First Annual Citywide Garage Sale – Register Now!

Registration is now open for the first annual Citywide Garage Sale! In response to resident requests, the Recreation Division is coordinating the first annual Citywide Garage Sale on **Saturday, May 13, 2023, from 9:00 AM to 3:00 PM**. Following the El Cerrito Citywide Garage Sale model, this event will encourage residents to reuse and recycle locally and help garage sale hosts reduce clutter!

How it works:

- Residents register their households to host a garage sale. There is a \$10.00 non-refundable registration fee.
- The Recreation Division gathers information and creates a map of registered households ahead of the event. The map will be published at least one week ahead of the event online.
- On the day of the event, shoppers access the map to easily find a list of garage sale locations and descriptions.
- This event is rain or shine. In any circumstance, including inclement weather, it will be the host's purview to cancel or proceed. The garage sale map will not reflect any cancelations received after the registration deadline. If a garage sale host is not present when you arrive, you would simply move on to the next location.

How to register to host a garage sale:

- **In Person:** Download the [Citywide Garage Sale Registration Form](#) and bring it to the Recreation Complex, 3230 Macdonald Ave. Pay the non-refundable registration fee of \$10.
 - Payment types accepted: all major credit cards, checks, money orders, and cash. Checks and money orders should be made payable to City of Richmond.
- **Online:** Register online on our ActiveNet platform by [clicking here](#). You will be required to create an account or log in. Pay the non-refundable registration fee of \$10 online.
- **Registration Deadline:** The deadline to register in person or online is Friday, April 14, 2023.

Feedback Needed! PG&E's Wildfire Mitigation Plan (WMP)

The City Manager's Office, Economic Development Department encourages residents to submit comments and feedback on PG&E's Wildfire Mitigation Plan (WMP) filed on March 27, 2023, with the California Public Utilities Commission (CPUC). This is the opportunity for community members to communicate priority areas in Richmond that need to be addressed in the WMP.

In compliance with California SB 901, AB 1054, and guidelines from the Office of Energy Infrastructure Safety (Energy Safety), the 2023-2025 WMP addresses PG&E's wildfire safety programs and initiatives focused on reducing the potential for catastrophic wildfires related to electrical equipment, reducing the potential for fires to spread, and containing the customer impact of EPSS/PSPS events.

- PG&E's 2023-2025 WMP filing is located at [pge.com/wildfiremitigationplan](https://www.pge.com/wildfiremitigationplan).
- Public comments are due to the Office of Energy Infrastructure Safety by **May 26, 2023**:
 - Comments from the public can be submitted directly to the Office of Energy Infrastructure Safety on their website at: <https://efiling.energysafety.ca.gov/EFiling/DocketInformation.aspx?docketnumber=2023-2025-WMPs>.
- Following the public comment period, PG&E will then submit a consolidated reply by June 5, 2023.
- A draft decision on the WMP is expected to be issued in July 2023.
- For any questions about this process, please email the Office of Energy Infrastructure Safety at efiling@energysafety.ca.gov.

Survey Now Open: Richmond Residents' Experiences with Crisis Response

Richmond residents and officials are developing a program to respond to some low-level calls to 911 and the non-emergency number with well-trained community members. Urban Strategies Council (USC), a not-for-profit research and social justice organization, is learning from Richmond residents' experiences with the emergency response system, community crises, and community needs.

Your survey answers will help design Richmond's Community Crisis Response Program, a new community-based response system with a focus on harm reduction strategies that better serve residents in need and enable traditional emergency responders to focus on violent crimes and serious crises.

Spring Break Camp Recap

What an amazing week we had at the Richmond Recreation Complex during our Spring Break Camp! Over 60 eager participants joined us for a week of non-stop fun and excitement. Our campers enjoyed a diverse range of games such as dodgeball, gaga ball, capture the flag, and so many more. We even had coloring pages for our budding artists to exercise their fine motor skills.

The week started off beautifully with amazing weather, allowing the campers to play to their hearts' content on the play structure at Nicholl Park. On Tuesday, the campers were treated to a refreshing swim at the Richmond Swim Center in the afternoon. And, of course, we couldn't have Spring Break without dying eggs and making adorable spring bunnies!

The cherry on top of an already fantastic week was the epic dodgeball game on Friday where the campers faced off against the staff. The day ended with a pizza party and a slideshow of all the week's memories. If you weren't able to join us this time, don't worry! Summer camps are right around the corner, and you won't want to miss out on all the fun we have in store.

Fats Oils & Grease (FOG)

Do not pour grease down the drain! Grease continues to be a problem in the sanitary sewer system and the Richmond Wastewater Treatment Plant. Grease clogs pipes and can be detrimental to the function of the plant. It can also lead to sanitary sewer overflows (SSOs).

Fats, Oils & Grease can clog the sewer pipes in your area!

The City of Richmond was in your neighborhood working to keep the sewer lines clean, which helps prevent sewer overflows that can pollute our creeks, rivers, and groundwater. Help us fight future sewer backups in your area.

By following a few simple steps, you can help prevent sewer backups and spills:

1. Pour cooled fats, oils and grease into a covered, disposable container and throw it into your garbage can. Never pour fats, oils or grease down sink drains or toilets. **COOL IT, CAN IT, TRASH IT.**
2. Soak up remaining oils and grease with an absorbent material such as paper towels, and throw it into your garbage can.
3. Before you wash dishes, scrape food scraps, fats, oils and grease into your garbage can.
4. Use sink strainers to catch any remaining food waste while washing dishes.
