

CERTIFICATION FORM FOR SMOKE ALARMS AND CARBON MONOXIDE ALARMS

Permit number: _____

Property Address is _____ located within the City of Richmond

The currently applicable California Building Codes require that smoke alarms and carbon monoxide alarms be installed in all dwelling units whenever a permit is issued for alterations, repairs, or additions that have a value exceeding \$1,000.00. This form should be used whenever the Building Inspector is not likely to enter the dwelling during final inspection (i.e. roof replacement, siding replacement, retaining walls and similar types of exterior work). The property owner shall provide a fully completed and signed copy of this form to the City of Richmond Building Department certifying that smoke alarms and carbon monoxide alarms are installed in all of the required locations and that they are functioning properly. Provide the fully completed form at the time of final inspection or mail to the address at the bottom of this page prior to the request for final inspection; attention Building Department.

_____ please initial. Smoke alarms that are listed in accordance with UL 217 have been installed according to the manufacturer's instructions inside each sleeping room, outside each separate sleeping area within the immediate vicinity of the sleeping room(s), and at least one on each story of the dwelling including basements and habitable attics. As the owner (or authorized agent), I have tested all the smoke alarms and can verify that they are working properly.

_____ please initial. Carbon Monoxide alarms that are listed as complying with the requirements of UL 2034 and have been installed according to the current addition of NFPA 720 and the manufacturer's installation instructions and are located outside of each separate dwelling unit sleeping area in the immediate vicinity of the bedroom(s) and on every level of the dwelling unit including basements. As the owner (or authorized agent) I have tested all the carbon monoxide alarms and can verify that they are working properly. Carbon Monoxide alarms are required in all dwelling units that have an attached garage or contain fuel burning appliances.

I certify under the penalty of perjury and the laws of the State of California that the foregoing is true and correct.
