4. **City Manager's Chronicles**

Meetings and events of note in the past week include the following:

- Along with Deputy City Manager LaShonda White and Deputy Director of Community Services – Employment and Training Tamara Walker, I attended the California Workforce Association Meeting of the Minds Conference in Monterey. Some of the key workshops I attended focused on the introducing the use of artificial intelligence (AI) in the workforce, recruiting and retaining a talented workforce, and learning from various leaders across the workforce industry in

California, including our very own Fred Lucero and Elisandro Garcia from Employment and Training!

- Reviewed and provided direction on several agenda items, in preparation for the September 12th City Council meeting.

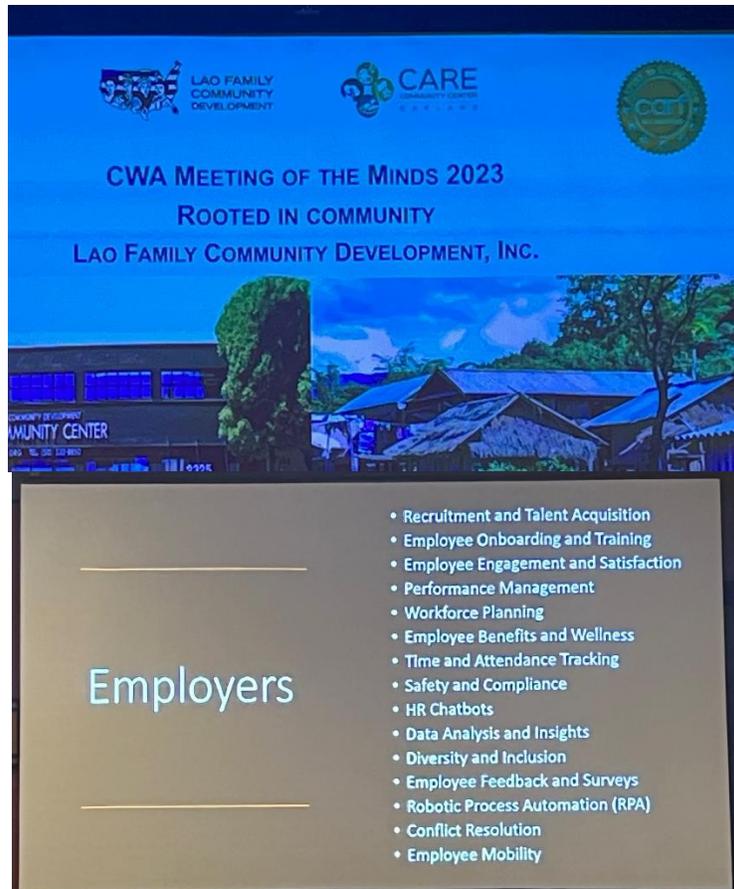

The image is a composite of three parts. The top part shows a man in a dark suit and white shirt standing on a stage. Behind him are two large vertical banners. Each banner features a stylized tree with colorful leaves (purple, orange, yellow) and two hands holding the base of the tree. The text on the banners reads: "CWO2 MEETING OF THE MINDS 2022" at the top, "ROOTED IN COMMUNITY" in the middle, and "WORKING TOGETHER TOWARDS SUCCESS" at the bottom. The middle part is a screenshot of a video advertisement for the "EmployABILITY Business Grant Recipients Growing Upward". It shows a man and a woman in a rural setting, with the man holding a basket of eggs. Logos for "DOR", "EmployABILITY BUSINESS GRANT", and "SMALL BUSINESS" are visible at the bottom of the ad. The bottom part is a flowchart titled "Reinforce Bias". It consists of four boxes connected by arrows in a clockwise cycle: "Negative Thought Life" points to "Spoken Negative Thoughts", which points down to "Behavioral Bias", which points left to "Self Fulfilling Prophecies", which points up back to "Negative Thought Life".

An update from Richmond Promise Executive Director, Christopher Whitmore

Students are back in school, and our team is gearing up for an exciting fall. But first, I'd like to share a bit of what we did in August - it was a busy month at Richmond Promise!

