Mayor and Members of the City Council:

This is the report for the week ending February 23, 2018.

   The next City Council meeting is scheduled for Tuesday,
   February 27th, beginning with Closed Session at 5:30 PM,
   followed by the Richmond Housing Authority Board at 6:25 PM, and the Regular

3. **Celebrating Black History Month: The Invention of the Fire Safety Hood**

Garrett Morgan was an African American inventor credited with the invention of the first fire safety hood (forerunner to the modern face mask). In 1914, Morgan founded the National Safety Device Company, and it was from there that he sold the fire safety hood to fire departments across the country. The invention was so well received that Morgan was awarded a gold medal from the International Association of Fire Chiefs. Morgan was a prolific inventor and would incorporate an airbag with the safety hood that allowed for 15 minutes of fresh air for responders to breathe while operating in smoke filled conditions.

On July 24, 1916, an explosion occurred in a tunnel underneath Lake Erie trapping 32 of the Cleveland Water Works employees. The tunnel filled with smoke, dust and poisonous gases, and the workers were feared lost because no means of entering and rescuing them was known. Someone at the scene recalled Morgan's invention and ran to call him. Morgan and his brother arrived at the scene, donned the safety hood and entered the tunnel. After a heart wrenching delay, Morgan appeared from the tunnel carrying a survivor on his back as did his brother seconds later. The crowd erupted in a staggering applause as Morgan and his brother reentered the tunnel to save more workers. While they could not save all the workers, they rescued many who would otherwise have died.

Today's responders are equipped with self-contained breathing apparatus (SCBA) that allow them to operate in hazardous conditions for upwards of an hour. The Richmond Fire Department recognizes the enormous contribution Garrett Morgan's invention has had in saving the lives of so many people the world over. During February, the Richmond Fire Department will profile the contributions of the many African American fire service pioneers.

This article was provided by Captain Rico Rincon, Public Information Officer of the Richmond Fire Department.

4. **Budget Excellence Awards**

This week, the City of Richmond received both the Operating Budget Excellence and Capital Budget Excellence Awards from the California Society of Municipal Finance

Officers (CSMFO) for its fiscal year 2017-18 operating and capital improvement budgets. This is awarded to municipal agencies in California whose budget documents meet high quality professional standards. The award program uses a peer-review process to evaluate documents based on meritorious and excellence criteria set forth by the CSMFO.

Congratulations, and thank you, to the City of Richmond Finance Department budget team!

5. **Sales Tax Receipts Analysis for 3rd Quarter 2017**

This past week, Finance Department staff met with the City's sales tax consultant, MuniServices, to review sales tax figures for the 3rd Quarter of 2017. Richmond experienced an increase of 3.7% in its sales tax net cash receipts for the 3rd quarter of 2017 compared to the same quarter in 2016 and a 6.2% increase year over year.

Of significance, the Business to Business category, which makes up 22.0% of the regular sales tax, experienced an increase of 12.7% year over year. This category includes the segments of heavy and light industry, equipment, and energy sales.

Following are the other categories and their share of the 3rd quarter of 2017 regular sales tax:

- Transportation (29.8%),
- General retail (26.7%),
- Construction (10.5%), and
- Food Products (10.1%).

The Finance Department will continue to closely monitor the actual revenue submitted by the State Board of Equalization, the local trends developing in Richmond and the projections provided by MuniServices.

ServiceWorks Richmond – Volunteers Needed

ServiceWorks, in conjunction with the City of Richmond Community Services Department, Points of Light, AmeriCorps and Citi Foundation, is actively recruiting volunteers to assist with groundbreaking programming. The program's primary goal is to engage young adults (16-24 years of age) and bring educational modules that drive skill building, volunteering, and success coaching as strategies to help address barriers to youth economic opportunity.

The program offers the opportunity for participants, also known as Service Scholars, to gain valuable college and career experience to which they may not have easy access. Through developing their own service projects and team exercises, Service Scholars will have the opportunity to gain a range of skills.

Volunteers are vital to the success of this program. We are looking for all who wish to make a positive impact on the lives of the youth within our community. Whether it is for a week, a day, or even just a few hours in a month, you can help empower the service scholars to face any obstacle that they may block their path towards sustainable community development.

ServiceWorks gives youth the keys to unlock their future; we are looking for volunteers who will give them the means to open the door.

For more information, please contact: Nicholas Delgado (510) 621-1834, or email: Nicholas_Delgado@ci.richmond.ca.us.

Tons of discarded trash, hazardous waste, homeless encampments, and vegetation was removed.
