EZ Scan
Your New Eligibility Checker

P&A GROUP EST. 1975

EZ Scan is the latest enhancement to our mobile app. Use EZ Scan right at the point-of-service to scan products' barcode and determine their eligibility. If a product is eligible, EZ Scan will show "eligible" when you scan the barcode. If a product is "not found," the item is not currently on the SIGIS eligible product list. You may need to contact your provider for assistance.
