Get Ready to Shop the First Annual Citywide Garage Sale!

Get ready to shop the first annual Citywide Garage Sale on Saturday, May 13, 2023, from 9:00 A.M. to 3:00 P.M.! We have over 75 garage sales registered!

Following the El Cerrito Citywide Garage Sale model, this event will encourage residents to reuse and recycle locally and help garage sale hosts reduce clutter.

How it works

- The Recreation Division has received all registration information. We are now verifying information and starting to create a map of registered households. The map will be published at least one (1) week ahead of the event online at: www.tinyurl.com/richmondgaragesale
- On the day of the event, shoppers access the map to easily find a list of garage sale locations and descriptions.
- This event is rain or shine. In any circumstance, including inclement weather, it will be the host's purview to cancel or proceed. The garage sale map may not reflect any cancellations received after the registration deadline. If a garage sale host is not present when you arrive, shoppers should simply move on to the next location.

Visit www.tinyurl.com/RichmondGarageSale or call (510) 620-6793 for more information!

FATS OILS & GREASE (FOG)

DO NOT POUR GREASE DOWN THE DRAIN! Grease continues to be a problem in the sanitary sewer system and the Richmond Wastewater Treatment Plant. Grease clogs pipes and can be detrimental to the function of the plant. It can also lead to sanitary sewer overflows (SSOs).

For more information about Fats, Oils, and Grease (FOG), please call (510) 620-6594.

GREASE ALERT!
Fats, Oils and Grease can clog our sewer pipes and can cause you **COSTLY** backups in your condo or apartment.

FIGHT F.O.G.

Fats, Oils & Grease can clog the sewer pipes in your area!

The City of Richmond was in your neighborhood working to keep the sewer lines clean, which helps prevent sewer overflows that can pollute our creeks, rivers, and groundwater. Help us fight future sewer backups in your area.

By following a few simple steps, you can help prevent sewer backups and spills:

1. Pour cooled fats, oils and grease into a covered, disposable container and throw it into your garbage can. Never pour fats, oils or grease down sink drains or toilets. COOL IT, CAN IT, TRASH IT.
2. Soak up remaining oils and grease with an absorbent material such as paper towels, and throw it into your garbage can.
3. Before you wash dishes, scrape food scraps, fats, oils and grease into your garbage can.
4. Use sink strainers to catch any remaining food waste while washing dishes.
