

Nat Bates for Mayor

For over 40 years I have been fighting on behalf of Richmond's hard working families. I am proud of the many accomplishments we have achieved; however, in recent years, Richmond has become dysfunctional and in need of stability and decorum. I am running for Mayor to get Richmond back on track. My experience and record of success is what Richmond needs to move forward.

As your Mayor I will deliver good paying jobs, safer neighborhoods and stronger schools. I will continue to invest in the Port and promote job training programs like Richmond Build. Being educated in Richmond Schools; Stege Elementary, Harry Ells Junior High, El Cerrito High School, and Contra Costa College, I am appreciative and remain committed to strengthening our schools for our children.

My success in leadership in solving problems has been through a respectful, collaborative effort with a common sense approach. This style of leadership has earned me the endorsements of the Richmond Police Officers Association, Richmond Latino POA and Richmond Firefighters Local 188, who I will work with closely to build a safer Richmond.

I am proud to have the support of Council of Richmond Industries, Richmond Chamber PAC, Black Men & Women (BMW), Black American Political Action (BAPAC), and Contra Costa County Building & Trades Council.

I am also proud of my record while serving you and would be honored to earn your vote. Thanks and God Bless You. Please visit www.natbatesformayor.com
