I. RENT PROGRAM ORGANIZATION AND GOALS

Mission Statement

The mission of the Rent Program is to promote neighborhood and community stability, healthy housing, and affordability for Richmond Tenants through the regulating of those Landlord/Tenant matters that reasonably relate to rents and evictions, while maintaining a Landlord’s right to a fair return.

Proposed Fiscal Year 2022-23 Organizational Chart and Labor Summary

The Richmond Rent Program was established following the adoption of the Fair Rent, Just Cause for Eviction, and Homeowner Protection Ordinance (Rent Ordinance) by a majority of Richmond voters in 2016. In accordance with the Rent Ordinance, an Executive Director appointed by a five-member Rent Board comprised of Richmond residents leads the Rent Program.

The following figures illustrate how the proposed staffing plan for the upcoming year compares to prior years. Of particular note is the proposed addition of two new personnel classifications, including that of a General Counsel and a Senior Rent Program Services Analyst, as well as the consolidation of the Public Information and Billing and Registration Units into one combined Public Information and Enrollment Unit (PIE). The rationale for these proposed changes to the organizational chart is described in further detail below. Figure 1 contains the proposed organizational chart for the 2022-23 fiscal year, and Figures 2 and 3 provide a summary of full-time equivalents (FTEs) since Fiscal Year 2020-21.

Proposed Reclassification for a Senior Administrative Analyst

The proposed Fiscal Year 2022-23 budget includes a reclassification from an Assistant Administrative Analyst position to a Senior Administrative Analyst (1 FTE). The reclassification would require approval from both the Personnel Board and City Council. This role will assist with managing the Hearings Unit, provide administrative support to the Executive Director, and the Legal Unit. This role will receive direction from the Executive Director and oversees the petition process for the Hearings Unit. The Senior Administrative Analyst will also take direction from the General Counsel, Hearing Examiner, and Staff Attorney in a supportive capacity, but does not direct, the legal work of the agency. Furthermore, the position will manage and work closely with all phases of the Rent Board, including the coordination of meetings and communications with all Board Members and the public. This proposed change would not increase the overall number of full-time equivalents (FTEs) employed by the agency.

Consolidation of Public Information and Billing and Registration Units

The organizational chart for Fiscal Year 2021-22 includes a “Public Information and Enrollment Unit” that replaces the existing Public Information and Billing and Registration Units. This new organizational structure is anticipated to be advantageous to the agency for the following reasons:

- **Improved compliance with enrollment, registration, and fee payment requirements**
In their conversations with community members, Rent Program Services Analysts (housing counselors) frequently discover rental units that are not in compliance with

the Rent Program in terms of property enrollment, tenancy registration, and fee payment requirements. Coordination between housing counselors and staff who oversee enrollment, registration, and fee payment operations is important, and the new organizational structure will support closer communication and collaboration to ensure that there is follow up after a rental unit found to be noncompliant.

- **Greater efficiency in serving members of the public**
Distinct units can create unnecessary silos. The Rent Program is a relatively small agency and will be better equipped to face surges in demand or unforeseen circumstances if all Public Information and Enrollment Unit staff have a foundational understanding of both the Rent Ordinance and its requirements, as well as internal policies and procedures regarding property enrollment, tenancy registration, and payment of the Rental Housing Fee. Under the previous organizational structure, staff members in the Billing and Registration Unit would not typically assist with preparation for community workshops, and staff in the Public Information Unit may not have been familiar enough with Billing and Registration processes to fully assist community members with a billing issue. The new proposed structure would provide greater flexibility and redundancy among staff roles.

- **Promotes collaboration on large outreach projects**
With 6.75 FTE, the new consolidated Public Information and Enrollment Unit will be the largest unit in the agency and better able to manage completion of large projects, such as mailing the Guide to Rent Control, rent validation reports, and Rental Housing Fee invoices to thousands of Landlords and Tenants. Mass-mailing projects also present opportunities to share information that community members may not otherwise seek out; for example, mailing of Rental Housing Fee invoices to all Landlords is an opportunity to share information about other aspects of the Rent Ordinance.

