(See General Conditions)</b></p> <p><b><u>Please draw below or attach a site plan for the proposed work:</u></b></p> <p style="text-align: center; font-size: 2em; opacity: 0.5;">SITE PLAN FOR PROPOSED WORK</p> <div style="text-align: center;"> </div>

## GENERAL CONDITIONS

1. Street Cut Prohibition: Additional requirements may apply for Prohibition Streets. If proposed work involved street excavation, the Applicant must check and indicate if the excavation is within any Prohibition Street. A list of current Prohibition Streets is available on our website at [www.ci.richmond.ca.us/index.aspx?NID=2534](http://www.ci.richmond.ca.us/index.aspx?NID=2534).
2. Marina Bay Deed Restricted Areas: Additional requirements may apply for work conducted within the nine (9) Marina Bay Deed Restricted Areas. If proposed work is conducted within the boundaries of the deed restricted properties, Applicant is to check Deed Restriction and Operation and Maintenance Plan for specific deed restricted area condition of compliance (e.g. Notification of DTSC). A map showing the locations and boundaries of these 9 areas is available on our website at [www.ci.richmond.ca.us/index.aspx?NID=2752&ART=7571&ADMIN=1](http://www.ci.richmond.ca.us/index.aspx?NID=2752&ART=7571&ADMIN=1).
3. Work shall be done in accordance with the City of Richmond Standard Plans and specifications.
4. This Permit, or a complete copy, shall be kept at the work site at all times while work is being performed.
5. The Permittee shall repair or replace at the discretion of the City Engineer, any and all public facilities damaged as a result of Permittee's actions in connection with this permit, and shall guarantee repairs or replacements to all work done under this permit, as deemed necessary by the City Engineer, for a period of one year after completion of said work. For concrete and utility trench Works, see Standard Specifications for Concrete Work and Standard Specification for Utility Trench.
6. Permittee shall comply with all Federal, State and Local laws, regulations and statutes applicable to the work being performed under this permit. This also includes compliance with the requirements and permit conditions of the State of California, Division of Industrial Safety.
7. **"No Parking" signs must be installed 24 hours in advance.**
8. Traffic and pedestrian access control must be in place prior to start of work. No traffic cones are to be left overnight. Barricades with flashers are to be used. Traffic Control plan shall be in accordance with latest California Manual of Uniform Traffic Control Devices (CA MUTCD) and Pedestrian access plan shall be in accordance with the latest ADA requirements.
9. Traffic shall be permitted to pass through the work area at all times. Complete street closures must be approved by the City Department Head/ Engineer.
10. The Permittee shall not work on Saturdays, Sundays, City of Richmond holidays nor between the hours of 5:00 p.m. and 8:00 a.m. without the written permission of the City Department Head/ Engineer.
11. Driveways (business, apartments, homes, side streets) must not be closed but are to have access at all times.
12. **Except in an emergency, street cut permits shall be obtained in advance for excavation work. An emergency is considered to exist only when life or property is endangered or when an essential utility service is or may be interrupted during weekends, holidays, or between 5 p.m. and 8 a.m. of normal working days.**
13. In the event of an emergency excavation work, the Applicant shall notify the City of Richmond and apply for a street cut permit for "emergency work" within four (4) hours after the City of Richmond's office opens.
14. All excavation shall be backfilled and paved either temporarily or permanently at the end of each work day or covered with steel traffic plates held securely in place and flush mounted with a non-skip surface.
15. Use and install Best Management Practices (BMP) to comply with the City of Richmond Stormwater Management Discharge and Control Ordinance. Construction activities, including trenching and pavement repair work will be limited when rain is forecast within five days. Supply a recovery system for saw cut waste and sweep all streets daily.
16. Report all utility line breaks to the appropriate utility company immediately and notify the City of Richmond Engineering & Capital Improvement Projects Department at (510) 307-8091.
17. The Applicant shall designate in writing before starting work, an authorized English speaking representative who shall have the authority to represent and act for the Applicant. Failure of the authorized representative to be present at the jobsite at all times when work is in progress will be considered as failure on the part of the Applicant to provide adequate supervision and work will be suspended until a representative is present.
18. Construction activity shall be conducted in such a manner that the maximum sound levels at affected properties shall not exceed per Municipal Code Chapters 9.52 – Community Noise Ordinance and 15.04.840 – Performance Standards.
19. All utility markings and construction signs shall be removed upon completion of the project.
