

Hon. Mayor and Members of the City Council:

This is the report for the week ending July 1st, 2022.

1. **Meeting Notes**

The next Regular City Council meeting is scheduled for Tuesday July 5th, 2022. Closed Session begins at 4:30 PM, followed by the Regular Meeting of the Richmond City Council at 6:30 PM. The agenda may be found by clicking on the following link: [July 5th City Council Agenda](#).

2. **Coronavirus (COVID-19) Updates**

The following information is an ongoing list of resources and significant updates regarding COVID-19. Please click on the images or visit the hyperlinks below for further information.

[Impact to City Services and Facilities](#)

[Health Information and Community Resources](#)

[Contra Costa County Coronavirus Updates](#)

[California Department of Public Health](#)

3. **Upcoming Events**

3rd of July Fireworks!

It's back! Join us in person this year for the return of the annual 3rd of July fireworks celebration! The community will be enjoying music, food, and the stunning view of the bay at Marina Bay Park while enjoying fireworks. Please see the flyer for more details or call (510) 620-6793.

*Please note that the event may be cancelled due to COVID-19 developments.

Recycling and Compost Refresher Webinar!

Join the City of Richmond, Environmental Initiatives Division and Republic Services for a **free** informational webinar on **Thursday, July 7th** from **12:30 PM – 1:30 PM**.

Webinar topics include:

- What is allowed in your compost and recycling bins
- How to dispose of household hazardous waste
- Important resources for sorting your trash and getting rid of bulky items

When: Thursday, July 7th

When: 12:30 PM – 1:30 PM

Where: [Zoom](#)

Cost: FREE

To register, please visit the [registration link](#). This webinar will be presented in English and Spanish and will include a Q&A session.

For more information visit, www.richmondenvironment.org or call (510) 620-6285.

The graphic is a three-column layout on a light green background. The central column features a large green recycling symbol at the top, followed by the title 'Recycling Refresher Webinar' in a large, white, serif font. Below the title, it lists the date and time: 'When: Thursday, July 7th', 'Time: 12:30 PM - 1:30 PM', and 'Where: shorturl.at/jtuMV'. At the bottom of the central column, it states 'Spanish Translation Services will be available'. The left column is titled 'Workshop Highlights' and lists four bullet points: '- What goes in which bin', '- The importance of Zero Waste', '- City's Food Ware Ordinance', and '- Ask questions about recycling or State laws'. Below the list is a QR code and the text 'Join the free recycling refresher by scanning the QR Code:'. The right column is titled 'Can't join or want to learn more?' and includes the text 'Watch the recording at, www.richmondenvironment.org'. Below this is the heading 'Recycling Questions?' followed by contact information: 'Email recyclingcoordinators@republicservices.com or call (510) 262-7140'. At the bottom right of the right column are the logos for 'REPUBLIC SERVICES' and 'Richmond'. A dark green banner at the very bottom of the graphic reads 'HOSTED BY THE CITY OF RICHMOND AND REPUBLIC SERVICES'.

Workshop Highlights

- What goes in which bin
- The importance of Zero Waste
- City's Food Ware Ordinance
- Ask questions about recycling or State laws

Join the free recycling refresher by scanning the QR Code:

Emergency Services Data Study

The City has hired a consultant to produce a report that examines the current workloads and service delivery of the Richmond Police and Fire Departments. The goal is to conduct an analysis of emergency calls for service and operations, as well as provide strategies to achieve the best use of existing resources. A comprehensive assessment of the types of emergencies residents report and our city's response to calls for service would help our city improve service delivery and determine where resources are needed. To learn more about the study, visit our [website](#).

Public input is important to this process. You are invited to attend an open town hall session with Matrix Consulting on July 14, 2022, at 6:00 PM. We will be discussing a wide range of topics related to police and fire services in Richmond. **Your input is essential.**

The forum will be held via Zoom. To register, please click [here](#). Please [download](#) our flyer and share the word with your fellow neighbors and community groups!

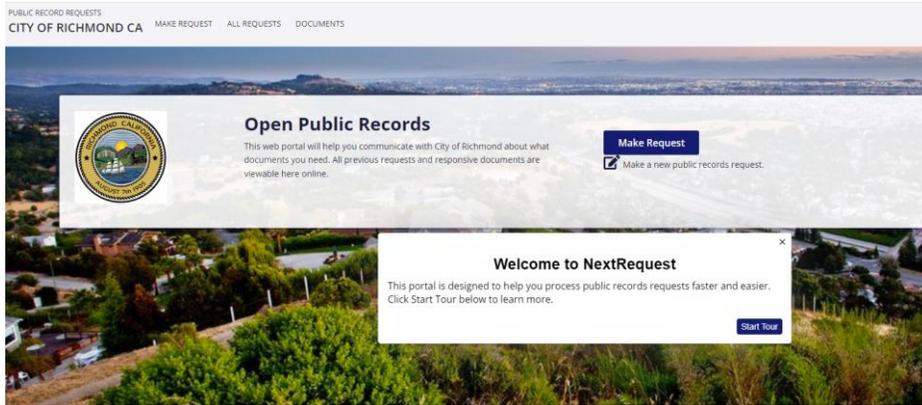

The flyer is a blue rectangular graphic with white and yellow text. In the top left corner, there is a yellow megaphone icon. The main title is 'Community Discussion: Police & Fire Services in Richmond' in white. Below the title, it says 'We will be discussing a wide range of topics related to police and fire services in Richmond. Your input is essential.' The date and time are listed as 'JULY 14th 6:00 PM'. To the right, it says 'Meeting Held Via Zoom. To Register:'. There is a QR code on the right side and the Richmond city logo in the center. At the bottom, it provides a link: 'Learn more: https://tinyurl.com/s24hby29'.

4. City Clerk's Office

New Public Records Request Portal

The Clerk's Office is happy to announce the launching of NextRequest for electronic processing of public records requests.

