

City of Richmond  
YouthWORKS  
Summer Youth Employment Program  
2019

There are many advantages to becoming a worksite which include getting short term projects completed, curbing the temporary staffing cost, and most importantly, training the future of your field.

Last year over 150 young adults of the community of Richmond received an opportunity to work up to 100 hours in many of our local leading industries. Not only did they receive a sense of economic empowerment, they also gained a sense of responsibility that boosted their self-confidence, acquired new skills, and contributed to their household / Communities.
