2. **Make a Difference Day at John F. Kennedy Park! – TOMORROW!** **Saturday, October 24th**

Since this past April, dedicated resident volunteers, church members, and school personnel of the Park Plaza neighborhood and other south side communities have met weekly to share their visions for a newly designed John F. Kennedy Park. Partners on hand to support the design and planning process include The Trust for Public Land, which is generously funding the project, Chevron, a project sponsor, Richmond Trees, Groundwork Richmond, the Richmond Art Center, the National Park Service, Public Allies/Service Works, and City of Richmond staff representing the City Manager's Office, Parks and Landscaping, Recreation, Arts and Culture, Richmond Police and Fire Departments, Office of Mayor Butt, and City Council Offices.

This collaborative effort will culminate tomorrow on national Make a Difference Day, Saturday, October 24th, from 8:00 AM to 4:00 PM, at John F. Kennedy Park (Cutting Boulevard and South 41st Street) where over 300 volunteers will converge on the

park to rebuild it. Some of the improved park elements include an added play area for children, Richmond's first outdoor fitness zone, a walking and fitness trail, the planting of 50 trees, a mural, and a community flower garden. Volunteers with all skill levels are welcome!

In addition to the community-build park event, the public is invited to visit the Super Bowl 50 Community Tour presented by Chevron. The tour will feature the Lombardi trophies for the Oakland Raiders and San Francisco 49ers, and an interactive STEM zone.

The draft Richmond Bay Specific Plan (RBSP) (formerly known as the South Shoreline Specific Plan) is now available for public review and comment. Written comments on the draft RBSP are due by November 16, 2015.

The draft RBSP was presented at the Planning Commission meeting this past Thursday, October 15th, and is scheduled for presentation to the City Council meeting on Tuesday, October 27th.

The RBSP will facilitate the implementation of Richmond's new General Plan by establishing specific planning policies, regulations, and urban design guidelines for an approximately 220-acre area located in the City of Richmond, south of Interstate Highway 580. The RBSP will focus on ways Richmond can take advantage of the planned Berkeley Global Campus at Richmond Bay, future ferry service, and other area assets to create a sustainable shoreline district providing jobs, housing, transportation options, and opportunities for entertainment and recreation. This planning effort is being funded in part by a Priority Development Area (PDA) Planning Grant from the Association of Bay Area Governments (ABAG) and the Metropolitan Transportation Commission (MTC).

Comments on the draft RBSP must be in writing and received no later than November 16, 2015. Please send comments to:

The Richmond Digital Health Literacy Project continues to lead successful Digital Health computer classes at the Nevin Community Center. The class has grown from 7 to 18 students over the past five weeks. This first cohort includes English- and Spanish-speaking learners from the YES Nature to Neighborhoods Wellness Navigators program. More students will start the training program during drop-in

computer lab hours at Richmond's Literacy for Every Adult Program (LEAP) on Mondays and Wednesdays from 2:00 PM – 5:00 PM .

11. Officer Bradley A. Moody Memorial Underpass Project

The Bradley A. Moody Memorial Underpass Project involves the construction of a roadway underpass on Marina Bay Parkway between Meeker Avenue and Regatta Boulevard. The project is intended to resolve long-standing access limitations to the Marina Bay area caused by frequent train crossings. Project completion is scheduled for late 2015.

During the week of October 19th, installation of infill panels for the sidewalk railings commenced and the third of four bridge towers was installed while installation of decorative metal on the bridge continued. Additionally, landscaping installation continued, and modification of the driveway and parking areas at the Crossings commercial complex was completed.

For the week of October 26th, installation of decorative metal will be substantially complete except for lettering on the bridge. Work on the sidewalk east of Marina Bay Parkway between Pierson and Regatta will start, while landscaping work will continue.

For additional information or to be added to the project update contact list, please see the project website at www.moodyup.com. You can also follow the project on twitter: [@moodyunderpass](https://twitter.com/moodyunderpass), or contact the project's Public Outreach Coordinator Jacqueline Majors at (925) 949-6196.

12. Nevin Avenue Improvement Project

The Nevin Avenue Pedestrian and Bicycle Improvements Project is a reconstruction of Nevin Avenue between 19th Street and 27th Street that will improve aesthetics and safety for travel between the Civic Center and Richmond BART Station areas. The project involves new sidewalks, curb and gutter, streetlights, landscaping and stormwater drainage improvements.

The next phase of work from 23rd to 27th Street is tentatively scheduled to begin the week of November 2nd. During this phase, the eastbound lane of Nevin Avenue will be removed for storm drain installation. This will necessitate demolition of the south side of the street between 24th and 27th Streets. During this phase, one way traffic control will be in place and only westbound traffic will be permitted. Additionally, no on-street parking will be permitted, 24 hours a day on Nevin Avenue. Due to the parking limitations, visitors to Civic Center facilities are encouraged to use the parking lot located at Barrett and 25th Street. The parking restrictions will be in place for the duration of work on this phase, estimated to be approximately five months.

For additional information or to be added to the project update contact list, please contact the project's Public Outreach Coordinator Jacqueline Majors at (925) 949-6196. You can also follow the project on Facebook at <https://www.facebook.com/NevinAvenueProject>.

13. Richmond Transit Village Phase II Nevin Avenue Improvements BART-19th Project

The Richmond Transit Village Phase II Nevin Avenue Improvements BART-19th Project involves the complete reconstruction of the east entrance to the Richmond BART station, replacing the existing sloped walkway with 1) an extension of Nevin Avenue, 2) a plaza and stairway, 3) an elevator and 4) a realigned ramp.

Beginning Monday October 26th, the existing sloped walkway to BART will be closed. The passenger drop off area and pedestrian access to the station will be relocated to the fenced BART parking lot north of the walkway, using the existing stairway near the station entrance. BART patrons are encouraged to utilize access

from the west side of the station, where BART recently reopened the intermodal bus/taxi/passenger dropoff area to traffic. This project is expected to be completed in early 2017.

For additional information please contact the project's Public Outreach Coordinator Andrew Poelvoorde at (510) 595-4724.

14. Richmond's Minimum Wage Ordinance

The City of Richmond's Minimum Wage increase goes into effect January 1, 2016. The new minimum wage set forth in the Ordinance will be \$11.52 an hour (compared to \$9.00/hour for the State of California and the initial \$9.60/hour wage initially established in the City on January 1, 2015) and it applies to any employee who works two or more hours per week.

The Employment & Training staff posted notices announcing the increase on KCRT, and the City's website. Packets will be mailed to over 3,000 businesses and the Richmond Chamber of Commerce members to inform them of the change. The information packet includes English and Spanish versions of the official notice that must be posted in all workplaces along with a list of employer and employee rights under the ordinance. Employers who pay for less than 800 hours of employee labor in a given two-week period need not pay the City's minimum wage until they pay over 800 hours or more of employee labor in a 2-week period. This is the first of three annual increases that will max out at \$13.00/hour on January 1, 2018.

For questions and concerns please contact Gina Baker at (510) 307-8011.