Link to the portal: <https://www.ci.richmond.ca.us/4331/Public-Records-Request>

5. **City Manager's Chronicles**

Meetings and events of note in the past week include the following:

- Provided opening remarks at the first Advancing Race Equity in Government workshop for our city employees
- Participated in the Regular Meeting of the Richmond City Council on Tuesday, June 28th City Council meeting
- Led the last two All-City staff meetings this week. The final meeting was held in person at the Public Works Corp Yard
- Met Director of Finance Delmy Cuellar, Revenue Manager Antonio Bañuelos, Project Manager Gabino Arredondo, and Administrative Analyst Shané Johnson to discuss the Measure U Administrative Rulings
- Conducted a site visit to the unhoused community at Ryding Road
- Signed necessary documents to apply for the \$35 TCC (Transformative Climate Communities) implementation grant, which was submitted on July 1st.

Continued one-on-one weekly meetings with members of the City Council, community members, the Management Leadership Team, Department Heads in our one-on-one check-ins, City Attorney's Office, and various City staff members.

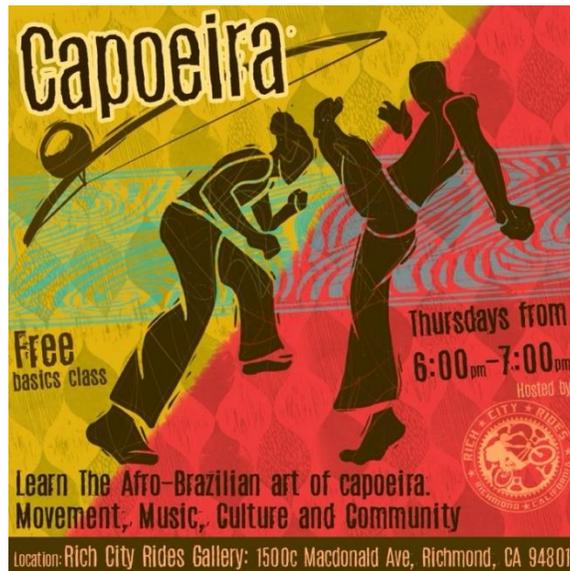

6. **City Manager's Office**

DEADLINE EXTENDED: Housing Authority of the County of Contra Costa (HACCC) Announces the Opening of the Project-Based Voucher (PBV) Waiting List

EXTENDED DEADLINE - Project-Based Voucher Wait List open from Monday, June 13, 2022, at 10:00 AM through **Thursday, July 21, 2022, at 4:00 PM**. Pre-applications will only be accepted for the properties listed below and can only be submitted online at www.contracostahousing.org . Please note that after July 21st, the waiting lists will be closed except for the Terraces Senior Apartments in Richmond.

Note: There will not be any on-site applications and HACCC office locations will not be distributing pre-applications.

Please be advised, **this is not for the housing voucher waiting list.**

[Access the Flyer Announcing the Opening of the PBV Waiting List- ENGLISH](#)
[Acceda al Folleto que Anuncia la Disponibilidad de la Lista de Espera del PBV - ESPAÑOL](#)

Eligible families will be referred to units subsidized with Section 8 Project-Based Vouchers from the Housing Authority of the County of Contra Costa in partnership with non-profit housing owners. The housing assistance is only available at the designated properties for families meeting the property restrictions as indicated below in the last column of the chart. After twelve months of residency, families will be eligible for a Housing Choice Voucher, *subject to availability*.

All requests for Reasonable Accommodation will be considered. Pre-Applications are available in foreign languages. If you need technical assistance with the online pre-application portal, please email ie@contracostahousing.org or leave a voicemail at (925) 957-7085. Include your name, phone number, and a description of the issue in your message.

Terminal 1 Salmon Delivery Event

On the evening of Sunday, June 19th, the City of Richmond hosted the Golden State Salmon Association and the State of California, Department of Fish and Wildlife (CDFW) to deliver 200,000 baby Salmon at the City's Terminal 1 location in Point Richmond. The Baby Salmon called "Smolt" were saved from drought and delivered through a coordinated event by the City Manager's Office, Golden State Salmon Association, State of California CDFW and leaders from the Richmond Police Activities League (RPAL). KCRT documented the event and Golden State Salmon Association provided a boat to host and take RPAL basketball league youth from the Harbor Master Wharf in the Marina to the site to observe the delivery of the Smolt to their new home along the Richmond shoreline. It was a good thing the Warriors won their Championship earlier in the week because this evening was also going to be the final game of the NBA championship series if the Warriors had not won. Richmond welcomes the 200,000 new Smolt and thanks those that coordinated this event.

7. **Community Development**

Transformative Climate Communities Implementation Grant

On Friday, July 1st the City of Richmond's Community Development Department, Employment and Training, Transportation, and City Manager's Office, in collaboration with PlaceWorks, GRID Alternatives Bay Area, Groundwork Richmond, Rich City Rides, Trust for Public Land, and Urban Tilth submitted an application for the California Strategic Growth Council's [Transformative Climate Communities Implementation Grant](#). The goal of the grant is to empower communities most impacted by pollution to choose their own goals, strategies, and projects to reduce greenhouse gas emissions and local air pollution. During this round, the SGC anticipates awarding two \$35 million grants.

We'd like to give a shout out to all of the co-applicants who worked on the application. A big thank you to the consultants and community partners who assisted: PlaceWorks, CSW/ST2, Pogo Park, MCE, Richmond Main Street Initiative, Gotcha, and Lifelong Medical Care.

