4. Richmond Tennis stalwart Garry Hurlbut Receives United States Tennis Association (USTA) Blue Ribbon Captain/Sportsmanship Award for Northern California

I routinely receive reports from Garry Hurlbut, President/Executive Director of the Richmond Tennis Association (RTA), about the latest tennis program news in Richmond. Garry has spearheaded a tennis renaissance in Richmond for participants of all ages and abilities. It is a pleasure, then, to report that the United States Tennis Association (USTA) has honored Garry with the Blue Ribbon Captain/Sportsmanship Award for Northern California for the recent month of May.

This award's description reads: *This Blue Ribbon award puts the spotlight on captains who exemplify great sportsmanship, leadership, and respect towards their opponents and teammates.*

USTA's comment in the body of the award reads:

Garry, as a captain you are helping others enjoy the thrill of the game, find lifetime friends and stay active. Being a captain is undoubtedly a lot of work, but also a rewarding commitment that serves both your team and tennis as a whole. Your dedication is greatly appreciated! Thank you for your good sportsmanship and being a great representative and example for all USTA Captains!

Garry is very gratified to receive this award but, more importantly, believes that these words that embody a credo not just for him but for all members of RTA as expressed by their our mission and core values “to improve the healthy lifestyles for Richmond residents of all ages through active participation in vigorous tennis programs along with enhanced facilities and adjacent parks.”

Congratulations to Garry Hurlbut, and thank you to all of the members of the Richmond Tennis Association for your support of the community.

5. North Richmond Annexation Meetings

Should unincorporated North Richmond become part of the City of Richmond? Join the City of Richmond for community conversations at Shields Reid Community Center at 6:00 PM on Thursday, July 19th or on Thursday, August 16th to:

- Learn more about the proposed annexation project
- Discuss what annexation means to the North Richmond community
- Find out how to get involved with the process

If annexed, unincorporated North Richmond would officially become part of the City of Richmond, will be governed by the Richmond City Council and all municipal services would be provided by the city of Richmond. We hope you join us for this important conversation. Please RSVP for the meeting <https://nrannexation.eventbrite.com> or [here](#).

For more information contact LaShonda White at lashonda_white@ci.richmond.ca.us or at (510) 620-6828 or visit www.nrannexation.org.

6. Point Molate Community Visioning Workshops: Plan for the Future

Point Molate is located on the San Pablo Peninsula approximately 1.5 miles north of the Richmond-San Rafael Bridge. Beginning in 1942, Point Molate served as a U.S. Navy fuel storage and transfer facility covering approximately 413 acres. This Navy Base was officially closed on September 30, 1998, with the property then transferred to the City pursuant to the federal Base Realignment and Closure Act of 1990.

The City of Richmond is seeking community input about how to best use the land at Point Molate for the benefit of all. Over the next three months, the community will be welcome to provide input at three community workshops.

Join us for the 2nd Point Molate Community Visioning Workshop: **Placemaking and Concept Exploration** on **Wednesday, July 25th from 5:00 PM to 9:00 PM** at:

Richmond Memorial Auditorium
403 Civic Center Plaza
Richmond, CA 94804

Seating is limited, please RSVP [here](#). To learn more about the community visioning process, and to share your thoughts, please visit: www.richmondpointmolate.org. Light dinner will be provided. Spanish translation will also be provided.

Point Molate Visión Comunitaria #2: Plan Para el Futuro

Point Molate está ubicado en la península de San Pablo aproximadamente a 1.5 millas al norte del puente de Richmond-San Rafael. A partir de 1942, Point Molate sirvió como una instalación de almacenamiento y transferencia de combustible de la Marina de EE. UU. y abarca aproximadamente 413 acres. Esta Base Naval se cerró oficialmente el 30 de septiembre de 1998, y la propiedad se transfirió a la Ciudad en conformidad de la ley federal de realineación y cierre de bases de 1990 (Base Realignment and Closure Act of 1990).

La Ciudad de Richmond está buscando opiniones de la comunidad sobre cómo mejor usar la propiedad de Point Molate para el beneficio de todos. Durante los próximos tres meses, la comunidad será bienvenida para proporcionar sus opiniones en talleres comunitarios.

