• Additional Opportunities

• How can we best align existing City plans with HiAP?

• What are the specific goals, actions, and performance measures we should be considering for each department?
California’s Health in All Policies?

**CALIFORNIA DEFINITION**

- A HiAP approach recognizes that health and prevention are impacted by policies that are managed by non-health government and non-government entities, and that many strategies that improve health will also help to meet the policy objectives of other agencies.

- HiAP Task Force Report—Executive Summary pg. 4 and 5
Richmond’s Health in All Policies

- Health in All Policies is both a process and a goal.
- Richmond’s Health in All Policies Strategy is a collaborative approach with the goal of improving health equity by addressing the social determinants of health and integrating health into the decision making process across all departments of the City.
How can we best align existing City plans with HiAP?

- There is no formula or right way to implement HiAP.