The City's *Richmond Rising: Healthy, Connected, and Climate Smart* application focuses on the Iron Triangle, Coronado, and Santa Fe neighborhoods and includes the following project components:

- **Neighborhood Complete Streets** is focused on bike and ped infrastructure improvements along Harbour Way, from Hoffman Blvd to Pennsylvania Ave and Ohio Avenue, between 6th Street and Marina Way
- **Richmond Wellness Trail Phase 2** is focused on bike and ped infrastructure improvements along Marina Way South, south of Cutting Boulevard
- **E-bike Bike Share Program** expands Gotcha Bolt bikes and docking hubs, and provides a new E-bike Lending Library at Unity Park for long-term use
- **Resilient Homes for Healthy Communities** will provide no-cost solar, EV charging, energy efficiency, and electric appliances to low-income families in the Project Area
- **Basin of Relations** will expand a training program offering and installing grey water systems
- **Bosque del Barrio** focuses on tree planting and developing an Urban Canopy in the project area
- **ADA Accessible Garden** on the Richmond Greenway, next to Unity Park
- **Veggie Rx** will prescribe and provide free fresh fruits and veggies as preventive and restorative medicine

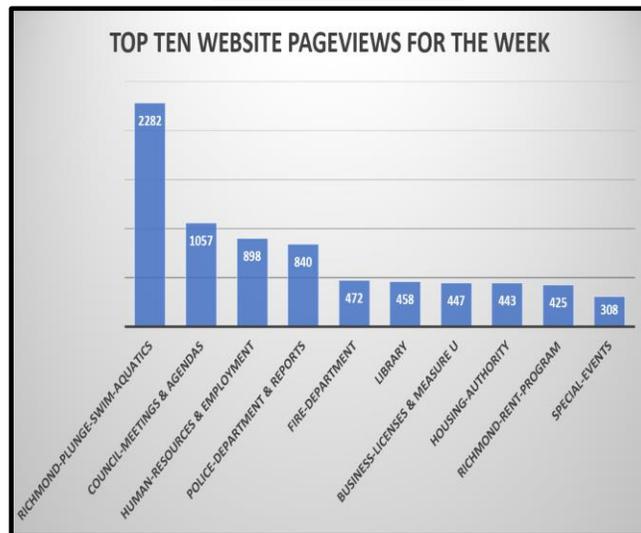

- **Orchard for ALL!** through fruit tree giveaways will create a community orchard using hundreds of Richmond backyards to increase access to fruits. Families sharing fruit will receive free access to fruit tree care services. Additionally, the Project includes three Transformative Plans focused on displacement avoidance, workforce development, and community engagement.

Applications will be reviewed by the Strategic Growth Council and award announcements are expected sometime in October.

Electrical (Inside wireman) Apprenticeship Program

The Alameda County Electrical Joint Apprenticeship and Training Committee is recruiting for their electrician apprenticeship program (inside wireman). This is a rare opportunity to access a union career in the electrical trades. Starting wage: \$25.32. For additional details on the application, visit the following link <https://www.595jadc.org/application-announcement>. Minimum requirements to apply: be at least 18 years of age; high school diploma or GED; successfully completed one full year of high school algebra with a passing grade of "C" or better; must submit an official high school transcript. you must apply in-person at Alameda County Electrical JATC; 14600 Catalina St., San Leandro, CA 94577. There are four application deadlines: **7/29**, and **10/28**. (Applications are only accepted between 1:00 PM-5:00 PM).

If you need assistance completing the application, don't hesitate to contact Cinthia Hernandez at RichmondWORKS 510-307-8019 or Chernandez@richmonworks.org.

The Alameda County Joint Apprenticeship and Training
Committee for the Electrical (Inside Wireman) Trade
14600 Catalina St., San Leandro, CA 94577-5707
(510) 351-5282 email: info@595jatc.org
Website Address: www.595jatc.org

Application Announcement

POSITION: Apprentice Electrician (Inside Wireman) **STARTING WAGE:** \$25.32 /Hr.
Five-year apprenticeship program. Apprentices work during the day (paid employment) and attend classes during day and evenings. A Journeyman certificate is awarded upon successful completion.

DUTIES: The apprentice works directly under the supervision of a qualified Journeyman Electrician in installing or maintaining a variety of approved wiring methods for distribution of electrical light, heat, power, radio and signaling utilization systems. The work is performed in existing or new residential, commercial and industrial buildings and includes street and highway lighting, traffic signal and other outdoor above and below grade installations. The trade requires considerable physical effort on the part of the apprentice to do lifting, climbing, crouching and working in cramped areas.

BOOK COSTS: Approximately \$3,500.00 to \$4,000.00 (\$600.00 for 1st year) over the period of the 5 year program.

TOOL COSTS: Approximately \$500.00

MINIMUM REQUIREMENTS TO APPLY:

- **AGE REQUIREMENT:** Must be at least 18 years of age at the time of application, with photo I.D. such as a drivers license or identification card issued by the D.M.V. Must have a valid drivers license at time of indenture.
- Must be able to perform the work of the trade. (see duties above)

(Must Show Evidence of the following):

- **EDUCATION REQUIREMENT:** Must be a high school graduate or have a GED. In lieu of a high school diploma or GED may have a two year Associate Degree or higher.
- **ALGEBRA REQUIREMENT:** Must show evidence of successful completion of: one full year of high school algebra with a passing grade of "C" or better, or one semester post high school algebra course (e.g. Adult Education, Continuing Education, Community College, etc.) with a passing grade of "C" or better, or provide evidence of having successfully completed the NJATC Math Course (available on line at (<http://electricaltrainingalliance.org/Learning/OnlineTechMath>) *Pre-Algebra does not meet this requirement.*
- **DOCUMENTATION REQUIREMENT:** Applicant must provide ****official transcripts** (in English) to meet the above requirements. *Non-English diplomas and/or transcripts must be translated and notarized with the embossed notary seal.

**An official transcript is a certified statement of your academic record. Transcripts may be printed on security sensitive paper, contain the embossed school seal, the signature of the school Registrar and in a sealed envelope. The official electronic transcript is a PDF secured by a digital certificate.

ALL REQUIRED DOCUMENTATION SHOULD BE SUBMITTED WITHIN 10 BUSINESS DAYS AFTER APPLICATION DATE.