Summer Programming for 2nd Year Students

This August, for the first time, we hosted workshops for students entering their second year of college. Our Scholar Success team facilitated two in-person sessions, held at Contra Costa College in San Pablo, that were attended by more than 130 students. Students participated in a financial literacy seminar, led by an expert at Wells Fargo, learned how to prepare for interviews from our partner at [Health Career Connection](#), and got a glimpse into studying abroad from a Scholar attending UCLA. We also conducted a virtual workshop, which was attended by 40 students, during which an RP alumna provided tips related to resume building.

Bridging the Digital Divide with Tech Exchange

Access to technology is a critical part of succeeding in college and beyond. Together with our partner, [Tech Exchange](#), we hosted an event to distribute close to 40 laptops to Richmond Promise Scholars on August 26. In total, we will give 55 laptops to RP

Scholars this year with the help of grant funding from the City of Richmond's Department of Children and Youth.

In Case You Missed It - 2022 Annual Report

Richmond Promise released our [2022 Annual Report](#) a few weeks ago. We're so proud of everything that our staff and Scholars accomplished last year, and are thrilled to share these successes with you! Please pass this report along to your friends and network, and help us spread the word about Richmond Promise.

Don't hesitate to reach out if you have questions or want to learn more about our work. Thank you for being a part of our RP community!

Mountain Lion Sighting at La Moine (Cheese) Park

On August 30, 2023, Richmond residents reported observing a mountain lion at La Moine (Cheese Park) in the May Valley neighborhood, along Morningside Drive. City officials have placed warning signs along the walkways into the park of the recent sighting. The City of Richmond encourages residents to take the following precautionary steps if they encounter the animal:

- Remain alert
- Do not approach it
- Make loud noises
- Pick up children
- Leash dogs
- Do not run

BAY AREA E-CONTRACTOR ACADEMY FALL 2023

For a limited time - get a \$1,000 Efficiency Mini-Grant to help with sustainability upgrades at your business

Are you a Certified-Level Green Business or interested in getting certified? Do you have equipment upgrades or improvements to make at your business that will help you operate more sustainably, but are wondering how to pay for it? The California Green Business Network and Intuit are partnering to provide certified-level green businesses, or businesses that get certified, with a \$1,000 efficiency mini-grant to help complete efficiency projects at your facility. Separate from these mini-grants, newly certified green businesses may also qualify for a rebate of \$500-\$1,000 upon certification thanks to funding from the California Environmental Protection Agency (CalEPA).

This efficiency mini-grant is a partnership between Intuit and the California Green Business Network. Funding is generously provided by Intuit. Intuit remains committed to supporting programs that help communities make sustainable choices. Intuit applies its unique approach to problem-solving and innovation to create new sustainability solutions for our small business customers, which make up half of the US and global economy.

Now through September 30, 2023, we are accepting applications for efficiency projects and awarding \$1,000 efficiency mini-grants to 75 certified-level green businesses. All you need to do is fill out a mini-grant application, where you can let us know what efficiency project you would like to complete and how receiving funding will benefit both your company and the community you serve.

Richmond business owners are encouraged to visit the California Green Business Network's [website](#) for more information. Applicants will be notified by October 12, 2023. Contact info@greenbusinessca.org with any questions.

2023 Richmond Community Survey

Every two years since 2007, the City of Richmond conducts a community survey to help evaluate services, measure resident satisfaction with current services, and to help plan for Richmond's future.

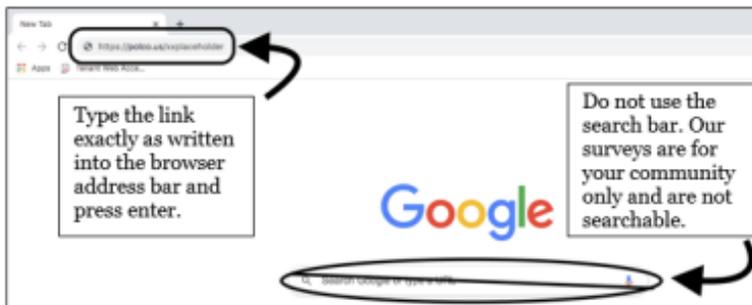

Phase 1: This month, August 2023, more than 4000 randomly selected households will be asked to participate in the 2023 Richmond Community Survey. Residents who receive a mail survey or a link to an online survey are encouraged to complete and return it as soon as possible. The online survey is available in English and Spanish. If you desire to complete the survey online, please copy your unique link into the browser address bar and not the search bar (see below) and use any web browser other than Internet Explorer.

