3. PARK(ing) Day Parklet by National Park Service

PARK(ing) Day is an annual global event where citizens, artists, and activists collaborate to temporarily transform street parking spaces into “PARK(ing)” spaces: temporary public places. The mission of PARK(ing) Day is to call attention to the need for more urban open space, to generate critical debate around how public space is created and allocated, and to improve the quality of urban human habitat ... at least until the meter runs out! This year marks the second annual PARK(ing) Day parklet hosted by the National Park Service.

This year, the Richmond parklet was set up in front of Kaleidoscope Coffee in Point Richmond, where people stopped by throughout the day to enjoy the space and rethink how we want to experience our city.

(Note: Please see the KCRT Business Bytes link highlighting the Kaleidoscope Coffee/ice cream/entertainment spot in Point Richmond: [Link to video.](#))

4. All Ears Reading® at West Side Branch Library

Richmond Public Library welcomes Animal Rescue Foundation's "All Ears Reading" program to the West Side Branch Library (135 Washington Avenue). The program provides the opportunity for readers in first through fifth grade to make an appointment and read to a trained therapy dog for 20 minutes. Reading to a dog is a proven method for improving reading fluency and confidence. The program meets on the third Monday of each month beginning Monday, September 19th from 3:00 PM – 4:00 PM.

The Animal Rescue Foundation was created by Elaine and Tony La Russa in 1990, as a haven for animals that run out of time in traditional animal shelters. It now provides a variety of services for animals and their humans. Please contact Deborah Bonet at 620-6521 or 510-620-6567 to "book" your appointment at "All Ears Reading".

Citizens also shared life experiences of gun violence in their neighborhoods and the importance of prevention.

8. City Manager Chronicles

I have listed below some of the topics for meetings that I attended during the past week in the hope that it provides an idea of the varied issues with which our organization deals routinely. Meetings of note during the past week included:

- Attended the ribbon cutting ceremony for the new Campus Center at Contra Costa College, which also featured the investiture of new campus President Mojdeh Mehdizadeh;
- Met with The California Endowment Program Manager Diane Aranda, along with City staff members LaShonda White, Gabino Arredondo, and David Gray, to discuss initiation of a project to increase the effectiveness of community investment;
- Met again with The California Endowment Program Manager Diane Aranda, along with Richmond Community Services Director Rochelle Monk, to discuss strategic planning for youth services in Richmond;
- Attended the electric vehicle display/demonstration at the Electric Week Celebration held in the parking lot at the Civic Center.

These meetings were in addition to attending the regular management staff meeting, agenda planning, reviewing staff reports to the City Council, doing department head “check-ins,” having discussions on various personnel matters, and having short discussions with staff, community members, members of the press, etc.

Please feel free to contact me if you have any questions about the substance of these or any other topics.

Mayor Tom Butt invites you to help support youth sports in Richmond. The Mayor's Community Fund Second Annual Golf Tournament seeks to raise \$35,000 for youth sports.

Last year, more than \$14,000 was awarded to 15 Richmond youth sports teams. Teams used their grants for a variety of purposes, including purchasing new equipment, paying activity registration fees for low-income families, and traveling for tournaments in other parts of the country!