- If accepted into the program, applicants will be required to take and pass a pre-employment drug test.

QUALIFYING EXAMINATIONS: All applicants who meet the above qualifications will be scheduled to take a written qualifying examination (reading comprehension and algebra).

QUALIFYING INTERVIEW: Applicants who pass the qualifying exam will be scheduled for an oral interview by the Committee. The Committee members will ask standard questions that will help them determine the applicant's ability to become an apprentice electrician. The names of interviewed applicants will be placed on the Eligibility List for Electrical Apprenticeship for two years per "Cal Plan" requirements.

WHEN AND WHERE TO APPLY: **There are 4 application dates for 2022.**

- Friday, January 28, 2022
- Friday, April 29, 2022
- Friday, July 29, 2022
- Friday, October 28, 2022

Applications will only be taken between the hours of 1:00pm - 5:00pm.

You must apply in person, on your own behalf on of the dates listed above.

California drivers license or other photo ID must be presented at time of application. Apply at:
Alameda County Electrical JATC, 14600 Catalina St., San Leandro, CA 94577

*Women and Minorities are encouraged to apply
*A set of eligible applicants will serve in 24 months following selection in compliance with "California Plan"

- **West Contra Costa Adult Education** offers a variety of classes and FREE Career Training Opportunities. For a list of the courses provided at WCC Adult Ed, please visit: <https://www.wccadulthoodeducation.com/classes>
- **The State of California** offers a wide variety of careers and jobs. For a list of job opportunities, visit CalCareers for more information.
- **Pacific States Petroleum**, currently is hiring Class A and Class B drivers for a list of available positions; visit Job Opportunities - PacStatesPetro

Library

BikeMobile Repair Event at Main Library

Members of Bay Area BikeMobile came to the Richmond Public Library on June 22nd to repair bikes for Richmond residents and library patrons. The event was planned to take place from 12:30 PM to 3:30 PM but the crew arrived early and stayed late increasing the number of bikes repaired from an estimated 20 to an actual number of 35 bikes. As part of their mission to create healthier communities through access to biking, they fixed flat tires, adjusted brakes and gears, and replaced broken or worn-out parts like chains, seats and tires. They even assembled one resident's new bicycle!

BikeMobile partners with schools and community-based organizations to provide free bike repair and education for youth, parents, and youth workers in the Bay Area. Bay Area BikeMobile is a Spare the Air Youth Program. Another event is planned for later this summer. For more information on Bay Area BikeMobile visit their website at www.BayAreaBikeMobile.org

July Adult Craft Kit

Fold a hedgehog with this adult craft kit. Each kit comes with a book, paper leaves to color in, and a black piece of paper to cut out eyes, a nose and paws. Kits are available at the Main Library while supplies last. For more information, please contact the Main Library Adult Reference Desk at (510) 620-6561.

Adult Summer Bingo Game

Play the Richmond Public Library's Adult Summer Bingo Game. Complete four boxes in a row to make a bingo. Return the game card to be entered into a drawing for a prize! Play now until August 15th. For more information visit www.richmondlibrary.org or call the Main Adult Reference Desk at (510) 620-6561.

Summer Outreach In The Community!

For the 6th year, we received a grant from the California State Library for summer outreach to the community. We will use the funds to partner with schools providing free summer lunch.

We will present the performers Coventry & Kaluza at the Freedom School on the campus of King Elementary on Thursday, July 7th at 12:00 NOON. We look forward to providing book distributions at several free lunch sites later in the summer.

