

My name is Eleanor Thompson, and I am running for City Council.

I have lived in Richmond for 50 years and have dedicated my life to improving our beautiful city.

I am recognized throughout the Richmond community for my youth activism and my passion for fighting crime here. I have worked with the John Swett and the West Contra Costa Unified School Districts, and am the founder of Social Progress Inc, an organization that provides essential services to youth and young adults.

I have faithfully served the Community as a Richmond Police Commissioner, with Anti- Drug Task Force, as President of the Iron Triangle Neighborhood Council, and as president and block captain of my local neighborhood watch.

We need unique approaches for improving education, homeless services, and crime prevention. My involvement in the community has given me invaluable experience to find these unique approaches and implement them effectively.

Your Vote for me on November 6th will be a Vote for Change and a Better Richmond.

Vote Eleanor Thompson for City Council.

A handwritten signature in blue ink, appearing to read "Eleanor Thompson", with a long horizontal flourish extending to the right.
