

# DO IT YOURSELF OIL-CHANGERS

Protect our soil, groundwater and the Bay.

Waste engine oil poured onto the ground will pollute the soil and find its way to the groundwater. Oil spilled into the street, on a driveway or down a storm drain will end up in the Bay and damage fish and sealife.

## Dispose of Waste Oils Safely and Properly Don't Pollute

The following establishments in the Richmond area will accept four to eight quarts of used motor and/or transmission oils for recycling and reuse.
