

## **Notification of Sewer Work in Your Neighborhood**

**Dates:** 9/15/21 - 10/15/21

**Work Hours:** 7:00 am to 5:00 pm

**Attention:** Resident / Property Owner / Business Owner

**Location:** Marina Bay Pkwy

**Subject:** Upcoming Sewer System Pipeline Work

Dear Neighborhood Resident and/or Business Owner,

This letter is to serve as notice of upcoming **sewer pipeline rehabilitation work** in your neighborhood. The City of Richmond and Veolia North America has contracted with W.R. Forde & Associates, Inc. on the Marina Bay Parkway Forcemain Relocation Project to reconfigure existing sewer piping within the intersection of Pierson Avenue and Marina Bay Parkway to reduce the potential for sanitary sewer overflows that have occurred within this intersection during severe rainfall events. The forcemain extension on Marina Bay Parkway will be completed using either open trench or direct drilling methods. New gravity piping across the Pierson Avenue intersection will be installed using open trench methods. Sanitary sewer service to homes within the project boundary will be maintained through the course of construction.

The Project was designed by V.W. Housen Associates. W. R. Forde Associates are the General Contractors performing the work. Veolia North American CPM is providing Construction Management. The project is located within the Pierson Street and Marina Bay Parkway intersection and extends approximately 200 feet south on Marina Bay Parkway. In addition, a new manhole will be installed on Regatta Blvd, just east of Marina Bay Parkway. "No Parking" signs will be posted prior to the commencement of the sewer pipeline work along with Notification to Residents 48-hours prior to work being performed. For your protection and in order for work crews to properly and effectively complete the sewer pipeline work, please adhere to these restrictions.

**If you have any project concerns, please contact community outreach/ public information officer Jaqueline Majors at (925) 949-6196 or [jacqueline@jmajorsandassociates.com](mailto:jacqueline@jmajorsandassociates.com); She can be reached to assist with questions, special needs, and all other necessary coordination.**

It is our goal to make this experience as hassle free as possible for your neighborhood and/or business. We thank you in advance for your cooperation and patience as we make these improvements to your neighborhood!

Sincerely,  
Veolia North America &  
W.R. Forde & Associates