10. Public Works

Abatement

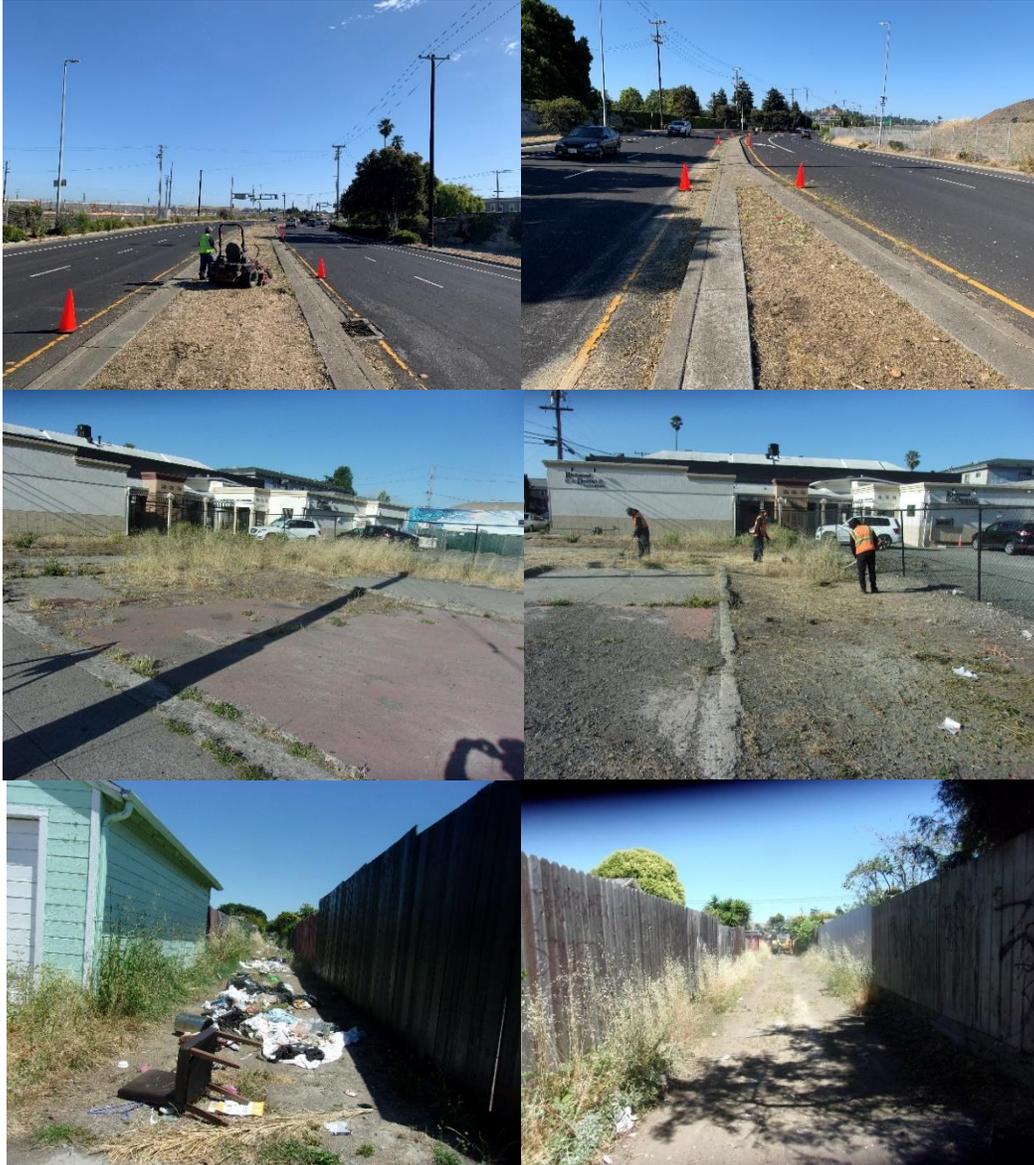

Abatement crews assisted 44 seniors and disabled citizens during the Richmond Annex Dumpster Day Clean-Up; abated weeds from the Richmond Parkway, abated City owned lots and alleyways, removed debris near encampments, removed illegally dumped debris and graffiti from various locations throughout the City.

Dumpster Day/Senior & Disabled Assistance

Rydin Encampment Debris Removal

Richmond Parkway/Lot & Alley Abatement

Illegal Dumping & Graffiti Removal

Building Maintenance

Stationary Engineers performed daily pool maintenance and Civic Center Plaza boiler inspections, installed a drinking fountain at Nichol Park, repaired the dishwasher at Fire Station #67, replaced the run capacitor on the air conditioning unit at Fire Station #68, fixed a toilet at the Nevin Community Center, repaired a urinal at the Recreation Complex, cleared the main sewer line at the Senior Community Center and replaced the exhaust fan belts on the rooftop system of 440 Civic Center Plaza.

Water Fountain Installation

Engineering

Yellow Brick Road Project – Ghilotti Bros, Inc. (GBI), removed tree protection on the existing trees along 8th Street near Barrett Avenue and began the miscellaneous concrete sidewalk work on 8th Street from Barrett to Pennsylvania Avenues.

GBI poured concrete to restore all the remaining sidewalk sections. The landscape subcontractor completed the structural soil placement at the tree wells, including the

drain rock and mulch. They also completed the mulch placement at the planters and bulb-outs.

The electrical subcontractor continued with traffic signal modifications at 5th Street and Pennsylvania Ave.

This week GBI is restoring the southeast corner at Ripley Avenue and 8th Street and will perform some minor pavement work near Barrett Avenue and 8th Street.

The slurry seal has begun along Pennsylvania Avenue from 3rd to 9th Streets, and on 7th Street from Acacia to Pennsylvania Avenues. The remaining crosswalk treatment at Elm and Ripley Avenue intersections will also be completed this week.

Mulch Placement

Slurry Sealing

Parks and Landscaping

General fund crews removed debris from Point Molate and Point Richmond, fixed the irrigation systems at multiple locations, weed abated in Point Richmond and on Canal Boulevard, performed maintenance around Terminal 3 at the Port, removed debris from all parks, maintained the ballfields at Nicholl Park, removed debris from the Greenway and mowed all parks.

Terminal 3 Maintenance

Ballfield Maintenance

Marina District crews removed debris from parks and parking lots, replaced dog waste bags, removed graffiti from various locations, performed maintenance along the Bay Trail and on the medians near Shimada Park, abated weeds along Esplanade Avenue, pest control, completed the installation the Soil Solarization Project at Lucretia Edwards Park, manual abated weeds on the planters of Sand Beach and removed pine needles from multiple locations.

Soil Solarization Project

Hilltop District crews, abated weeds and removed damaged trees on the Richmond Parkway, repaired irrigation systems at Country Club Vista Park and removed illegal dumping on Lakeside and Research Drives.

Richmond Parkway Maintenance

Streets

Pavement maintenance crews grinded and paved on Barnard Street from Annapolis Avenue to Jo Ann Drive, removed illegally dumped pavement grindings and worked from the outstanding pothole list.

Paving on Barnard Street

Illegal Dumping Removal

Street sweeping crews swept the following neighborhood council areas on the fourth Monday and Tuesday and the fifth Wednesday, Thursday, and Friday: Santa Fe, Point Richmond, Marina Bay, Coronado, Metro Richmore Village, Pullman, Cortez/Stege, Park Plaza, City Center, Parchester Village, Hilltop Bayview, Hilltop Green and Fairmede/Hilltop. Staff also swept medians on the fifth days.

Signs and Lines staff refreshed six “Stop” messages, painted 350’ of red curbs and fabricated 16 signs.