Progress Towards the Achievement of Fiscal Year 2021-22 Goals

As part of the Fiscal Year 2022-23 Rent Program budget development process, staff members identified a series of goals that the proposed budget would support. As was the case for the greater City of Richmond and the nation as a whole, the Covid-19 pandemic forced a reconsideration of goals and objectives for the 2021-22 fiscal year. Table 1, on the following page, provides a status update on the goals established for the 2021-22 fiscal year and notes the impacts of the Covid-19 pandemic.

Table 1. Progress towards achievement of Fiscal Year 2021-22 Goals

Fiscal Year 2021-22 Goal	Progress Towards Achievement
Develop a training schedule for Rent Program Services Analysts (but accessible to all staff), to ensure housing counselors remain knowledgeable on the requirements of the Rent Ordinance and apprised of any changes to Rent Board Regulations and related State and Federal laws.	Nearly complete. Rent Program Services Analysts received regular and ongoing support and training from the managing Staff Attorney on the Rent Ordinance and related laws and regulations. Senior staff members provided specific trainings on new regulations and processes as needed. Rent Program Services Analysts provided weekly informational sessions to support staff in the Public Information Unit to keep them apprised of changes to the law and current topics of relevance. Rent Program Services Analysts also develops collateral to communicate updates to the community.
Continue to implement the mediation program to provide free formal and informal mediation services to Landlords and Tenants as a means of resolving disputes that have a reasonable nexus to the Rent Ordinance through the assistance of a trained mediator.	Nearly complete, but significantly impacted by the Covid-19 pandemic, work is ongoing. With mediation guidelines and administrative procedures in place, staff members continue to assess the bandwidth of the Public Information Unit to determine how many mediations may be scheduled per month. The Covid-19 pandemic delayed the process of filling vacancies in the Public Information Unit and eliminated the possibility of in-person mediations. The Executive and Deputy Directors facilitated mediations as necessary, but the mediation program has yet to be fully launched.
Continue to develop an online filing system for the submission of Property Enrollment and Tenancy Registration	Progress is ongoing. Online submission of forms and notices has yet to be fully launched; staff members anticipate systems will continue to be developed in the 2022-23 fiscal

forms, as well as the filing of rent increase and termination of tenancy notices on the City's e-TRAKIT website.	year. There is also consideration to upgrade to more a modern system that is suited for Rent Programs.
Publish and distribute the Guide to Rent Control in Richmond and one-page fact sheets on common topics such as Just Cause for Eviction, Owner Move-In evictions, the Ellis Act, and the Relocation Ordinance.	<p>Nearly complete but significantly impacted by the Covid-19 pandemic. The Guide to Rent Control has been completed and is slated to be distributed to Landlords and Tenants concurrent with the mailing of Rent Validation Reports for Fully Covered Rental Units. Landlords and Tenants of partially-covered Rental Units are anticipated to receive the Guide to Rent Control as well, in the absence of a Rent Validation Report. Originally planned to be completed during the 2020-21 fiscal year, the distribution of such materials was significantly delayed by the transition to remote work necessitated by the Covid-19 pandemic. Staff members anticipate completion of this task during the 2021-22 and 2022-23 fiscal year as the severity of the pandemic decreases and restrictions lessen.</p> <p>One-page fact sheets pertaining to Just Cause for Eviction, Owner Move-In evictions, the Ellis Act, and the Relocation Ordinance have been drafted and are in the process of being displayed on the Rent Program website.</p>
Fiscal Year 2021-22 Goal	Progress Towards Achievement
Develop and Execute a Comprehensive Outreach Plan that includes, but is not limited to, continuing to bolster our social media presence, producing informational, infographic, and/or testimonial videos to highlight aspects of the Rent Ordinance and services provided by the Rent Program and expanding outreach efforts to local businesses, schools, non-profits, neighborhood councils, and other community stakeholders.	Progress is ongoing but was significantly impacted by the Covid-19 pandemic. During the 2020-21 fiscal year, the Executive Director, in partnership with Public Information Unit staff members, spearheaded an outreach strategy to conduct site visits and make connections with local businesses, churches, and community centers. While the initiative gained momentum in the preceding fiscal year, progress was severely stunted in Fiscal Year 2021-22 due to the risks of in-person contact remained during the Covid-19 pandemic. Instead, outreach was primarily conducted through the agency's social media accounts, which proved to be an effective means of sharing information. Informational webinars were conducted, comprehensive fact sheets created, podcasts recorded, and instruction videos were produced to be posted to the Rent Program website.
Launch Tenancy Registration Outreach by beginning to mail out Notices of the Maximum Allowable Rent (MAR) (sent to Landlords and Tenants when Tenancy Registration Forms are submitted) and create a database accessible to the public where community members can research the MAR for a particular Rental Unit.	Progress is ongoing due to the limitations of remote work during the Covid-19 pandemic. Over three-fourths of all rent-controlled tenancies have been registered to date; however, thousands of forms still need to be entered into the database. Billing and Registration unit staff developed template forms and continue to work closely with the City's IT department staff to ensure notices can be automatically generated and mailed to Landlords and Tenants to educate them about the Maximum Allowable Rent for their specific unit. Originally planned to be completed during the 2020-21 fiscal year, generating, and mailing of such reports was significantly delayed by the transition to remote work necessitated by the Covid-19 pandemic. Staff members anticipate initiation of this task during the 2021-22 fiscal year as the severity of the pandemic decreases and restrictions lessen. Staff is also considering a new database to transition the registration online.
Continue to improve collection of the Rental Housing Fee (greater than 90% compliance) through investing in effective compliance and outreach projects to ensure that all Rental Units subject to the Rent Ordinance are assessed the Rental Housing Fee and all Landlords who should be paying the Rental Housing Fee receive an invoice and are made aware of their financial obligation to the Rent Program.	On Track to Complete and compliance is ongoing. Revenue is continuously being collected. Total Rental Housing Fee revenue is projected to approach 80% by the close of the fiscal year.

