SB 1383 Estrategia de reducción de contaminantes climáticos de corta vida

- CalRecycle.CA.gov/Organics/SLCP

The Chinese National Sword

Historically, most of California's plastics and paper have been recycled in China.

In 2018, the Chinese National Sword policy was implemented, and solid waste imports into China, particularly plastic and other recyclable materials were restricted, with the aim of combating pollution.

The policy has a strict standard of accepting **no more than 0.5% contamination** on imported recyclables.

Environmental Impact

Despite rigorous recycling efforts, plastics still migrate into our environment and pose great harm to wildlife and to human health.

As of 2024, there is an estimated **358 trillion** pieces of micro and macro plastic in our ocean. Experts estimate that **14 million tons** of plastic enter the oceans annually.

On average, humans consume about a **credit card (5 grams) worth of plastic a week**. The long-term effects of plastic consumption on human health are still not fully understood.

Household Hazardous Waste Facility (HHW)

Instalación de Residuos Peligrosos Domésticos (HHW)

(HHW por sus siglas en Ingles)

Curbside Clean-up

Limpiezas en la acera

Use it or Lose it!
¡Úsalo o piérdelo!

Each calendar year, residents are allowed two on-call curbside clean-ups.
Cada año natural (del 1 de enero al 31 de diciembre), los residentes se les permiten dos limpiezas en la acera bajo solicitud.

- 1) Bulky item clean up
Recogida de artículos grandes
- 2) 15 bag clean up
Limpieza de 15 bolsas

NO commercial-sized appliances, household hazardous waste, toxic, infectious, explosive, construction, or demolition waste!

¡NO electrodomésticos de tamaño comercial, residuos domésticos peligrosos, tóxicos, infecciosos, explosivos, de construcción o demolición!

Please call **510.262.7100** for more information or to schedule a pick-up today!
¡Llame al 510.262.7100 para mas información o para programar una recogida hoy!

Compostable & Non-compostable Holiday Tree Disposal Options

Opciones de Eliminación de Árboles Navideños Compostables y No Compostables

1. Curbside Collection: Cut your natural, un-flocked, and un-decorated holiday tree to fit in your organics cart. Trees must be 6 feet or less in diameter and cut into 3-foot lengths.

Recolección en la Acera: corte su árbol natural sin escarcha y decoraciones de tal tamaño que pueda caber en el bote de desecho verde. Los árboles deben ser de 6 pies o menos de diámetro y cortados a 3 pies de largo.

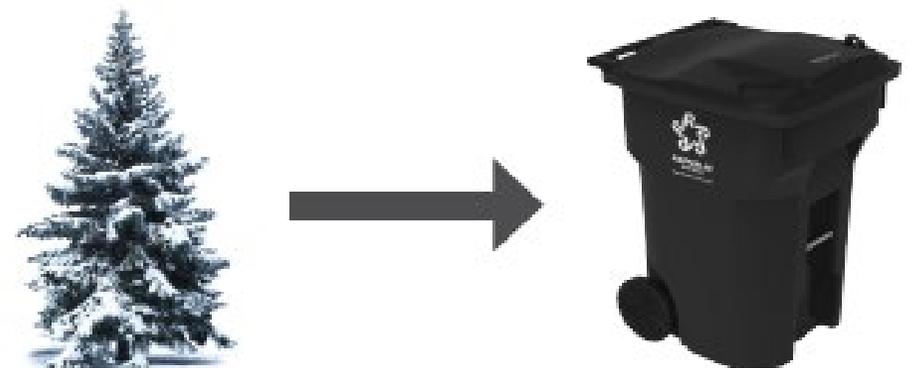

Natural trees go in your organic waste cart

Los árboles naturales van en tu contenedor de residuos orgánicos

Artificial trees go in your trash cart

Los árboles artificiales van en tu contenedor de basura

Compostable & Non-compostable Holiday Tree Disposal Options

Opciones de Eliminación de Árboles Navideños Compostables y No Compostables

2. On-Call Bulk Pickup: If you have not already used your allocated On-Call Curbside Bulky Item Cleanup(s), call our Customer Service office to arrange for a no-cost curbside pickup. Trees more than 6 feet tall must be cut in half.

Recogido de Objetos Voluminosos por Llamada: *Si aún no ha usado su día designado de la Llamada de Limpieza de Objetos Voluminosos, llame a nuestra oficina de Servicio al Cliente para programar una recolección sin costo. Los árboles de 6 pies de altura deben ser cortados por la mitad.*

3. “For Fee” Curbside Collection: If your tree doesn’t fit in your curbside cart, call our Customer Service team to arrange “for fee” curbside collection. Please call **510.262.7100** - pickups must be scheduled in advance.

Recolección en la Acera por una Tarifa

*Si su árbol no cabe en su carrito de la acera, llame a nuestro equipo de Servicio al Cliente para programar la recogida en la acera "por una tarifa". Llame al **510.262.7100**; las recogidas deben programarse con anticipación.*

Compostable & Non-compostable Holiday Tree Disposal Options

Opciones de Eliminación de Árboles Navideños Compostables y No Compostables

Contact us at **510.262.7100** to learn more.
*Llámenos al **510.262.7100** para obtener más información.*

4. Self-Haul (Drop-off): Republic Services customers can take trees to **Golden Bear Transfer Station** at **1 Parr Blvd. Richmond**, with proof of residency through the first weekend in Feb, at additional no cost for compostable trees. Disposal fees apply for non-compostable trees or no proof of residency (approx. \$13 – subject to change).