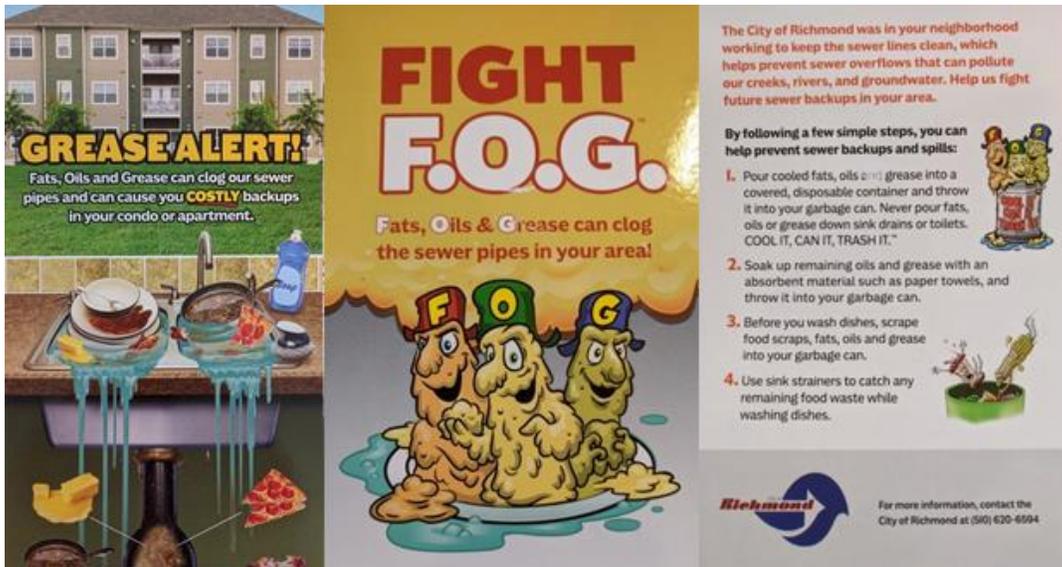

Red Curb Installation

Water Resource Recovery Division

Wastewater Treatment Plant – Fats, Oils, & Grease (FOG)

Please! Do not put grease down the drain! Heavy grease has been reported at Richmond's sewer treatment plant. Grease clogs pipes and can be detrimental to the function of the plant.

For more information about Fats, Oils, and Grease (FOG), please call 510-620-6594.

Planta de Tratamiento de Aguas Residuales – Aceites y Grasas (FOG)

¡por favor! ¡no ponga grasa por el drenaje! Se ha reportado grasa pesada en la planta de tratamiento de alcantarillado de Richmond. La grasa obstruye las tuberías y puede ser perjudicial para la función de la planta.

Para obtener más información sobre aceites y grasas (FOG), llame al 510-620-6594.

Sewer Lateral Grant Program

The City of Richmond’s Water Resource Recovery Division administers the Sewer Lateral Grant Program. The program reimburses eligible homeowners in the Richmond

Municipal Sewer District (RMSD No. 1) for some of the cost to replace their sewer lateral.

The program is open and accepting applications for the Fiscal Year 2022-2023 for sewer lateral work completed between 7/1/2022-6/30/2023.

For more information about the Sewer Lateral Grant Program, please visit www.ci.richmond.ca.us/2130/Sewer-Lateral-Grant-Program or call 510-620-6594.

Sewer Lateral Grant Program Application Guidelines

Application and copies of the required documents listed below must be submitted to:
 Water Resource Recovery Division – 450 Civic Center Plaza, 2nd Floor, Richmond, CA 94804
 Counter Hours: Monday-Friday 8:30am-4pm
WRR@ci.richmond.ca.us

The City of Richmond recommends obtaining estimates from at least three (3) contractors.

Eligibility:

- ◆ Parcels served by the City of Richmond Sanitary Municipal Sewer District.
- ◆ Sewer lateral replacement must be completed **BEFORE** applying for the Sewer Lateral Grant Program.
- ◆ A full line replacement must be completed.
- ◆ If you have previously received a Sewer Lateral Grant reimbursement, you will not be eligible to apply.

Required Documents:

- ◆ Only Lateral Grant Applications dated 6/30/2022 or newer will be accepted.
- ◆ Contractor's final paid in full invoice.
- ◆ Proof of payment (copy of canceled check, credit card receipt, or bank statement are accepted).
- ◆ Certificate of Lateral Compliance (issued by the City after encroachment permit inspections are approved).
- ◆ Grant Deed (change of ownership taken place within last 3 months and/or if property is under a Trust).
- ◆ Tax-exempt organizations must submit proof of tax-exempt status.

Award Limits:

- Each fiscal year the City allocates sewer lateral grant funds to be awarded for private sewer lateral replacement.
- This program can be suspended at any time without prior or advanced notification or posting.
- Property owner(s) are eligible for **ONE (1)** sewer lateral grant reimbursement award in a lifetime on a first come, first served basis until all sewer lateral funds are exhausted.
- Starting July 1, 2022 and ending June 30, 2023, the complete sewer lateral grant reimbursement amount is \$2,800 per application.
- Incomplete applications will **NOT** be accepted.
- Applications will be accepted via email and mail at this time. This is subject to change.
- No applications will be accepted after the sewer lateral grant funds are exhausted.
- Reimbursement may take approximately 6 weeks from the date the completed application is received and approved by the City.

High Priority Critical Improvements Projects

The City of Richmond and Veolia Water (Veolia) are implementing High Priority Critical Improvements Projects at the City's Wastewater Treatment Plant (WWTP), which is managed and operated by Veolia. The purpose of the projects is to replace aging and unreliable infrastructure, improve treatment operating efficiency, comply with future discharge regulations, and improve the functionality of the existing WWTP. The improvements were identified through previous planning efforts, including the 2010 WWTP Master Plan and the 2016 WWTP Facility Plan, to construct the following elements of the WWTP Critical Improvements Projects: (1) New screening and grit removal facilities; (2) Aeration upgrades; and (3) Demolition of existing facilities and site clearing in preparation for future WWTP Facilities. The projects are expected to take approximately 2 ½ years to complete.

Shimmick continued working on the biofilter with the concrete placement of the south slab. They also continued working on the Pista Grit by doubling up wall forms, pouring concrete of walls 2B, 2D & 2E and stripping said forms. Shimmick continued working in the fine screening facility placing the wall forms and rebar. Additionally, Shimmick continued their work in the new electrical switchgear building, completing the duct banks that will stub-up in that facility, forming up the slab and installing the reinforcing steel (rebar). In the blower building area, Shimmick worked on the roofing system, and they also started the installation of the 3-water header in aeration basins 4.

