The City of Richmond invites you to the Richmond Urban Greening Project kick-off! Join us to learn more about urban greening and how it will benefit our community. After the morning workshop, you can get your hands dirty with a tree planting demonstration or participate in the first phase of the urban forest inventory process.

Please make sure to wear comfortable clothes and shoes.

This urban greening project is being funded in part by an Urban Greening for Sustainable Communities Planning Grant funded by The Safe Drinking Water, Water Quality and Supply, Flood Control, River and Coastal Protection Bond Act of 2006 and awarded by the California Strategic Growth Council.