De Transporte Propio (Lleve su Árbol) : Los clientes de Republic Services pueden llevar árboles a la estación de transferencia **Golden Bear** en **1 Parr Blvd. Richmond**, con prueba de residencia hasta el primer fin de semana de febrero, sin costo adicional para árboles compostables. Se aplican tarifas de eliminación para árboles no compostables o sin prueba de residencia (aprox. \$13 – sujeto a cambios).

5. Donate to Local Organizations: In addition to the above services, some local charitable organizations in Richmond collect holiday trees in exchange for a donation.

Donar a las Organizaciones Locales: Además de los servicios mencionados, algunas organizaciones benéficas locales en Richmond recolectan los árboles de Navidad a cambio de una donación.

Thank you!

¡Gracias!

Richmond Food Ware Ordinance

Ordenanza de Utensilios para Alimentos de Richmond

Municipal Code (Código Municipal) 9.17

Best Option

Reusable

FAQ's

WHAT IS THE RICHMOND FOOD WARE ORDINANCE?

The ordinance helps keep polystyrene foam and small plastics out of streets, storm drains, and bodies of water. It aligns with Richmond's Climate Action Plan goal to reduce waste and support recycling and composting efforts.

CAN I PUT COMPOSTABLE FIBER IN MY GREEN BIN?

Yes - Since 2010 Richmond residents and businesses have had the option to subscribe to organic waste collection services. This reduces garbage cost and produces sustainable compost!

IS COMPOSTABLE PLASTIC FOOD WARE COMPLIANT?

Yes - If the item complies with the Food Ware Ordinance's definition of "compostable." **However, they are not allowed in compost bins and straws or stirrers of any type of plastic are not permitted.** Please review the ordinance for more information.

IS RECYCLABLE PLASTIC FOOD WARE COMPLIANT?

Yes - If the item complies with the Food Ware Ordinance's definition of "recyclable." **However, they are not allowed in compost bins and straws or stirrers of any type of plastic are not permitted.** Please review the ordinance for more information.

ARE THERE ANY EXEMPTIONS TO THE ORDINANCE?

Yes - Please review the ordinance for more information.

DO THE ALTERNATIVES COST MORE THAN STYROFOAM™ OR PLASTIC?

Often, yes - Styrofoam™ is the cheapest, but causes environmental impacts. Existing paper and recyclable food ware products can be similar in price. A food provider may charge customers a "take-out fee" to cover the extra cost.

To read the full [Food Ware Ordinance \(RMC 9.17\)](#) visit, www.richmondenvironment.org

FOOD WARE ORDINANCE GUIDE

City Manager's Office
450 Civic Center Plaza, 3rd Floor
Monday-Friday, 8:30 am to 5:00 pm
(510) 620-5407

Environmental Impact

Food ware such as straws, utensils, and cups, that are not reusable or fiber-compostable create tons of avoidable trash. It negatively impacts our natural and marine environment both locally and globally.

plastic straws are used in the U.S. every day.

of seabirds have been found with plastic in their stomachs.

It is estimated that by 2050 there will be more plastic in the ocean than fish.

Source: National Geographic, 2017

ACCEPTABLE FOOD WARE OPTIONS

Acceptable Food Ware Materials:

- Reusable (metal, glass, ceramic)
- Paper or plant fiber (sugarcane, bamboo, rice)
- Composed entirely of aluminum
- Pasta
- Wood
- Recyclable or compostable plastic (Except for straws and stirrers)

DEFINITIONS

Compostable: Any product capable of composting and labeled in accordance with California Law, or is consistent with American Society for Testing and Materials (ASTM) international standards D6400 and D6868 for compostable plastics.

Disposable Food Ware: Bowls, plates, trays, cartons, cups, lids, utensils, or other items designed for one-time use for prepared foods.

COMPLIANCE

The ordinance is applicable to all food providers and retail establishments including but not limited to:

- Restaurants, bars, cafes
- Food vendors and cafeterias
- Shops, hardware stores, department stores

WHAT ARE THE RULES?

Current Rules:

- Retail establishments and food providers are not allowed to sell, rent, or use products made entirely or mostly of polystyrene foam (Styrofoam), plastic stirrers, and plastic straws.
- Requires all food providers to use recyclable, compostable or reusable food ware. Allows food providers to charge a "take-out fee" to customers.

Business that do not comply with the Food Ware Ordinance are subject to an Administrative Citation.

State Laws:

- California Assembly Bill (AB) 1884 bans the sale and use of plastic straws and stirrers in retail, food, and lodging establishments. Non-plastic alternatives can be provided only if the customer requests them.
- California Assembly Bill (AB) 1276 was created as an extension of AB 1884, mandating all food retailers and platforms to provide single-use food ware accessories and condiments only upon request, excluding drive-throughs.