Phase 2: In late September, a link to an online open participation survey will be publicized by the City of Richmond. The open participation survey will be open to all city residents and be available in October 2023.

Resident participation in the survey is very important and we look forward to hearing from you! If you would prefer a paper copy of the survey and/or have any questions, please contact us at (510) 620-6512.

Building Division Updates

The Building Division is one of the four divisions within the Community Development Department. The Building Division is the lead in ensuring construction conforms to the California Building Standards Code, as adopted by the City. This includes reviewing construction plans prior to issuance of a building permit and conducting required inspections on construction projects after the building permit has been issued to ensure compliance with the code and the approved plans. Building Division staff also investigate habitability complaints and other building code violations, including work without permits. The primary focus of this division is protecting public health and safety.

Below is a summary of the Building Division's Activities for the month of August 2023:

- 378 Plan Checks Completed
- 372 Permits Issued
- 1189 Inspections Completed
- 30 Building Code Enforcement cases opened and followed up on.
- 38 Building Code Enforcement cases closed.

To learn more about the Building Division, please visit our webpage at <https://www.ci.richmond.ca.us/2099/Building-Division>

Planning Division

The Planning Division is responsible for implementing the City's Zoning Ordinance and related goals, policies, and objectives of the City's General Plan. The Planning Division processes land use and development applications, promoting public health, safety, and general welfare to preserve or enhance the quality of life in Richmond. The Planning Division also provides support to the City's Planning Commission, Design Review Board, and Historic Preservation Commission.

Below is a summary of the Planning Division’s activities for the month of August 2023:

The Planning Commission did not meet during the month of August. The Design Review Board met on August 9th to approve a design review permit for renovations to Shields-Reid Park located at 1410 Kelsey Street. The Shields-Reid Park Renovation Project will include the construction of a new children’s play area, bike pump track, stage and performance area, fitness zone, public art, habitat garden, tree shade areas, and lighting and fencing throughout the park.

The Shields-Reid Park Renovation Project will be funded through the Proposition 68 Statewide Park Program. The Program looks to advance the Newsom Administration’s “Outdoors for All” initiative to enable all Californians, regardless of zip code or income, to access parks and open space.

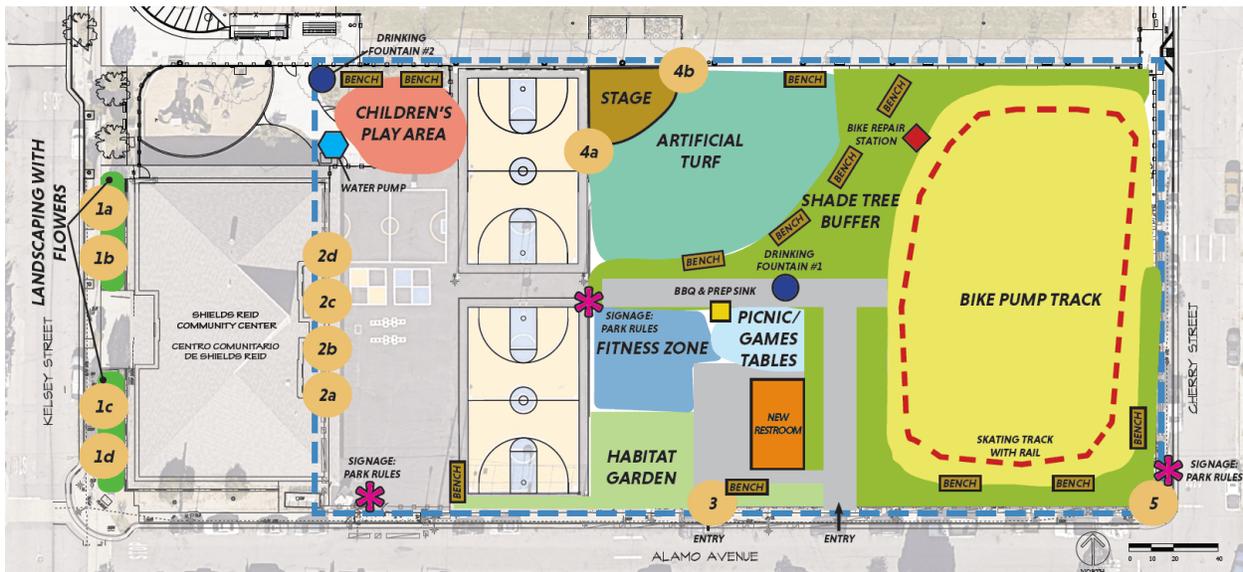

Shields-Reid Park was selected for the grant program based on community priorities to improve safety, activate the park, and preserve cultural history. Through a series of seven in-person and online meetings held in 2020, over 200 North Richmond residents and stakeholders envisioned their dream park. Check out the [video](#) that shows snippets of our journey with the community to redesign the park!

