

Eduardo Martinez
Retired WCCUSD Teacher

Please elect me to serve the people of Richmond on the City Council. Together, we can continue making a safe, healthy, and thriving Richmond for us all.

For over 25 years, I have been working for and with the people of Richmond to make a better home for ourselves and our children. I taught in local elementary schools for 18 years. I have served on the City Planning Commission, Pt. Molate Citizen Advisory Board, and the Recreation & Parks Commission.

Because I take no money from corporations, you, Richmond's voters, can count on my loyalty to the community.

Richmond is better now. Let's build on that, especially for those who now struggle here.

My vision for Richmond includes:

- New companies that meet our needs and pay a living wage
- Support for small and local businesses from the ground up
- Fully cleaned up toxic industrial sites
- Chevron as a world leader in safety and emissions reduction
- Many new renewable energy projects
- Our shoreline protected
- Walkable neighborhoods and extended trails for bicyclists and hikers
- A growing urban forest, booming urban farms, and careful resource use
- Safety and inclusion for immigrant families
- Renters who won't be priced out as Richmond grows and prospers
- Assistance for families in underwater homes
- Places for us all to learn and play

I am endorsed by Mayor Gayle McLaughlin, Vice Mayor Jovanka Beckles, and Council member Tom Butt.