El segundo taller de visión comunitaria: **Planificación y Exploración de Conceptos para el desarrollo de Point Molate** será el **miércoles, 25 de julio de 5:00 PM a 9:00 PM**. El taller se llevarán a cabo en:

Richmond Memorial Auditorium
403 Civic Center Plaza
Richmond, CA 94804

Los asientos son limitados, por favor confirme su asistencia [aquí](#) lo antes posible.
Habrá cena ligera.

Summary of Pt. Molate Workshop #1 - June 23, 2018

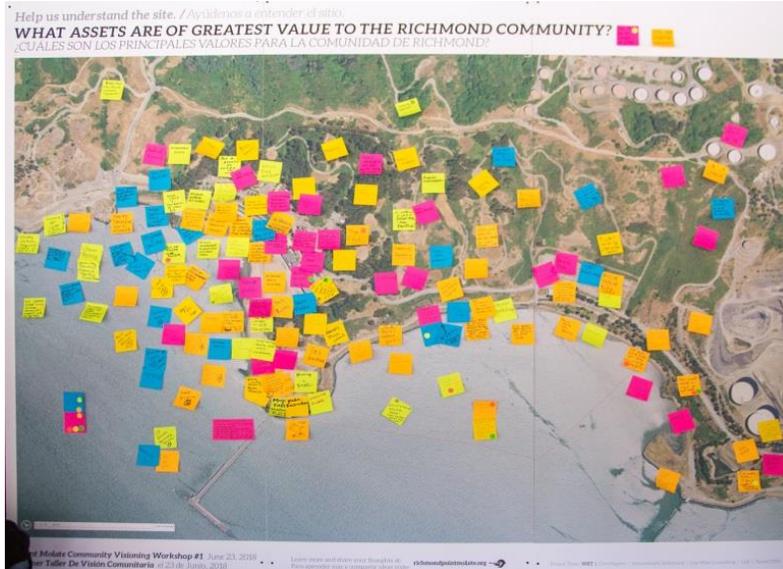

The first Point Molate Community Visioning Workshop was held at Point Molate, at the historic Winehaven District on June 23rd from 10:00 AM – 2:00 PM. About 175 people from the Richmond community participated throughout the day for a site tour and an interactive gallery walk, followed by a discussion.

The site tour provided the attendees an opportunity to access parts of the Point Molate that are not typically accessible to the public, including access to several historic buildings, the pier, and hillside areas. Tours were conducted in shuttle buses and on foot by knowledgeable docents from the community, who provided information and insights on the history, ecology, constraints and issues, and some fun facts.

Following the tour, the attendees enjoyed a light lunch and refreshments in the loading dock area of Building 1, while reading the informational boards covering topics such as Site Facts, Visioning Process, Legal Obligations and Major Constraints, Cultural Resources and Site History, Ecology, Open Space, Environmental Clean-Up, and Transportation.

In addition to the informational boards, a large aerial map was put up for people to locate and identify site assets that are of value to them.

The last activity for the day was an open forum discussion that presented an overview of the community visioning process planned for the summer and allowed the group to share their reflections and observations from the site tour, in addition to other feedback.

We'd like to thank the community docents who lead the site tours, city staff that provided support to the Planning Department and consultants, and participants who attended the workshop and provided their input.

To learn more about the Community Visioning process, to share your thoughts, and RSVP for the event, please visit: www.richmondpointmolate.org.

7. City Council Adopts Fiscal Year 2018-19 Operating and Capital Improvement Budget

Over the last several fiscal years, it has been a challenge to prepare balanced budgets while still trying to meet the growing needs of the community. Similar to prior years, staff faced difficulty achieving financial goals as revenue growth continues to be surpassed by expenditure growth, especially in pension-related costs and an aging infrastructure. Faced with these challenges, the Finance Department worked closely with the various City departments to craft a balanced budget. At the June 26th Richmond City Council meeting, the City Council adopted a balanced operating budget and capital improvements program for FY 2018-19.

8. City Manager Chronicles

I have listed below some of the topics for meetings that I attended during the past week in the hope that it provides an idea of the varied issues with which our organization deals routinely.

