Eduardo Martinez

I'm asking for your vote to be re-elected to the Richmond City Council where I'm currently serving (2014-2018). Together, we can continue making Richmond safe, healthy, and thriving.

The people of Richmond have been my priority for over 25 years. I'm a retired WCCUSD teacher where I taught in local elementary schools for 18 years. I served on several city commissions before elected to Council. I am part of the progressive movement that has transformed our city over the last 15 years. We are better now. Let's build on our progress to include each and every Richmond family.

I take no money from corporations and Richmond's voters have my full loyalty.
In the council I will continue to vote for:
A living wage and more local employment
Supporting small and local businesses
Defending renters rights and homeowners' rights
Promoting safety and inclusion for immigrant families
Defending public education, programs for the youth, and adult education
Demanding police accountability and transparency
Reducing emissions from the Chevron refinery and other sources
Cleaning up Richmond toxic industrial sites
Improving our streets, parks, bicycle paths, walkable neighborhoods
Expanding renewable energy projects
Protecting our shoreline against bad development
Creating places for us all to learn and play
My doors will always be open, your ideas are important to me.
We are advancing together to a better Richmond because "Once social change begins, it cannot be reversed." (Cesar Chavez)
