe responded with information about the consistency unless a major economic catastrophe was to occur.

Ms. Merriweather asked about the recommendation to delay to November 2014. Mr. Godbe said he felt November 2014 was the best, but agreed with Mr. Ramsey that there was no statistical difference for June 2014.

Mr. Ramsey thanked Mr. Godbe for the valuable information and remarked that it would be prudent for the Board to wait for the optimum time to consider moving forward with a ballot measure.

Mr. Groves spoke about public education and the sacrifices employees, students and the public have already made. He advised that the Board not be reckless to move forward in this climate.

Mr. Enos said he agreed that it is incumbent on the Board to educate the public about the needs of students. He said that he saw the 2014 date as a target with much work to be done in the meantime.

President Kronenberg spoke of the value to take the temperature of the community and the opportunity to reinforce community values for education dollars.

MOTION: Mr. Ramsey recommended moving item F.1 to follow Consent Items and moved approval of this amendment to the agenda. Mr. Groves seconded. Mr. Enos, Mr. Groves, Ms. Merriweather, Mr. Ramsey, Student Board Representative Hao Zhang (advisory vote only) and President Kronenberg voted yes, with no abstentions and no absences. Resolution No. 69-1213  

Week of the School Administrator  
March 3-9, 2013  

WHEREAS, Leadership Matters for California’s public education system and the more than 6 million students it serves; and  

WHEREAS, school administrators are passionate, lifelong learners who believe in the value of quality public education; and  

WHEREAS, the title “school administrator” is a broad term used to define many education leadership posts. Superintendents, assistant superintendents, principals, assistant principals, special education and adult education leaders, curriculum and assessment leaders, school business officials, classified educational leaders, and other school district employees are considered administrators; and  

WHEREAS, providing quality service for student success is paramount for the profession; and  

WHEREAS, most school administrators began their careers as teachers. The average administrator has served in public education for more than a decade. Most of California’s superintendents have served in education for more than 20 years. Such experience is beneficial in their work to effectively and efficiently lead public education and improve student achievement; and  

WHEREAS, public schools operate with lean management systems. Across the nation, public schools employ fewer managers and supervisors than most public and private sector industries, including transportation, food service, manufacturing, utilities, construction, publishing and public administration; and  

WHEREAS, school leaders depend on a network of support from school communities – fellow administrators, teachers, parents, students, businesses, community members, board trustees, colleges and universities, community and faith-based organizations, elected officials and district and county staff and resources – to promote ongoing student achievement and school success; and  

WHEREAS, research shows great schools are led by great principals, and great districts are lead by great superintendents. These site leaders are supported by extensive administrative networks throughout the state; and  

WHEREAS, the State of California has declared the first full week of March as the “Week of the School Administrator” in Education Code 44015.1; and  

WHEREAS, the future of California’s public education system depends upon the quality of its leadership;  

NOW THEREFORE, BE IT RESOLVED, by the governing board of the West Contra Costa Unified School District that all school leaders in the West Contra Costa Unified School District be commended for the contributions they make to successful student achievement; and be it further

ITEM REQUIRING ATTENTION --- BOARD OF EDUCATION

To: Board of Education

Meeting Date: March 6, 2013

From: Bill Fay
Associate Superintendent for Operations

Agenda Item: CI C.13

Subject: Ratification and Approval of Negotiated Change Orders

Background information:
Staff is seeking ratification of Change Orders on the following current District construction projects: Portola MS Demolition of Existing Campus; Peres ES Dental Clinic; Kennedy HS Quad Landscape Upgrades; King ES Site Drainage; Pinole MS Security Raceway Infrastructure; and Ohlone ES Part 1/Phase 1. Change Orders are fully executed by the District upon signature by the Superintendent’s designee. Board ratification is the final step required under state law in order to complete payment and contract adjustment.

In addition to normal ratification, approval of the noted Change Order for the Kennedy HS Quad Landscape Upgrades and Pinole MS Security Raceway Infrastructure projects is required by the Board, with special findings as noted below, because this project is in excess of the Public Contract Code limit of 10% of the original contract value. In accordance with Public Contract Code 20118.4, the Board, by ratifying these Change Orders, finds that it would have been futile to publicly bid the work in question because of the tight time frames to complete this work without affecting the operations of the District, and that the public is best served by having this work completed by the contractor on the project.

Recommendation: Ratify negotiated Change Orders as noted.

Fiscal Impact: Total ratification and approval by this action: $271,554.25

CSBA's Delegate Assembly sets the general education policy direction for the Association. As a member of the Delegate Assembly, please describe what your top three educational priorities would be, and why they are important to the Association.

My top three educational priorities are: 1) adequate, stable and equitable public education funding; 2) rigorous, relevant education standards and accountability; and 3) advocacy on behalf of students in California.

As demonstrated in CSBA's active role in the passage of Prop 30, CSBA continues to be a strong leader in fighting for the funding necessary to educate our children. As school leaders we continue to be held to a higher level of scrutiny and are being called to task to prove that more, not less money is needed to provide the level of education that we expect for all California students. We need to maintain our already high standards and ensure that clear, relevant systems for accountability are in place. Consistent, powerful and unified advocacy at the state and federal level is critical. CSBA must continue to bring together all stakeholder organizations to ensure that public education funding is a priority.