<p>Continue to work collaboratively with other City Departments to improve rental housing inspection options, seismic safety policy, enforcement of the Relocation Ordinance, the Richmond Rapid Response Fund (R3F) Rent Assistance Program for Displacement and Homelessness Prevention, and the collection of other City fees, such as the Business License Tax, Fire Prevention Services Fee, and Rental Inspection Program fee.</p>	<p>Progress is ongoing. Rent Program staff continue to host monthly meetings with the Richmond Police Department, Code Enforcement, Richmond Housing Authority, and Community Development Department to foster open communication about issues pertaining to the Rent Ordinance. In addition to monthly meetings, staff members in the Public Information and Billing and Registration Unit are frequently in communication with the Finance and Community Development Departments to streamline operations and improve customer service provided to community members by facilitating information sharing and identifying opportunities for collaboration. The Finance Department currently updating their systems to invoice and credit fees for Measure U.</p>
<p>Continue to implement the recommendations provided by Kevin Harper CPA and Associates, including monitoring budgeted versus actual expenses and providing quarterly reports to the Rent Board, updating the Board's 10-year financial projection, and proposing budgetary policies for the Board's consideration.</p>	<p>Ongoing. Rent Program staff completes a variance report and compares budgeted revenues and expenditures monthly. The financing is currently in line with the 10-year financial projection. The Program is requesting to purchase an annual subscription to a system that's custom to the Program's needs. The solution will offer functions of CRM, Billing/Invoice, Interaction Log, Registration, and Petition Management.</p>

Proposed Fiscal Year 2022-23 Goals

The proposed Fiscal Year 2022-23 budget has been prepared for the Board's consideration in acknowledgement of the following goals in three broad categories: Program Development, Outreach, and Program Sustainability and Compliance.

PROGRAM DEVELOPMENT:

1. **Continue to invest in staff training and professional development** to ensure staff members are knowledgeable on the requirements of the Rent Ordinance, Rent Board Regulations, and related State and Federal laws.
2. **Continue to develop online services** (e.g., filing system for the submission of Property Enrollment and Tenancy Registration forms, online appointment scheduling system, increasing Zoom counseling sessions, as well as the filing of rent increase and termination of tenancy notices).