Biofilter: Shimmick doing the concrete finish of the south slab.

Biofilter: Shimmick doing the concrete finish of the south slab.

Pista Grit: Shimmick's carpenters installing wall forms.

Pista Grit: Shimmick during the concrete placement of walls 2B, 2D & 2E.

Pista Grit: Shimmick during the concrete placement of walls 2B, 2D & 2E.

Pista Grit: Shimmick's carpenters stripping the forms of the walls that were previously poured with concrete.

Pista Grit: Different views of the walls after the forms were removed. Above, opening for the new door; below, the interior of the grit pump room.

Screening facility: Shimmick started installation of the single side forms of the walls.

Screening facility: Conco (Shimmick's rebar sub) during the installation of the wall rebar.

New electrical building: Shimmick completing the concrete placement of the duct bank and duct bank risers. Also, Shimmick's carpenters installing the slab forms. Finally, Conco installing the rebar for the concrete slab.

Blower building: On the left, Shimmick working on the scuppers and on the right, material for the roofing systems is being delivered to the jobsite.

Blower building: Shimmick during the installation of the Thermoplastic Polyolefin (TPO) membrane roofing system.

Aeration basins: on top. Shimmick drilling for the anchors to support a new slide gate in aeration basin 3A; below panoramic view of the beginning of the 3W piping installation on the north end of aeration basin 4B.

Aeration basins: Shimmick during the installation of the 3-water header in aeration basin 4. Installation consists of 10" Ductile Iron Pipe (DIP) and stainless-steel supports.

First Street Relief Sewer Project

The First Street Relief Sewer and Pipeline Rehabilitation Project is the final of four design projects from the comprehensive 2016 Collection System Design Project, which also included the construction of the Cutting/Carlson and Hoffman Project (originally two projects), and the Macdonald and Virginia Wet Weather Improvement Project. The Project consists of approximately 3,743 lineal feet of open cut replacement of existing 6-inch sewer, approximately 1,696 lineal feet of open cut replacement of existing 8-inch sewer, approximately 631 lineal feet of open cut replacement of existing 10-inch sewer, and approximately 125 lineal feet of open cut replacement of existing 18-in sewer.

To date, D'Arcy & Harty Construction has completed replacement of the entire 6,195 total lineal feet of sewer main line piping included in the project scope. Pipe replacement work was completed in December 2021. The Contractor has completed filming all segments of NASSCO compliant CCTV video. The first set of post CCTV videos (full line replacements) was provided in January 2022. Review by V.W. Housen and Associates team started in February 2022. Final post CCTV videos (point repairs) were submitted May 2022. Review of post CCTV videos and As-Built Drawings is nearing completion in June 2022. The next step will be to schedule final pavement restoration.

High Priority Sewer Line Replacement Project

The High Priority Sewer Line Replacement Project replaces (8) pipelines with a combined length of around 2,700 lineal feet. Scope of work includes reconnection of existing laterals at mains, connection to existing manholes and hardscape and pavement restorations.

To date, D'Arcy & Harty Construction has completed sewer main replacement installations at Potrero and 41st, 12277 San Pablo Ave, 1903 Garvin Avenue, 311 - 341 E Richmond, Dimm Street (right of way in street) between Barrett & Humboldt and 1460 Rifle Range Road. On June 23, 2022, D'Arcy and Harty mobilized to 550 Key Blvd to perform sewer mainline replacement and addition of strategically placed manholes for future access and maintenance. The replacement is being accomplished via the "pipe bursting" method. It will take two weeks to complete this segment. Sewer Main replacement is scheduled for June 20 - July 1, 2022.

Contractor D'Arcy & Harty has remobilized to 550 Key Blvd to perform sewer mainline replacement via "pipe bursting". Below is an electrofused saddle, which is thermally welded to the new 6" HDPE sewer main and is used as a tap to connect the homeowner's existing service lateral to the new main line.

2021 Grade 5 RAA Line Replacement Project

The 2021 Grade 5 RAA (Risk Assessment Analysis) Replacement Project replaces seven sewer pipelines with an approximate combined length of 760 lineal feet. The work includes replacement of deteriorated sewer pipe segments within the collection system using pipe bursting or open cut methods.

W.R. Forde has completed installations at 21st Street and Potrero; Rheem and 23rd Street; 4925 Macdonald ("Planet Fitness"); Virginia and 22nd Streets, 1600 Chanslor; AC Transit / 21st Street between Bissell and Carlson and 403 McLaughlin. NASSCO level Post CCTV and As-Built Drawings for all replaced mainline segments were hand delivered to V.W. Housen Associates on 3/29/22. Review of As-Built Drawings and Post CCTV is complete.

Marina Bay Parkway Force Main Extension Project

The Marina Bay Parkway Force Main Extension Project extends the existing Marina Bay Parkway forcemain to a new manhole at the intersection of Pierson Avenue and Marina Bay Parkway and installs a new gravity sewer pipeline from the Pierson/Jetty Drive intersection, across Marina Bay Parkway. This piping reconfiguration will eliminate sanitary sewer overflows that occur from depressed manholes located at the intersection of Marina Bay Parkway and Pierson Avenue.

The project work was initially completed in December 2021. The Contractor returned recently to install a bolt down manhole frame and cover on the new manhole at the termination of the Force Main. The material for the manhole frame and cover were a long-lead item and were installed in early March 2022. The TA for additional scope to alleviate future SSO's by adding 991 LF of 8" gravity sewer main and three (3) new manholes with bolt down covers along 27th Street was submitted to the City on 3/14/22. This critical scope is targeted for inclusion in a future agenda in a regular City Council meeting, potentially July 19, 2022.

Sodium Bisulfite (SBS) Facility Improvements Project

The City of Richmond (COR) and West County Agency (WCA) entered into a Joint Powers Agreement (JPA) on July 27, 2020, to share the design and construction costs associated with the new Sodium Bisulfite Facility construction and system upgrade.