Another responsibility of Delegates is to communicate the interests of local boards to CSBA’s Board of Directors, Executive Committee and staff. Please describe your activities/involvement or interests in your local district or county office. For over 15 years, I have been actively involved in advocating at the local, regional and State level on behalf of children and specifically on behalf of public education. I have served as a member of the CA State PTA at the school site, District, County and State level (Advisor to Board of Managers) - organizing one of the first legislation advocacy alert systems in the State to mobilize parents, school board members, school administrators and staff, along with business and community members to advocate for stable, adequate and equitable funding for CA public education. I have served on the Contra Costa County School Boards Association Executive Committee and over the last year have been active in the revitalization of the organization, including creating and maintaining an e-newsletter and communications system. As VP-Communications, I am currently working with others to create a social media presence for the organization. I also had the privilege of serving on the Contra Costa County Superintendent of Education's regional education coalition. Please see the attached resume for more detail.

Why are you interested in becoming a Delegate and what contribution do you feel you would make as a member of the Delegate Assembly?
Re-election to serve as a Region 7A Delegate will allow me to continue to represent the diverse interests of Contra Costa County at the State level. CSBA has undergone tremendous positive changes in the last several years, and the role of the Delegate Assembly has been strengthened in the process. I look forward to the opportunity to continue to utilize my leadership, advocacy and communications experience to further the great work of our organization and on behalf of the students of California.

CSEA's Delegate Assembly sets the general education policy direction for the Association. As a member of the Delegate Assembly, please describe what your top three educational priorities would be, and why they are important to the Association.

1. Maintain secured facilities for students and staff, to provide a safe learning environment. A safe school is conducive to learning and provides less anxiety to students and staff. When this is in place all concerned can concentrate in teaching and learning.

2. We must have highly qualified teachers in our schools for students to have access to good education. As we prepare for the coming of common core curriculum, it is imperative to provide our teachers with the appropriate training.

3. Prepare students for college and career. As we prepare curriculum options, including vocational and avocational, we must keep in mind that students should be prepared to succeed in college and career whichever, they choose to follow.

Another responsibility of Delegates is to communicate the interests of local boards to CSEA's Board of Directors, Executive Committee and staff. Please describe your activities/involvement or interests in your local district or county office.

As a board member from 2006-2010 I served in the following committees:
1. Oakley-Brentwood-Antioch Inter-Agency, where we discuss educational and local issues that may impact our schools
2. Brentwood Diversity, worked with community groups to discuss issues of tolerance
3. High School Liaison
4. Liaison between Liberty Union High School District and CCCOE

As a board member from 2012-2016 I will continue serving in the above committees and I will be an alternate for the Transportation Consortium.

Why are you interested in becoming a Delegate and what contribution do you feel you would make as a member of the Delegate Assembly?

I believe in public education and community service. I believe that I have an obligation to share my experience and knowledge to serve the students inside and outside of my community. I am open minded and I like to learn from others with the hope that what I learn I can bring to back to my local community.

In addition, I bring my experience as teacher and school administrator, and the experience I gained in finances, while working in private industry.

CSBA’s Delegate Assembly sets the general education policy direction for the Association. As a member of the Delegate Assembly, please describe what your top three educational priorities would be, and why they are important to the Association.

FUNDING – Working to increase funding for California children by supporting legislation to reduce the parcel tax passage threshold to 55%

ACADEMIC PERFORMANCE - Moving California to #1 in academic performance by creating partnerships with our teachers, staff and community – becoming innovative and imaginative in our approach

SCHOOL BOARD MEMBER TRAINING - Improving board member training by making it responsive to specific community needs - for example including new areas such as bond finance training

Another responsibility of Delegates is to communicate the interests of local boards to CSBA’s Board of Directors, Executive Committee and staff. Please describe your activities/involvement or interests in your local district or county office.

• Successfully initiated, funded, and led ten successful political campaigns: six bond measures ($2 Billion) and three parcel tax elections ($10.5 Million) – and one maintenance and recreation district ($1.8) and developed a unique collaboration with local cities to support our schools annually ($1.8 Million/year) all of which required the development of a strategic vision, alliance building, and consensus for action.

• Created and implemented a nationally recognized program designed to increase academic achievement by connecting with Ivy League institutions

Why are you interested in becoming a Delegate and what contribution do you feel you would make as a member of the Delegate Assembly?

Despite many challenges – including a devastating recession – I have worked with my colleagues to balance our district’s budgets, continue improving the quality of instruction, and worked with parents and community leaders on measures that allowed up to remodel or rebuild nearly every school in our district, while keeping class sizes down, and preserving counselors, afterschool programs, and librarians. I successfully led our district out of state financial control.

I am running for Delegate Assembly because I am passionate and have a strong commitment to our students. I believe I have made a real difference on the Board and I want to continue doing everything within my power to improve all California schools. I am proud of my record on the Board and believe I am uniquely qualified to lead through the difficult times ahead.

Subject: Report on Health Advisory - Student Bill of Rights

Meeting Date: March 6, 2013
Agenda Item: D.3

Background Information:

Founded in 2011, the WCCUSD Student Coalition is comprised of student representatives from each of the six school-based health centers (SBHCs) in the district. Student representatives meet monthly at one of the six SBHCs to discuss youth-led SBHC programs; to share lessons learned and best practices; and to advocate on behalf of SBHCs in the West Contra Costa County. Student Coalition members gain valuable presentation, public speaking, and advocacy skills, while developing their understanding of school and community health. Previous projects of the Student Coalition include the establishment of the "Our Voice, Our Rights: Youth Bill of Rights in the Health Center," the first youth-generated bill of rights for teens and young adults in the SBHC setting. Representatives are invited to statewide conferences, local meetings, and legislative visits, which expose them to the macro-level coordination of school health among other enrichment opportunities.

Former members of the Student Coalition have gone on to pursue health-related higher education and careers. Some have even continued as members of the California School Health Centers Association Youth Board, the statewide body for emerging school health leaders.