OUTREACH:

1. **Increase awareness of the Rent Ordinance** by publicizing and distributing the comprehensive Guide to Rent Control in Richmond and continue to develop online outreach services (e.g., fact sheets, webinars, and podcasts on new pandemic related laws and other common topics such as Just Cause for Eviction, Owner Move-In Evictions, Rent Increases, the Rent Adjustment Petition process, the Ellis Act, and the Relocation Ordinance).
2. **Expand education efforts** through targeted outreach to specific groups, such as (but not limited to) tenants and providers of affordable housing, realtors, monolingual Spanish speaking households, small property owners, and problem properties (those with code violations).
3. **Develop systems to produce Notices of the Maximum Allowable Rent (MAR)** (sent to Landlords and Tenants when Tenancy Registration Forms are submitted), including a database accessible to the public where community members can research the MAR for a particular rental unit.

PROGRAM SUSTAINABILITY AND COMPLIANCE:

1. **Provide highest level of service to the rental community.** To properly administer these services, the Rent Program must continually collect the Rental Housing Fees to support the necessary operations.
2. **Improve and focus on sustainability of the agency.** The success of the Program is tied to the ability to retain, develop, and effectively deploy staff resources in the most effective and efficient manner possible.
3. **Continue to work collaboratively with other City departments to improve rental housing inspection options,** Richmond's Rent Assistance Program, enforcement of the Relocation Ordinance, and the collection of other City fees (e.g., Business License Tax, Fire Prevention Services Fee, and Rental Inspection Program fee).
4. **Continue to develop and refine the Rent Program's database, transitioning from using the City's TRAKiT database, to a new database solution** designed to work specifically for the needs of the Rent Program. A more effective and efficient database will allow for more accurate billing, enhancing the Program's collection rate, and improving the Program's ability to accurately track lawful rents, Hearing's decisions, eviction trends, etc. The anticipated long-term impact should be a decrease in overall long-term staff costs, by reducing the number of positions necessary to perform the work of the agency.

All employees in positions that are eligible for health benefits, whether or not currently enrolled, prefund OPEB. The state prefunds a matching contribution.

³ Miscellaneous benefits refer to the employer portion of CalPERS pension costs for miscellaneous (non-sworn) staff. CalPERS costs are remitted in two parts—one being a percentage of payroll each pay period (object code 400149) and the other being a flat dollar amount per FTE for the unfunded liability (object code 400151). - Consultants to review and analyze Cost Pool Allocation methodology provided by the City. A proper mechanism for charging overhead costs to the Rent Program needs to be established for the administrative support provided by the City of Richmond. The cost of the lease is shared equally among participating entities, while the cost-per-copy is charged to each entity. The cost to the Rent Program is approximately \$666 per month, which includes \$558 for the lease of two machines and approximately \$108 for cost-per-copy charges (\$0.0055 per page for black and white copies; \$0.048 for color.)

COST POOL	
400574 – 400591 General Liability, Admin Charges, Space	Proposed Allocation: \$48,217

The allocation covers General Liability, Administrative Charges, and space at City Hall for the Rent Program.

The Rent Program has been in discussions with the City of Richmond to evaluate the new methodology and accuracy of the allocation that covers General Liability and Administrative Charges. Staff reviewed the allocation for General Liability and Administrative Charges from the Finance (Budget) Department since being advised by the Finance Department that the Cost Pool amounts were anticipated to increase significantly.

The City’s new methodology must align with California law which requires fees charged for any service or regulatory activity must not exceed the reasonable cost of providing the service of the Rent Program.

Rent Program leadership are engaged in on-going discussions with the City Attorney’s, City Manager, Human Resources, and Finance Department regarding the budgeted Cost Pool and Fringe Benefits amounts. Rent Program staff have reached a tentative solution and understanding with the City to hire consultants to review and analyze the Cost Pool Allocation methodology provided by the City. A proper mechanism for charging overhead costs to the Rent Program needs to be established for the administrative support provided by the City of Richmond. The Rent Program and City will mutually solicit a new consultant to prepare a separate joint study to be used for cost allocation between the two parties (Professional Services estimated \$20,000).