During the design of the new SBS Facility, WCA and the COR agreed to upgrade the SHS mechanical, electrical, plumbing, instrumentation, and SCADA system, as well. Myers & Sons Construction, LLC is the Contractor. The SBS Facility Improvements Project includes the following major elements:

- New sodium bisulfite and sodium hypochlorite chemical metering and instrumentation systems to replace the existing chemical metering and instrumentation systems.
- Sodium bisulfite and sodium hypochlorite improvements include civil, structural, mechanical, electrical, instrumentation and SCADA system and facility improvements.
- Demolition of existing facilities for project improvements.

Myers & Sons continued construction of the Concrete Masonry Unit (CMU) walls of the electrical and pump room. Additionally, Myers worked on the new roll-up door installation and completed the placing of some 3 water and 1 water piping segments.

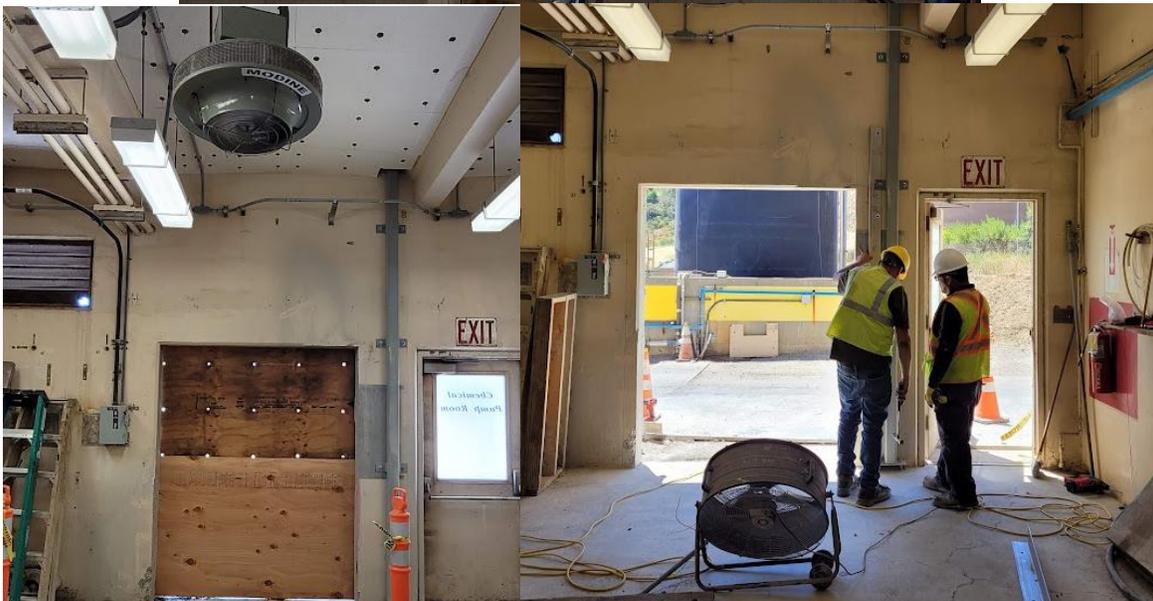

Myers and Sons during installation of the CMU block walls of the new SBS facility, which is accomplished in measured, four feet stages.

Above, Myers and Sons during installation of the CMU block walls of the new SBS facility, which is accomplished in measured, four feet stages; below is the grout placement of the final lift.

Myers and Sons during the final grout placement of the new CMU block walls.

Disinfection building: The installation of a new roll-up door, which was designed to fit the new chemical delivery skids.

Myers digging up a trench for the installation of the 3 water and 1 water piping that will serve the new facility with service and potable water (eye wash station). Below, the new chemical skids were delivered to the job site.

Delivery of new SBS polyethylene tanks for future chemical storage.

SCADA Upgrade Project

The SCADA project (an acronym for Supervisory Control and Data Acquisition) will standardize, replace, and configure the existing SCADA Network communication, the majority of which is outdated, failing and has exceeded its useful life. An upgraded SCADA system is crucial to allow for Veolia Staff at the City of Richmond's Wastewater Treatment Plant to monitor and control processes locally and at remote locations, including remote telemetry of the City's lift stations.

The contractor is Calcon Systems, Inc. The project is 100% complete. Two conditions were discovered by Veolia and Calcon towards the end of Calcon's contract, for which Veolia has submitted a TA request for a change order to correct (repair). The first includes battery backup power systems to eliminate power failure conditions, which occurred recently and resulted in WWTP system outages. The second includes repairing blower communication faults. But these two items do not affect the programming, which is complete.

Trash Capture Project, Bayview (currently in design)

In 2017, Caltrans and the City of Richmond collaborated to implement the Trash Capture Project. The Contech Engineered Solutions CDS system is a below-ground, flow-through treatment device that uses multiple treatment processes including swirl concentration and continuous deflective separation (CDS) to screen, separate and trap trash, debris, sediment, hydrocarbons, and other pollutants from stormwater runoff. Veolia Water, in conjunction with the City of Richmond, successfully installed four such devices in 2017, 2018, 2019 and 2021; another device is being installed in 2022 on Bayview.

Design Meetings continue to be held every other Tuesday at 2:30 pm. The "End of the Pipe" Location at the Bayview Outfall has been determined to be the most feasible location for the new Double Chambered CDS Units. The configuration will be similar to the Meeker Ditch Project of 2019. Final sizing is being confirmed from updated Flow and Drainage information. A meeting in the field was set up for June 15th with the County's CORE Outreach Team to assist with arrangements for unhoused residents living in the vicinity of the proposed installation. Coordination with CalTrans and Environmental Studies and permitting are underway.

Thank you for keeping up with the activities in the City of Richmond. Feel free to contact the City Manager's Office if you have any questions or comments about these or any other items of interest to you.

Thank You!
