15.05.110.030 Regulating Plan.

NOTES:
1. The T1, T2, T3NE, and T3NW Transect Zones are not mapped on this regulating plan at this time. It is intended that these zones will be mapped at a later date should the Form-Based Code be expanded to include a larger area within the City of Richmond.
2. The "Open" Sub Zones (T1N-O, T1MS-O, T5NS-O, and T6C-O) provide the same building form as the base transect zone (T1N, T1MS, T5NS, and T6C, respectively) but allow for a more diverse mix of uses.