- **General Liability and Workers' Compensation** at a total cost of \$0. The City's new methodology must align to Section 50076 of the California Government Code which requires fees charged for any service or regulatory activity must not exceed the reasonable cost of providing the service of the Rent Program. Until this methodology has been researched and validated by consultants hired jointly with the City, no charge will be included in the budget.
- **Administrative Charges (previously referred to as "Indirect Costs")** are allocated to City Departments to reimburse the General Fund for administrative services performed by central service departments (e.g. Information Technology (IT), Human Resources, Finance Department, City Manager, City Attorney, City Clerk, and City Council.) Allocations are determined in the City's Cost Allocation Plan (CAP) which is conducted by an external consultant on a periodic basis. The Rent Program was not included in the most recent Cost Allocation Plan. The City Manager's Office was used as the basis for the original figure in prior years. The new CAP was conducted by NBS, and the latest report dated April 25, 2022, requires further research and validation on the consultant's findings. The City's new methodology must align to Section 50076 of the California Government Code which requires fees charged for any service or regulatory activity must not exceed the reasonable cost of providing the service of the Rent Program. Until this methodology has been researched and validated by consultants hired jointly with the City, no charge will be included in the budget. The cost allocated in the budget is \$0.
- **Civic Center Allocation** refers to the cost of space at 440 Civic Center Plaza. The cost of this space is based on the percentage of total occupied square footage at City Hall. This percentage is then applied to the total annual debt service. Based on the most recent assessment conducted in 2017, the Rent Program is presumed to occupy 0.9% of the total square footage at City Hall. Since the Rent Program's square footage has increased each year since 2017, the budgeted allocation has increased accordingly. The City anticipates conducting a new assessment in the near future, and as such, the cost of these charges may increase or decrease depending on their findings. The cost allocated in the budget is \$48,217.

III. EXPENSE AND REVENUE PROJECTIONS

Overview

In accordance with the Rent Ordinance, the Rent Program’s budget is funded by a Residential Rental Housing Fee, paid by all Richmond Landlords. Table 2, below, contains a summary of funds expended and collected for departmental operations since the Program’s establishment in 2017. Collection efforts for all assessed fees are ongoing. In 2019, the Rent Board entered into a contract with a collection services agency to recover unpaid fees. To date, the agency has collected approximately \$50,000 in outstanding fee revenue. This figure is expected to grow as collection efforts continue.

10-Year Financial Projection

A ten-year financial projection of revenue, expenses, and reserves is contained in Appendix B of this report. The projected Rental Housing Fee collection rate for the 2021-22 fiscal year is expected to be above 80 percent. There may be a slight decrease in the collection rate from prior years primarily attributable to the challenges posed by the Covid-19 pandemic. Not only have many property owners experienced financial hardship because of the effects of the pandemic, but the Rent Program and City of Richmond’s ability to collect revenue has also been negatively impacted by the shift to remote work, which has significantly reduced staff time in the office and eliminated the possibility for property owners to pay the Rental Housing Fee in person at City Hall.

⁴ Includes revenue collected by the collection agency.

⁵ Includes the FY 2016-17 Rental Housing Fee (December 2016 – June 2017)

⁶ Includes revenue collected in FY 2017-18 for both the FY 2016-17 and FY 2017-18 fees.

⁷ Represents projected total expenses through the end of FY 2021-22.

⁸ Represents projected total revenues through the end of FY 2021-22, excluding interest.

⁹ Represents a collection rate based on projected expenses and revenues through the end of FY 2021-22.

IV. FISCAL YEAR 2022-23 RENTAL HOUSING FEE STUDY

Introduction and Background

Section 11.100.060(l)(1) of the Rent Ordinance provides all Landlords shall pay a Residential Rental Housing Fee to fund the Rent Program budget. The amount of the Rental Housing Fee is established annually by the Richmond Rent Board and approved by the City Council.

Under Section 50076 of the California Government Code, fees charged for any service or regulatory activity must not exceed the reasonable cost of providing the service. Those fees must be approved by the City Council, as the legislative body, in public session.

