

My dream is to fulfill Richmond's potential as an affordable, family-friendly jewel on the Bay. I am a *teacher, attorney, and software engineer*. I bring a proven record of a thoughtful and transparent Richmond Council Member, and the spirit of a tireless volunteer for our youth. My priorities are education, jobs, housing, crime reduction, clean safe parks, cleaner environment, and sound finances.

*Education*—I passed *Richmond Promise* (\$1500 annual college-scholarship for every Richmond student) to inspire our children to achieve their dreams. For 5+ years, I've volunteered as a Writer Coach at Richmond High, and promoted innovative technology to increase parental participation in schools.

*Jobs*—Created a welcoming climate for businesses bringing living wage jobs to Richmond, and revenue to fund services; instead of driving away good employers (Berkeley's Global Campus).

Led coordination between city agencies (Richmond Works, LEAP), unions, and the WCCUSD to recruit residents into excellent Building Trades careers.

*Housing*—I approved construction of hundreds of homes—including 450+ *affordable homes*.

*Safety, Parks, Services*—I am dedicated to safe neighborhoods, clean safe parks, libraries, and community centers. I serve on the Crime Prevention Board, and volunteer with Richmond Trees (we planted over 500 trees).

*Fiscally Responsible*—"By far the smartest and most financially astute" Councilmember (East Bay Times). Passed first balanced budget in many years, prevented potential bankruptcy and drastic service cuts, and restored credit rating.

*Transparency, Accountability*—I will *stop closed door deals like Point Molate*.

VINAY PIMPLÉ FOR A CARING, COMPETENT, AND ETHICAL COUNCIL
