

Uche Justin Uwahemu

Elected: Democratic National Committee Delegate

Business Owner/CEO: Cal Bay Consulting Group, LLC

Juris Doctor: Law

Master of Business Administration (MBA): Business Management

Adjunct Professor: Project Management

Board Member: Richmond Workforce Investment Board

Contra Costa County Economic Opportunity Council

Our city council is shrouded with two extreme groups that can't seem to get along. Richmond desperately needs new leadership and direction.

I ask you for your vote and trust.

As mayor, my priorities will be to bring good businesses and jobs to Richmond, improve education by working with the school board to open a technical school, and make our community safer.

I came from a humble beginning and had to work hard to achieve beyond expectations. I understand the challenges we face in Richmond. I have been able to work with the White House to improve our national and local economy. I believe our next mayor should be able to think globally but act locally in order to attract new businesses to Richmond. I am the only candidate for mayor with the background and the trust of the business community.

As your next mayor, you can be assured that I will act in the best interest of the people, not the interest groups.

I have refused to take any money from any interest groups or corporations to finance my campaign. To move Richmond forward, we need a mayor with the energy to do the job!

I will be honored to receive your vote.