Meetings and events of note during the past week included:

- Met with Rhonda Harris and Jeff Baker, along with Planning and Building Services Director Richard Mitchell and Development Project Manager Charice Duckworth, to discuss the status of their veterans housing project;
- Met with staff members from various departments to discuss the status of Nystrom United Revitalization Effort (NURVE) projects;

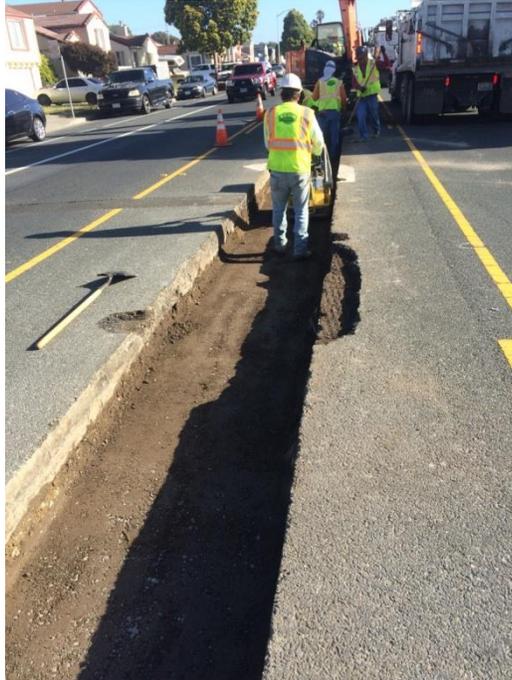

- Met with representatives from Laconia Development, along with City Attorney Bruce Goodmiller, Senior Deputy City Attorney Carlos Privat, Planning and Building Services Director Richard Mitchell, Finance Director Belinda Warner, and Redevelopment Consultant Alan Wolken, to discuss the status of the Terminal 1 project;
- Attended the monthly meeting of the Contra Costa County city managers, along with Administrative Chief LaShonda White;
- Attended the regular “check-in” meeting with union leadership, along with representatives from the Human Resources and Finance departments;
- Attended the monthly Contra Costa Mayors Conference meeting, along with Mayor Butt;
- Met with representatives from the Center for Cities and Schools/Y-PLAN to discuss their activities, together with Community Development Director Shasa Curl;
- Attended by my regular “check-in” meeting with West Contra Costa Unified School District Superintendent Matt Duffy.

These meetings were in addition to attending the regular management staff meeting, agenda planning, reviewing staff reports to the City Council, doing department head “check-ins,” having discussions on various personnel matters, and having short discussions with staff, community members, members of the press, etc.

9. Final Paving POSTPONED for Sewer Replacement Project on South 23rd Street

Final paving for the sewer replacement project on South 23rd Street between Ohio Avenue and Cutting Boulevard has been postponed. Originally, the work was scheduled to be performed on Thursday night of this week; however, the batch asphalt plant is currently unable to produce rubberized asphalt.

For additional information, please contact the Veolia Capital Program Management team at (510) 412-2001.

10. San Pablo Avenue Complete Streets Project: Construction is Ongoing

The San Pablo Avenue Complete Streets Project is a federally funded corridor enhancement project that focuses on multimodal access, safety and connection along San Pablo Avenue between Rumrill Boulevard and La Puerta Road. The project is a partnership between the cities of San Pablo and Richmond, with major funding (\$5.978 million) from a One Bay Area Grant (OBAG). The City of San Pablo is the lead agency for the project.

The project includes installation of new traffic signals at La Puerta Road and Robert Miller Drive, and installation of sidewalk, bicycle facilities, crosswalks, and lighting improvements along San Pablo Avenue from Rivers Street to La Puerta Road.

Key elements of the project include:

- Modification of the existing road section to add Class 2 bike lanes in both directions of travel;
- Sidewalk installation on the west side of San Pablo Avenue from Rivers Street to La Puerta Road (southbound), and from Rivers Street to Lancaster Drive on the east side (northbound);
- Removal of an existing slip lane into Robert H. Miller Drive and replacement of a right turn pocket;
- Installation of a new traffic signal at La Puerta Road;
- Modification of existing traffic signals at Rivers Street and Robert H. Miller Drive;

- Construction of soil nail and concrete retaining walls to allow the roadway to be widened sufficiently to accommodate the new facilities for non-motorized roadway use;

San Pablo Avenue will remain open to traffic in both directions at all times; however, for safety reasons, there will be times during construction when only one travel lane in each direction is available for vehicular traffic.