The fee study is designed to allow the Rent Program to recover costs of all budgeted operations, including, but not limited to:

- Personnel costs of staff, benefits, and overtime;
- Risk management of general and supplemental liability insurance;
- Charges allocated to City Departments to reimburse the General Fund for administrative services by central service departments (i.e. City Council, City Manager, City Attorney, City Clerk, Finance, HR, etc.);
- Information Technology (IT) expenses associated with a property and rent-tracking database and maintenance of computer hardware and software;
- Legal costs to support enforcement and defense of legal challenges to the Rent Ordinance;
- Costs of education and outreach, including the printing and distribution of print materials and hosting of community workshops and seminars;
- Contracts for translation and other professional services;
- An operating reserve to fund unanticipated costs and variations in collection of the Rental Housing Fee.

Structure of the Rental Housing Fee

Consistent with direction from the Rent Board in 2017, its first year of existence, the Fiscal Year 2016-17 and FY 2017-18 Rental Housing Fees were established as “flat fees,” applicable to all units regardless of partial or full applicability under the Rent Ordinance. This approach was utilized during the first 1.5 years of program startup since the tasks and associated benefits of the agency’s startup were reasonably shared among Rental Units regardless of status.

For the 2018-19 Fiscal Year, the Rent Board adopted a tiered fee, much like that contemplated in the [2017 Fee Study](#) prepared by Management Partners. Under this approach, costs of program administration are allocated among three components or layers: a general “program” layer (calculated at 55% of costs), a “just cause” layer (20% of total costs), and a “rent control” layer (25% of costs). Such allocations correspond with the

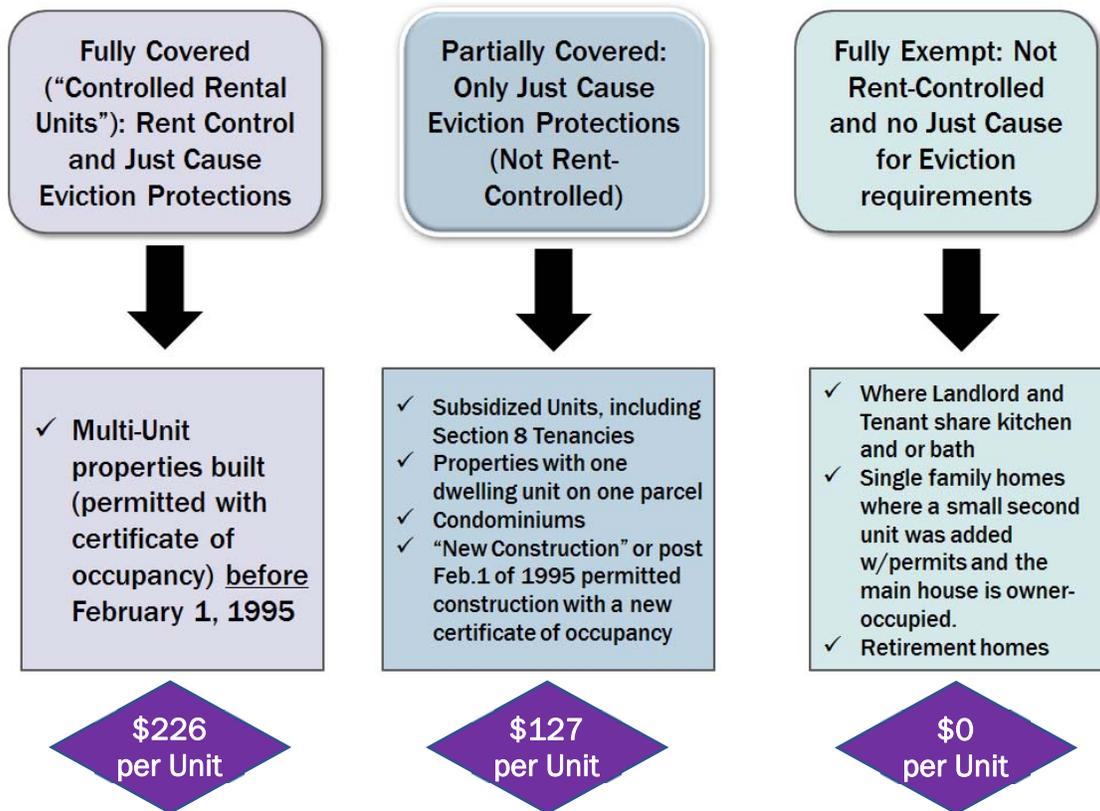

amount of resources spent administering each component of the program. Staff members recommend the Board continue to utilize a tiered-fee approach in its determination of the Fiscal Year 2022-23 Rental Housing Fee to ensure the requirements of Section 50076 of the California Government Code are met. The figure on the following page illustrates this concept and identifies key example tasks associated with each program component. This list is not exhaustive; the tasks below are identified for illustrative purposes only.