Recreation

Tiny Heroes - Be a Superhero!

Calling all SUPERHEROES! The Community Services Recreation Division presents Tiny Heroes classes designed for infants and toddlers aged 6 months to 4 years old. These classes are hosted at Shields-Reid and Nevin Community Centers. Nevin's classes take place on Mondays and Tuesdays, while Shields-Reid's sessions are on Wednesdays and Thursdays.

For Richmond residents, there is a \$20 monthly fee, and for non-residents, the fee is \$25. Additionally, we offer drop-in options at \$5 per session. The program is dedicated to fostering child development by enhancing fine and gross motor skills, promoting interaction with peers, and offering engaging art projects guided by Richmond Recreation Leaders with parental assistance. The classes also introduce the children to the alphabet, numbers 1-10, and colors.

Please note that this is not a preschool or daycare program, and parents or guardians must be present with their children throughout the sessions.

Class Details:

Tiny Heroes program focuses on each child's development. The classes help with their fine and gross motor skills and teaches the children how to interact with other children. The participants do art projects led by Richmond Recreation Leaders with the support of parents. The participants are introduced to the alphabet, numbers 1-10, and colors. This is not a preschool or a daycare, so the parents/guardians are always near their children during the program.

El programa Tiny Heroes se enfoca en el desarrollo de cada niño. Las clases ayudan con sus habilidades motoras finas y gruesas y les enseñan a los niños cómo interactuar con otros niños. Los participantes realizan proyectos de arte dirigidos por Richmond Recreation Leaders con el apoyo de los padres. Los participantes aprenden el alfabeto, los números del 1 al 10 y los colores. Esto no es un preescolar o una guardería, por lo que los padres/tutores siempre están cerca de sus hijos durante el programa.

Building Maintenance

Stationary engineers performed daily pool inspections and maintenance, performed daily inspections of the boilers, circulating pumps and sump pumps at the Civic Center Plaza; replaced a sink basket strainer assembly at the Nevin Community Center, repaired the staff toilet at Pogo Park, replaced all filters to the rooftop package units at Fire Station 68, replaced the faucet in the staff lounge room at Employment and Training, replaced the score board in the gymnasium of the Recreation Complex, repaired a downspout in back of 450 City Hall.

Replacing a score board at the Recreation Complex

Utility Workers assisted our electricians with re-lamping and cleaning all light fixtures in the Social Hall of the Richmond Recreation Complex. In addition, the Utility Workers deep cleaned, stripped, and waxed all laminated floor of the Nevin Recreation Center. The Facilities Maintenance Division provided service for the city-wide community programs and all recreation centers. We sanitized and disinfected various locations including all common areas and maintained 27 city owned buildings.

Engineering

Engineering Construction Inspector performed field inspections on projects taken place on the city public right-of-way. The East Bay Municipal Utility District (EBMUD) crew is doing a kill connection to transfer water from the old pipe to the new main pipeline on S. 20th St. at Main St. and installing a water stop valve on the new main pipeline. Also, inspectors inspected a residential sidewalk concrete restoration in the 600 block of 30th St.

Starting later this summer, East Bay Municipal Utility District (EBMUD) will begin inspecting water service lines for 2,417 homes and businesses in Richmond who have been identified as having galvanized pipe that was formerly connected to lead pipe (which was replaced years ago). This inspection will consist of water testing to ensure that no traces of lead are found in the homes' galvanized pipes, even after the old lead pipes were removed. EBMUD will perform these inspections, in most cases, without disturbing the residents. EBMUD will communicate the results of the testing, and if necessary, any fixes or repairs that are recommended, and more information can be found here: <https://www.ebmud.com/grr>.

Park Maintenance