In the past weeks, the contractor formed and poured a new concrete median curb between Rivers Street and Lancaster Drive, performed preliminary tests for a soil nail (retaining) wall on the east side of the street between Robert Miller Drive and La Puerta Road before starting construction of the wall, and continued with construction of the medial islands near Rivers Street and Robert Miller Drive.

Project information is available on the following website: <http://www.ci.san-pablo.ca.us/1416/San-Pablo-Avenue-Complete-Streets-Projec>.

Construction questions can be directed to the Construction Manager, Jaemin Park, at jpark@park-eng.com or (925) 818-3756.

13. New Multi-Family Bulky Item Pick-Up Pilot Program!

Eligible multi-family complexes between 3 and 19 units can participate in a new pilot program for the curbside collection of household bulky items. The City of Richmond Environmental and Health Initiatives Division, in partnership with Republic Services, launched the pilot program to expand bulky item collection services to multi-family complexes.

The multifamily pilot program compliments the existing program that services single-family residences and duplexes with bulky item collection services. In response to community requests to expand bulky item collection services to multi-family residences, City staff submitted and was awarded a grant by the State of California's Department of Resources Recycling and Recovery (CalRecycle) to pilot a multi-family bulky item collection program. The pilot program will extend the bulky item

pick-up services to residents of multi-family dwellings in a manner that maximizes reuse, recycling, and diversion of materials from landfill disposal.

Program Guidelines:

- Program services multi-family dwellings with 3-19 units
- Property manager or owner must complete a [participation form](#) and call (510) 262-7100 to schedule a collection
- Two (2) items per collection per apartment unit per year at no cost
- May substitute five (5) E-waste items for one (1) bulky item
- No commercial-sized appliances, hazardous materials, or construction and demolition materials

Interested residents are recommended to contact their building owner or manager to schedule a pick-up. Collections may be scheduled for individual units, or combined to serve multiple units on the same day.

For more information about the program please visit www.richmondenvironment.org or contact Republic Services at (510) 262-7100.

15. Rent Board Approves the 2018 Annual General Adjustment

At their meeting on June 20th, members of the Rent Board adopted a regulation announcing the 2018 Annual General Adjustment (AGA) rent increase for Controlled Rental Units of 3.6%. Effective September 1, 2018, the Maximum Allowable Rent for tenancies in effect prior to September 1, 2017, will increase by 3.6%.

To apply the 2018 Annual General Adjustment rent increase of up to 3.6%, landlords must comply with State law requirements and file a notice of rent increase with the Rent Board within two (2) business days after service on the tenant, in accordance with the [Rent Increase Procedure](http://www.richmondrent.org) on the Rent Program website (www.richmondrent.org). Rent increases for the 2018 Annual General Adjustment may not take effect prior to September 1, 2018.

What if I never applied the 2016 or 2017 Annual General Adjustment Rent Increases?

Landlords may apply deferred Annual General Adjustment rent increases; however, there are restrictions on how much of an increase can be applied in any 12-month period in accordance with Rent Board Regulation 17-09. Please visit www.richmondrent.org/increase to access resources such as notice of rent increase templates, a Maximum Allowable Rent Calculator, and more.

What's the Annual General Adjustment?

The Annual General Adjustment (AGA) is an annual rent increase for Controlled Rental Units permitted by the Richmond Fair Rent, Just Cause for Eviction, and Homeowner Protection Ordinance. The Annual General Adjustment is calculated based on the percentage change in the Consumer Price Index of the Bay Area, which includes San Francisco, Oakland, and San Jose.

For more information about the Fair Rent, Just Cause for Eviction, and Homeowner Protection Ordinance and Richmond Rent Program, please visit www.richmondrent.org.

ServiceWorks – Volunteers Wanted!

SERVICEWORKS

Richmond CSD A Citi Foundation citi POINTS OF LIGHT

CALLING ALL VOLUNTEERS!

ServiceWorks is looking to recruit volunteers to serve as mentors to youth in the Bay Area. For more information, please contact Nicholas Delgado at - (510) 499-1233 or at Nicholas_Delgado@ci.richmond.ca.us

Volunteer orientations will be available on Thursdays by appointment. All who are excited are encouraged to apply!

The ServiceWorks program offers the opportunity for participants, also known as Service Scholars, to gain valuable college and career experience to which they may not have easy access. Through developing their own service projects and team exercises, Service Scholars will have the opportunity to gain a range of skills.

