Health Related Terms

- 1. Health Inequities**
Health inequities result from an uneven distribution (of resources, services, wealth, etc.) and are unnecessary, unjust, unfair and avoidable.
- 2. Health Disparities**
Preventable differences in the presence of disease, health, or access to care across communities
- 3. Equity**
Health equity is achieving the highest level of health for all people, and working toward equality in conditions for health, for all groups of people

Términos Relacionados a la Salud

- 1. Inequidades en Estados de Salud**
Inequidades en el estado de salud son el resultado de una distribución desigual (de recursos, servicios, riqueza, etc.) y son innecesarias, injustas y evitables.
Disparidades en el Estado de SaludDiferencias en la presencia de enfermedad, salud o acceso a tratamiento entre comunidades que pudieron haberse prevenido.
- 2. Equidad Saludable**
Equidad saludable es la oportunidad de alcanzar el nivel de salud mas alto para todas las personas y trabajar para lograr equidad en las condiciones de salud para todos los grupos de personas.

2005: Richmond's Community Health and Wellness Element (HWE) is first conceived. Once completed, the HWE will become the first standalone element in a CA jurisdiction's General Plan that addresses the relationship between public health and the jurisdiction's social, economic, and physical environments

2008: City launches HWE implementation planning and pilots in Iron Triangle and Belding Woods neighborhoods. 4 focus areas identified: 1) citywide policy and systems implementation; 2) neighborhood improvement strategies; 3) data collection, indicators developments, and measurement of success; and 4) community engagement.

July 2009: City began planning with project partners to identify needs and opportunities for collaboration. Partners included Contra Costa Health Services, MIG, and PolicyLink

Oct 2009: First community workshops are held in pilot neighborhoods to get input on potential improvement projects, programs, and services that would address health outcomes

April/May 2011: The City releases report summarizing recommendations for selection of indicators and implementation of data and info tracking systems

April 24, 2012: Richmond City Council Adopts the 2030 General Plan and the Health and Wellness Element

City of Richmond Community Health & Wellness Element Implementation (2005-ongoing)

Building Healthy Communities Initiative: Healthy Richmond Project (2010-2020)

Spring 2009: TCE selects Richmond as BHC project site; convenes a community-wide Steering Committee to manage planning process

July 2009-Nov 2010: Planning phase – Steering

- Committee interviews hundreds of local stakeholders to explore health equity issues related to TCE's 10 outcomes; creates Logic Model focusing on 4 priorities:
 - Families have improved access to a health home that support healthy behaviors
 - Children and their families are safe from violence.
 - School and neighborhood environments support improved health and healthy behaviors.
 - Community health improvements are linked to economic development.

Feb 2011: LISC/Community Housing Development Corp. is chosen to serve as Hub Host

Oct 2011: HUB Steering Committee is convened; comprised of 25-members including community residents, CBOs, faith-based orgs, health systems, and public agencies and institutions

Richmond Health Equity Partnership (Feb 2012-Jan 2014)

May 2012: HiAP subcommittee is convened; led by City of Richmond & Prof. Jason Corburn

June 2012: Health Equity Data, Training, and Report Card subcommittee is convened; led by CCHS

Sept 2012: FSCS subcommittee is convened; led by WCCUSD

Oct 10, 2012: FSCS resolution approved by WCCUSD Board

Fed 2012: TCE approves RHEP work plan. Objective: Develop a collaborative partnership between City of Richmond, Contra Costa Health Services, West Contra Costa Unified School District to advance health equity for children and families in Richmond through the development of a Health in All Policies (HiAP) strategy, Full-Service Community Schools (FSCS) strategy, and a Health Equity Report Card to create a model for duplication in other cities and areas of West Contra Costa County