Figure 2. Fee Layers and Associated Tasks

Program Layer (55%)
<ul style="list-style-type: none"> • Agency administration and management • Legal defense of the Rent Ordinance and agency policies • Preparing studies, regulations, and reports as directed by the Rent Board • Database development and maintenance • Billing and collection of the Rental Housing Fee • Website maintenance • Development of informational materials • Interdepartmental coordination
Just Cause for Eviction Layer (20%)
<ul style="list-style-type: none"> • Public education and outreach (includes counseling on evictions) • Legal services referrals to community services agencies • Administration of Relocation Ordinance • Administration of eviction-related complaints • Evictions intervention mediations (payment plan agreements and mediations to avoid breach of lease/nuisance etc.) • Processing of termination of tenancy notices and development of templates
Rent Control Layer (25%)
<ul style="list-style-type: none"> • Public education and outreach (includes counseling) • Legal services referrals to community services agencies • Administration of petition and hearings to adjudicate Rent Adjustment Petitions and Excess Rent Complaints • Rent Registration and tracking of the Maximum Allowable Rent • Processing of rent increase notices and courtesy compliance letters

The amount of the Rental Housing Fee applicable to a particular Rental Unit depends on its status. Units applicable to the Just Cause for Eviction requirements but exempt from the Rent Control provisions of the Ordinance (such as properties with only one dwelling unit on the parcel, governmentally subsidized units, condominiums, and permitted units built after February 1, 1995), are responsible for payment of Program and Just Cause for Eviction layers. Units subject to the Just Cause for Eviction and Rent Control provisions of the Rent Ordinance would be responsible for payment of all three layers. Units that are fully exempt from the Rent Ordinance are not responsible for payment of the Rental Housing Fee. Figure 3, below, identifies the types of units within each of these categories and the proposed fee.

Figure 3. Proposed Fees Applicable to Fully Covered, Partially Covered, and Fully Exempt Rental Units

Applicable Unit Counts and Database Development

The number of applicable Rental Units within each category is a critical input in the calculation of the Rental Housing Fees for partially and Fully Covered units. The Fiscal Year 2016-17 and 2017-18 Fee Study utilized data provided by the Contra Costa County Assessor's Office to identify suspected Rental Units. While County Assessor data may be used to arrive at an estimated number of total Rental Units, it cannot produce an exact figure. Nevertheless, County Assessor data was the best and most readily available data at the time of the Fiscal Year 2016-17 and 2017-18 Fee Study.

Since the first iteration of the Rental Housing Fee Study in Fiscal Year 2017-18, staff have continued to refine the database of Rental Units in the City of Richmond, most notably through the completion of an exemption verification project of single-family homes in the City to accurately identify units that are truly rented. This project involved mailing an introductory letter and policy information to all single-family homes and condominiums possessing one of the following characteristics in the County Assessor database:

(1) No Homeowner's Tax Exemption was claimed

(2) The site address of the property did not match the owner on record's mailing address

Approximately 15,500 properties met the above criteria. To confirm applicability under the Rent Ordinance, Rent Program staff members mailed information about the requirements of the Rent Ordinance to all the owners of properties that met the criteria above. Owners of

properties in the City of Richmond that did not contain any Rental Units (for example, owners of condominiums that are owner-occupied) were required to complete and submit a Declaration of Owner Occupancy and/or Exemption form and submit documentation to allow staff members to approve the exemption. Rent Program staff members received and processed approximately 1,731 Declaration of Owner Occupation and/or Exemption forms.