Volunteers are vital to the success of this program. We are looking for all who wish to make a positive impact on the lives of the youth within our community. Whether it is for a week, a day, or even just a few hours in a month, you can help empower the service scholars to face any obstacle that they may block their path towards sustainable community development.

ServiceWorks gives youth the keys to unlock their future; we are looking for volunteers who will give them the means to open the door.

For more information, please contact: Nicholas Delgado (510) 621-1834, or email: Nicholas_Delgado@ci.richmond.ca.us.

In their own words: Testimonials from ServiceWorks Fellows:

Love North Richmond - Words by Micah Brumfield, ServiceWorks Fellow:

Now that June has passed, I can officially say that ServiceWorks, along with the North Richmond Resident Leaders and Love Your Block, has successfully completed five amazing beautification projects.

The timeline we had was ambitious and each project required multiple work days. Despite the many obstacles we faced we were able to clean up the yards and paint the fences of two senior citizens. We removed over a ton of trash between the five sites that we cleaned up.

One of the most important aspects of each project was incorporating art. Through the use of social media the resident leaders were able to find an artist who kindly volunteered to help us paint small murals to hang at the county housing lots.

On our final day, June 30th, we installed a little free library at one of the county housing units. Neighbors came out of their homes to admire our work and thank us for removing the trash. They were excited to see the little free library and were curious to know how it worked. The following afternoon a Richmond resident drove passed the library and snapped a few photographs of herself donating a large assortment of books.

It was exciting to see the community come together for these projects and I look forward to working with North Richmond and Love Your Block for future projects.

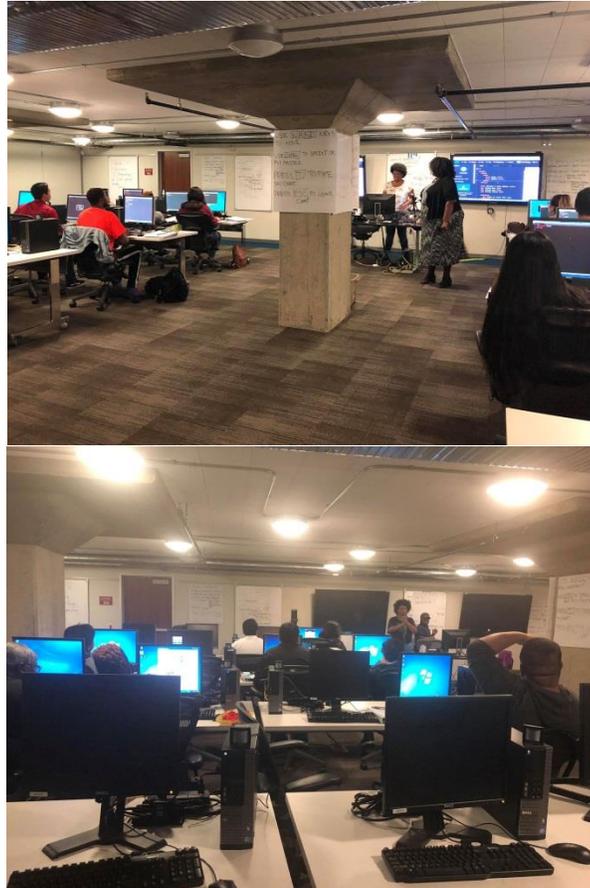

CodeWorks – By Faye Hayes, ServiceWorks Fellow:

This summer I set out to fuse the ServiceWorks curriculum with learning how to code. I'm very passionate about community service and access to tech and am so excited to be able to bring these two things together!

These past few weekends have been a LOT of prep for CodeWorks. With over 50 signups, we had two orientation sessions to determine who was serious about the program. We have whittled down to about 27 engaged participants. The participants range in age from a sole 14 year old up to 25 years old.

The first week of the program concluded and the first two sessions were a bit rocky as we determined the best way to introduce coding in a meaningful way. The feedback has been great this far. As everyone gets to be more comfortable with each other we'll be able to have more meaningful conversations.

In addition, the curriculum that introduces the modules in digestible chunks. Next week, Module 2 will be introduced to discuss issues important to the participants in Richmond, California.

