

JIM ROGERS

I've changed Richmond as your Councilmember by leading the fight to:

- *hire more and better police
- *put new anticrime outreach workers on the streets (ONS)
- *improve pothole repair

We're all sickened by today's politicians' endless partisan fighting/posturing, but I'm not that guy. Past West County Times editorials: "Rogers has proven he can work with his Council colleagues...Rogers is a man of his convictions...independent...he'll get back to nuts and bolts."

As a Richmond public school parent (Brook, Second Grade), 2018 PTA Vice-President, Councilmember, County Supervisor, I've always put "Kids First":

- *negotiated \$35,000,000 "Richmond Promise" college scholarships, \$90,000,000 Chevron Community Benefits.
- *Saved Our Schools from closing (Kennedy, Grant, Olinda)
- *Eliminated cigarette/alcohol billboards near schools

Like Mayor Tom Butt, I opposed Chevron's 2008 Modernization Project, but supported 2014's Modernization Project, because Chevron made serious, costly concessions on safety, pollution emissions, Greenhouse Gas reductions.

As Chip Johnson (SF Chronicle) noted: "Jim Rogers wrote a 'Good Neighbor' ordinance imposing stiff penalties on local refineries with blemished safety records. Another in Rogers' string of firsts."

At over 1000 Neighborhood Council community meetings, I've changed Richmond, working with you to:

- *Crackdown on street corner drug dealers, crime-ridden liquor stores;
- *Stop bad El Sobrante developments
- *Save Pt. Isabel's dog park;

West County Times editorial: "Among Jim Rogers' accomplishments are eliminating sale of 'Saturday Night Specials', proven record against sprawl development."

I respectfully ask for democracy's most prized possession: your vote.

(Qualifications: UC Berkeley Graduate; Chair, Richmond Antidrug Taskforce; Vice chair, California Common Cause; Eagle Scout