Additional sources of data, including the identification of Rental Units not identified in the previous fee study, include:

- Rental Units enrolled in the Rent Program online at www.richmondrent.org/enroll
- Rental Units identified by the Rental Inspection Program
- Rental Units participating in the Section 8 Housing Choice Voucher Program
- Rental Units with an active business license
- Rental Units in subsidized housing developments, such as those built with Low Income Housing Tax Credits (LIHTC), based on the [inventory of deed-restricted affordable housing](#) prepared by Rent Program staff members in 2017
- Unknown Rental Units identified through Tenant inquiries and other sources to the Rent Program

Since the adoption of last year's Rental Housing Fee, staff members have continued to refine the database of Rental Units through processing of Property Enrollment and Owner Declaration forms. These processes have further unveiled suspected Rental Units that are not truly rented, decreasing the total number of applicable Rental Units among which the Rent Program budget is divided to calculate the Rental Housing Fee. For example, the processing of Property Enrollment forms has unearthed many multifamily properties where an owner may occupy one unit. In such case, the status of a unit would be changed from "Compliant" or "Noncompliant" [Partially or Fully Covered Rental Unit] to "Owner Occupied." The table on the following page summarizes these changes as of February 2021. In total, records indicate that the Rent Program is aware of 18,150 Rental Units applicable to the Rent Ordinance.

According to the 2019 American Community Survey (Table DP04), the number of renter-occupied housing units in Richmond is reported as 20,467 units, with a margin of error of 1,767. The American Community Survey is a sample, not a complete count, which is why the margin of error is reported. This means that there is estimated to be between 18,700 and 22,234 renter-occupied housing units in Richmond. **This data suggests that there could be at least one thousand Rental Units absent from the Rent Program's database.** Rent Program staff are committed to dedicating resources to compliance and outreach projects to ensure that all Rental Units subject to the Rent Ordinance are assessed the Rental Housing Fee and all Landlords who should be paying the Rental Housing Fee receive an invoice and are made aware of their financial obligation to the Rent Program.

¹⁵ Governmentally Subsidized Rental Units are not segregated from partially covered units. The only year in which that occurred was FY 18'-19'. As the same level of services are offered for both types of Rental Units, they are charged the same Fee.

Table 6 compiled by the Richmond Rent Program on this page compares the proposed Rental Housing Fee to fees in other jurisdictions with rent programs in the state of California. This table calculates a per unit cost of administration, revealing that of California's actively enforced programs. Richmond's proposed fees are comparable to the peer jurisdictions with actively enforced rent programs, it is important to consider that Richmond's average rental rates are also less than those in peer rent control jurisdictions.

¹⁶ Source: RentCafe: The average apartment per square footage varies greatly depending on unit type, with less expensive and luxury alternatives for houses and apartments alike. Studio apartments are the smallest and most affordable, 1-bedroom apartments are closer to the average, while 2-bedroom apartments, and 3-bedroom apartments offer more square footage. Zillow Rent Index (ZRI) was used as the source in prior year.

¹⁷ Pass-through only applies to tenancies that began prior to January 1, 1999.

¹⁸ West Hollywood's Rent Program receives support from the City's General Fund, and the \$144 fee allows the program to recover 65% of total costs. The program would need to collect \$221 per unit to recover 100% of costs.

Conclusion and Recommended Actions

The revised 2022-23 budget will support the overarching goal of the Rent Program; that is, to continue to develop as an actively enforced program that equips community members with an understanding of their rights and responsibilities under the Rent Ordinance. The Fiscal Year 2022-23 Fee Study will allow the agency to recover costs of all budgeted operations and does not necessitate changing the amount of the Rental Housing Fee.

The recommendations put forth by staff for consideration by the Rent Board are as follows:

- Adopt the proposed Fiscal Year 2022-23 Budget to provide the support necessary for continued development of all Rent Program operations.
- Receive and approve the Revised Fiscal Year 2022-23 Rental Housing Fee Study.
- Direct staff to prepare a resolution, consistent with the Rent Board's approved Fee Study and Budget, recommending to the City Council adoption of a two-tier fee structure for Fiscal Year 2022-23 of \$226 for Fully Covered Rental Units and \$127 for Partially Covered Rental Units.