Community Services Highlights

First Day of Summer Program

In response to the lack of rich summer programming in the Nystrom and Richmond College Prep neighborhoods, the Nystrom Catchment Families decided to start their program to address this issue. The Summer Program is a collaboration between the Nystrom Catchment Families, the City of Richmond Community Services Department, the West Contra Costa Unified School District Food Services Department (WCCUSD), and other individuals that work with children locally.

The first day of the Summer Program was a tremendous success. We had a total of 71 Summer Program registrants show up to enjoy a day of fun-filled activities!

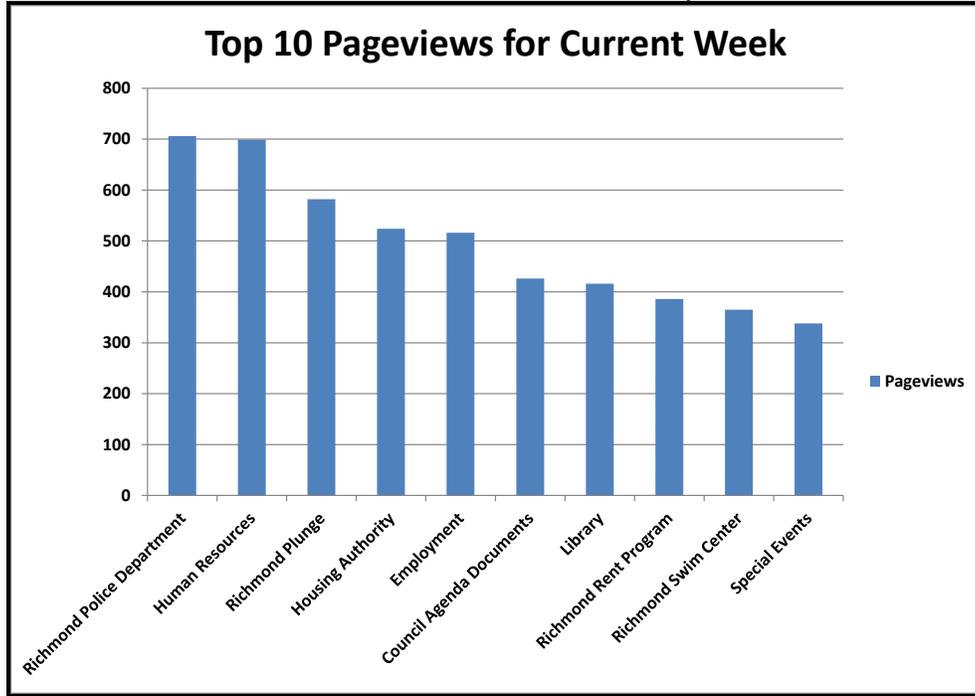

The first day of the Summer Program included:

- Breakfast provided by the WCCUSD Food Services Department for the Summer Program participants
- 90 minutes of Math and English Language Arts support Monday through Thursday;
- Enrichment classes, which include gardening, health, drumming, and arts & crafts;
- 50 minutes of tennis lessons provided by the City of Richmond Community Services Department;
- 50 minutes of soccer lessons offered by the City of Richmond Community Services Department;
- Lunch provided by the WCCUSD Food Services Department for Summer Program participants and children from the Nystrom Catchment neighborhood;

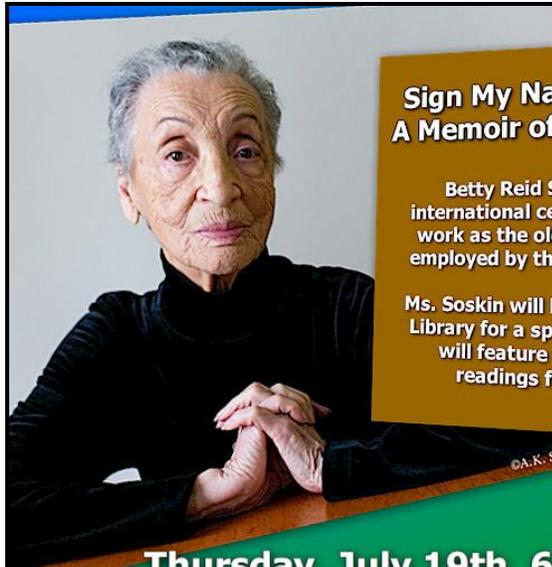

- Structured field games led by a Summer Program staff member.
